## Greedy Guts

Never before have I lived in a time  
 where I was ruled by such mean men  
 mired in their cold hearts  
 out for what they can get and calling it "faith."  
 I am living in a country gone awry.  
 With an aggressive, self serving bully  
 acting out the reactions of a coward  
 who cries "fear" at every opportunity.  
 to cover his greed.

## What to do ?

Would Muslims love me less, maybe more,  
 if I sat and talked? We'd say,  
 "We're brothers, if memory serves us well,  
 history tells us that in the north,  
 corn fed our empire building."

If the roles were reversed  
 and the world ran on vegan-oil  
 And the heat from the soil  
 grew crops in the sand.  
 We might see the Arab point of view.  
 If we saw things another way:  
 If Arabia was arable  
 and their military invaded Iowa,  
 if they invaded us for instance.  
 Think a bit. Truth is, the Saudis did.

But King George the kidder  
 To avoid complicity with his Saudi handler  
 blew off world sympathy with a bush fire  
 took the wrong road on the war-path to Ur.

Now where are we? What do we see?  
 Up to his elbows. No spies  
 We see a weak man wallowing in his lies.

Make him squirm  
 Make him one-term.  
 With a hearty push  
 Lets fire the Bush !

## Universal Life Constitution

For all who have been here, and gone beyond,  
 for all yet to be, with new mysteries to come,  
 for all alive on this world who are fond  
 of visionary thoughts, great and noble,  
 we hold these ideas to be our bond.  
 In these ideas we find there are some  
 that are high, yet easily attainable.

That all beings are created Equal to the hilt,  
 are endowed with sweet Life and Liberties,  
 with screaming yab-dab Happiness, is for sure:  
 We're free to imagine worth in a god's eyes  
 to see rulers as a tool, with governors built  
 by us, the people, in harmony with nature.

Free to see that the role of these rulers  
 is to further the common good,  
 To enable all the people to live in peace  
 To realize our divine potential  
 Living in harmony with our nabes  
 and the whole world around us.

## The Traitor in the White House

All these goings on are about protecting the Bush family name and their ass – their Saudi assets, with the binLadens no less.

So Kiddy Bush avoids discovery of his plot with a diversion in Saddam's sand lot.

( Family support of al-Qaeda being such a worrisome problem. )

That right, there's the shadowy reason for his despicable treason.

A plot which, conveniently, also wasn't found because Daddy Bush didn't want it to sound like love with al-Qaeda, so put his relationship off limits to the FBI until the day after the New York hit.

By hitting back at Iraq they both stood to profit from not attacking the Saudis, who now own their very own, USA.

"To show em who's boss," says George the elder speaking Bushspeak to his son, "Since we can't hit the Saudis, let's hit bad boy Iraqies insteady and make a point to the Baudies\*."

( \*Wry joke explanation: BinLaden Inc. is also known as the Baud company )

## Bushes and Co.

That was a Saudi Attack on New York's skyline to tell Bush who's boss. Bush couldn't hit the Bauds, For a bush is on the board and the Bushes would be seen as not just liars and cheats but self serving thieves – a family of war profiteers who stole the US Army and the lives of our guys for venal self interest.

## binLaden Blues

The Baud Bush Company is in collusion with the enemy. Collusion sure is a dirty word. Backed up by a Saudi sword the blackmailing of Bush for his investment in plots by the Saudis' maybe fine but I say give me some of mine.

## Whim away

High o'er the fence leapt Sonny George nothing but truth could conquer him. Well, there is this big firm, far away in Canada that sells the facts they forge, with his Daddy on this Choicepoint board, and deep down in their records going back, truth to tell, they know your every whim. It was them that cut off fifty seven thousand voters in Florida, half of whom were black to get their Sonny Georgie in.

## Digital Dig it all

The net's an army store and the web of their spies is a warning of war. Get used to their eyes if you use them be wise for the spy wants his fright to be kept out of sight.

## Democracy

The will of the people, as always, prevails. When we win at the poll our numbers tell tales!

"We have nothing to fear but fear itself."

From FDR's first inaugural address, the full quote is in the fifth sentence: "So, first of all, let me assert my firm belief that the only thing we have to fear is fear itself – nameless, unreasoning, unjustified terror which paralyzes needed efforts to convert retreat into advance." He was referring to The Great Depression; President Roosevelt was calling for a little

## irrational exuberance.

Check out Greg Palast on KUSF Sat 3 to 8 am, or at [WWW.GregPalast.com](http://WWW.GregPalast.com) In earlier editions of the Waterfallian we asked why was Bush in Iraq? Greg Palast gives a good a reason, money. Money for for the Mr & Mrs Bushes and their associates – it's a family thing, they invested in a Saudi backed el-Qaeda in Afghanistan – back in the days when the USSR was in Kabul. That is the essential blackmail trail to fuel Bush's war in Iraq.

We were fifteen days at sea when we struck a Christmas tree and we fell down the plug-hole in the dark. What did we do, what did we do? We did the do sir, we did the do.
