## A word about your Voter's Pamphlet

This is Volume One of your two-part San Francisco Voter Information Pamphlet. There is just too much material to print in one volume; it is physically impossible for most printers to produce a single volume nearly 200 pages long. We have, therefore, selected Propositions A and N and placed them in Volume One.

Propositions A and N were selected for inclusion in the first volume because they are the two longest propositions, because they have generated the most voter interest and because, in the opinion of most political observers, they are the two most important propositions (that's not to say that the other propositions aren't important—they are!).

More importantly, Propositions A and N are, in a way, tied together: Part of Proposition A (the new Charter) provides that whatever method of electing Supervisors is in effect at the end of this year is the system that will be incorporated into the new Charter. Thus, if Proposition N passes, the system of *District Election of Supervisors* will become part of the new Charter; if Proposition N fails, the system of *At-Large Election of Supervisors* will become part of the new Charter. On the other hand, if Proposition A (the new Charter) loses, then either the District system (Yes on N) or the At-Large system (No on N) will become part of the present Charter.

Unlike Proposition N, the Charter Amendment propositions in Volume Two of your pamphlet (Props B, C, D, etc.), are strictly amendments to the present Charter and will not take effect if Proposition A passes.

Also in Volume Two of your pamphlet, you will be asked to choose eleven (11) candidates for at-large Supervisor. Regardless of your position on Proposition N, you should vote for up to 11 candidates for Supervisor. It should be pointed out, however, that if Proposition N passes, the office of at-large Supervisor will be abolished and the present incumbent district Supervisors will finish out the balance of their terms.

Please don't be confused by the interrelationship between all these ballot issues. This situation is called *double jointing* and is a common practice in our state legislature but is new to us voters. Just remember this: **Decide each issue separately.** Vote "Yes" or "No" on the new Charter; vote "Yes" or "No" on district elections; vote "Yes" or "No" on each one of the other ballot propositions and choose up to eleven candidates for Supervisor. Be aware of, but don't be overly concerned about what happens to one proposition if another one passes or fails.

If you're still confused, call me during the day at 558-3417.

Acting Registrar of Voters

# YOUR RIGHTS AS A VOTER

By Ballot Simplification Committee

**Q—Who can vote?**

**A—**You can vote at this election only if you registered to vote by October 6, 1980.

**Q—Who can register to vote?**

**A—**You can register to vote if you:

- are at least 18 years of age on election day
- are a citizen of the United States.
- are a resident of California, and
- are not imprisoned or on parole for the conviction of a felony.

**Q—How do I register?**

**A—**Phone the Registrar of Voters at 558-3417

**Q—Do I have to belong to a political party?**

**A—**Only if you want to. If you don't want to tell what political party you consider yours, you can say "Independent" or "I don't want to tell."

**Q—If I don't tell my political party when I sign up, can I still vote in every election?**

**A—**Yes. The only thing you cannot vote on is which candidate will be a political party's choice in a primary election.

Example: Only people who sign up as Republicans can vote in the primary election for who will be the Republican candidate. Primary elections are held in June of even-numbered years.

**Q—If I have picked a party, can I change it later?**

**A—**Yes, but you must go and sign up again.

**Q—Once I have signed up, do I have to do it again?**

**A—**Yes, if:

- you have moved and/or
- you did not vote in the last General Election (The last General Election was November 7, 1978.).

**Q—If I have been convicted of a crime, can I sign up to vote?**

**A—**Yes, if you have served your sentence and parole.

**Q—What candidates will voters be choosing at this general election?**

**A—**All voters will choose a candidate for:

- Presidential Electors
- State Assemblyman
- State Senator—5th District
- United States Congressman
- United States Senator
- Judge of Municipal Court
- Member, Board of Education (vote for four)
- Member, Community College District (vote for four)
- Bay Area Rapid Transit Districts 7 and 9

**Q—Do these districts belong just to San Francisco?**

**A—**No. State Assembly District 18 is shared with San Mateo County. State Senate District 6 is shared with San Mateo County. United States Congressional District 5 is shared with Marin County.

**Q—What about the United States Senator? Is there a district for this position?**

**A—**No. California has two United States Senators. Each Senator represents the entire state.

**Q—How can I tell which districts I live in?**

**A—**See map on Page 6 of your voters pamphlet, or you can call the Registrar of Voters at 558-3417.

**Q—Can I vote for someone whose name is not on the ballot?**

**A—**Yes. This is called a "write-in." If you want to and don't know how, ask one of the workers to help you.

**Q—Can I take time off from my job to go vote on election day?**

**A—**Yes, if you do not have enough time outside of working hours. You must tell your employer 3 working days before election day that you need time off to vote. Your employer must give you up to two hours off either at the beginning or end of your working day.

## **RIGHTS OF THE PHYSICALLY HANDICAPPED VOTER**

(Election Code Section 14234)

---

### **14234. Assistance to voter.**

When a voter declares under oath, administered by any member of the precinct board at the time the voter appears at the polling place to vote, that the voter is then unable to mark a ballot, the voter shall receive the assistance of not more than two persons selected by the voter.

No person assisting a voter shall divulge any information regarding the marking of the ballot.

In those polling places which do not meet the requirements specified by the State Architect for accessibility by the physically handicapped, a physically handicapped person may appear outside the polling place and vote a regular ballot. Such person may vote the ballot in a place which is as

near as possible to the polling place and which is accessible to the physically handicapped. A precinct board member shall take a regular ballot to such person, qualify such person to vote, and return the voted ballot to the polling place. In those precincts in which it is impractical to vote a regular ballot outside the polling place, absentee ballots shall be provided in sufficient numbers to accommodate physically handicapped persons who present themselves on election day. The absentee ballot shall be presented to and voted by a physically handicapped person in the same manner as a regular ballot may be voted by such person outside the polling place.

# WORDS YOU NEED TO KNOW

By Ballot Simplification Committee

Here are a few of the words that you will need to know:

**BALLOT**—A list of candidates and propositions.

**ABSENTEE BALLOT**—If you are going to be away on election day, or if you cannot get to the place where you vote because you are physically disabled, you can get a special ballot to fill out. This ballot is called an absentee ballot. You get this ballot from the Registrar of Voters at City Hall. See page 71.

**POLLING PLACE**—The place where you go to vote.

**CHALLENGE**—Any citizen can ask an officer at the polling place to challenge any voter if the citizen thinks the voter does not live at the address given on the registration form.

**PROPOSITION**—This means anything that you vote on, except candidates. If it deals with the state government, then it will have a number—such as Proposition 1. If it deals with the city government, it will have a letter—such as Proposition A.

**CHARTER**—The Charter is the basic set of laws for the city government.

**CHARTER AMENDMENT**—A charter amendment changes one of the basic laws contained in the Charter. It

takes a vote of the people to change the charter. It cannot be changed again without another vote of the people.

**ORDINANCE**—A law of the city and county, which is passed by the Board of Supervisors or approved by the voters.

**DECLARATION OF POLICY**—A declaration of policy asks a question: Do you agree or disagree with a certain idea? If a majority of the voters approve of a declaration of policy, the supervisors must carry out the policy.

**INITIATIVE**—This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition.

**PETITION**—A list of signatures of voters who agree that a certain idea or question should be on the ballot.

**SUPERVISORS**—The Board of Supervisors makes the laws for San Francisco, and approves all money spent by the city government. The Board of Supervisors adopts the city budget but does not control the budgets of the Community College or the School District. The Supervisors can put propositions on the ballot for people to vote on. Supervisors are paid \$9,600 per year.

# THE PROPOSED NEW CHARTER

## PROPOSITION A

Shall a Charter as proposed by the San Francisco Charter Commission be adopted?

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The city and county of San Francisco is governed by a charter that was adopted in 1932 and later amended. It sets forth the rules and regulations for the city and county government. In 1978 the voters elected a 15-member commission to write a new or revised city charter.

**THE PROPOSAL:** Proposition A would replace the old charter with a new one. Space does not permit a list of all the changes that the new charter would bring about. However, there are some major areas of change that will be described here. The complete charter proposal is printed in this voters' handbook.

### EXECUTIVE AND ADMINISTRATIVE

**THE WAY IT IS NOW:** The Mayor appoints a Chief Administrative Officer (CAO) with the approval of the Board of Supervisors. The CAO's job includes supervision of the Department of Public Works, the Department of Public Health and the administration of other city services. The CAO is appointed for a ten-year term and may be removed from office by a 2/3 vote of the Board of Supervisors.

The Mayor appoints a Controller with the approval of the Board of Supervisors. The Controller is responsible for putting together the budget items from city departments and supervises how the money is spent. The Controller is appointed for life, and may be removed from office by a 2/3 vote of the Board of Supervisors.

**THE PROPOSAL:** The Mayor would appoint an Administrative Officer with the approval of the Board of Supervisors. This officer would administer city contracts, purchasing, permits and inspections and handle other administrative duties assigned by the Mayor. The Administrative Officer would be appointed for four years and could be removed from office by the Mayor.

The Mayor would appoint a Deputy Mayor for Management and Budget who would prepare the annual budget and do other financial planning for the city. This officer could be removed from office by the Mayor.

The Mayor would appoint a Controller with the approval of the Board of Supervisors. The Controller would account for and pay out city monies. The Controller would be appointed for a six-year term and could be removed from office by the Mayor with the approval of the Board of Supervisors.

### BUDGET

**THE WAY IT IS NOW:** The Controller puts together the budget items from city departments and presents these to the Mayor. The Controller determines proper spending and budget balance. The Mayor and the Board of Supervisors hold public hearings and may only decrease items in the annual budget before it is approved by the Board.

**THE PROPOSAL:** The Mayor will submit a budget proposal, prepared by the Deputy Mayor for Management and Budget, to the Board of Supervisors for its approval. The Mayor may increase or decrease items in the proposed budget as long as the total budget is balanced with the city's total income. The Board may amend, increase or decrease items in the budget as long as those changes stay within the total budget proposed by the Mayor. The budget must be open to public hearings at all levels before it is adopted.

(continued)

# THE PROPOSED NEW CHARTER

## CITY PERSONNEL ADMINISTRATION:

**THE WAY IT IS NOW:** The Civil Service Commission, which is appointed by the Mayor, is responsible for overseeing the city's civil service employees. The Commission sets rules on job classifications, hears appeals, gives exams and conducts salary surveys. The Commission appoints a General Manager who is in charge of the day-to-day operations of the department.

**THE PROPOSAL:** The Mayor would appoint a Personnel Director who would be in charge of the city's Civil Service Personnel Department. The Department would recruit employees, give tests, run training programs, set up job classifications and conduct salary surveys among other administrative duties.

The Civil Service Commission would adopt or reject civil service rules suggested by the Personnel Department. It would also hear appeals on civil service rules and exam fraud.

## WAGES AND BENEFITS

**THE WAY IT IS NOW:** The salaries and benefits for city employees are set by pay formulas. The Civil Service Commission determines those formulas by taking averages of wages paid to employees in similar jobs in other California cities.

**THE PROPOSAL:** The charter would allow collective bargaining between unions representing city employees and the city, provided that both parties agreed. A settlement reached in collective bargaining would take precedence over pay formulas set by the Civil Service Commission. If both parties did not agree, salaries and benefits would still be set by formulas in the charter.

## TEMPORARY EMPLOYEES

**THE WAY IT IS NOW:** About 6000 city employees are temporary and not part of the civil service system.

**THE PROPOSAL:** The charter would set a limit of one year for temporary appointments. Temporary employees now working for the city would be phased into the civil service system within five years or let go.

## TRANSITION PROCEDURE

The new charter includes ways for phasing out the old charter and phasing in the new. Certain sections of the old charter are not carried over into the new one but will re-

main city laws for three years. The Board of Supervisors may continue, amend or cancel these sections from city law.

## WHAT YOUR VOTE MEANS

**A YES VOTE MEANS:** If you vote yes, you want to adopt this new charter for the city and county of San Francisco.

**A NO VOTE MEANS:** If you vote no, you do not want to adopt this new charter.

# THE PROPOSED NEW CHARTER

**A**

## CONTROLLER'S STATEMENT ON "A"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition A:

Should the proposed charter be approved, in my opinion, in and of itself, it would not increase or decrease the cost of government. However, since the following major items are not specifically set forth in detail in the proposed charter but require action by the Mayor and/or Board of Supervisors I am unable to determine with certainty the financial impact that any of these changes will have.

- Salaries and wages may be adjusted above or below formula levels by negotiation and/or binding arbitration.
- Employee fringe benefits may be adjusted by negotiation above or below charter specified levels.
- Approximately 6,000 temporary employees must be made permanent or laid off within 5 years.
- Retirement funding policies may be adjusted without charter amendment.
- Transfers of all budgeted funds may be accomplished without public hearings and/or specific approvals by the Board of Supervisors.
- Specific fiscal controls have been liberalized or eliminated.
- Contract and procurement procedures may be changed.
- All board and commission members must be paid identical compensation per meeting. Currently most members serve without pay.
- Boards and commissions may employ independent counsel with the approval of the mayor.
- Limit on city's general obligation bonded indebtedness is removed from the charter.

# THE PROPOSED NEW CHARTER

## ARGUMENT IN FAVOR OF PROPOSITION A

The Charter is San Francisco's constitution—the basic principles and laws of our City. The people of San Francisco voted twice to review and revise the Charter in June and November, 1978. At the November election, you chose Commissioners to do this

In the past two years, the Charter Commission has:

- Conducted over 70 hearings, listening to the testimony of more than 1,000 people to find out what the public wanted.
- Held 50 decision-making meetings.
- Distributed two drafts and a completed version of the new Charter to you through the *Chronicle*, *Examiner* and *Progress*.
- Appeared on numerous radio and TV shows to discuss the issues involved.
- Published newsletters and brochures as the work progressed.
- Prepared an informational slide show presented to over 50 groups.

The new Charter has been designed to help our City run more smoothly. Unnecessary restrictions found in the old Charter, such as purchasing procedures which a former director of San Francisco General described as costing the

City several million dollars yearly in his hospital alone, have been eliminated. *IN THIS POST PROP. 13 ERA OF TIGHT BUDGETS, THE NEW CHARTER ALLOWS MONEY-SAVING EFFICIENCY THROUGH MODERN MANAGEMENT.*

The new Charter takes governmental decisions out of the hands of bureaucrats and gives them to officials who are accountable to us through election.

The new Charter is shorter, easier for the average person to understand, and flexible. It replaces a Charter written in 1932 during the Depression and amended over 500 times. The 48 lawyers in the City Attorney's office spend about half their time interpreting this outmoded document which is a patchwork of conflicting opinions. *WITH YOUR HELP WE HAVE WRITTEN A CHARTER TO ADDRESS THE PROBLEMS OF TODAY'S CITY GOVERNMENT.* We urge you to vote YES ON A.

Charter Commissioners: *Wilson Chang*, Chair; *Jack Morrisson*, Vice Chair; *Rodney Johnson*, Secretary; *Frank Fitch*, Treasurer; *Thomas Cahill*, *Eulalio Frausto*, *James Haas*, *Pat Jackson*, *Leo Jed*, *Pat Schultz*, *Steven A. Waldhorn*, *Samuel W. Walker*, *Jack Webb*

## ARGUMENT IN FAVOR OF PROPOSITION A

The new modern charter gives San Franciscans *better government!*

IT SAVES MONEY through:

- Up-to-date procedures
- Efficient personnel systems
- Clear lines of authority
- Accountable elected officials

It means HONEST GOVERNMENT:

- Modern accounting practices

- Independent audits
  - An end to "hidden" budget items
- Give the charter back to the people!
- No more charter language written only for lawyers
  - No more struggling with 100,000 words
- VOTE YES ON "A" FOR BETTER GOVERNMENT!**

# THE PROPOSED NEW CHARTER

## ARGUMENT IN FAVOR OF PROPOSITION A

As people who have devoted our professional lives to public administration and finance, we long ago concluded that San Francisco could possibly have the worst organized city government in the nation. We have reached this conclusion for the following reasons:

- The Mayor, the Chief Administrative Officer and several quasi-independent commissions all share executive authority. As a result no one is in charge of the government.
- The budgetary system is woefully archaic and cumbersome. Controls are so narrowly concerned with process that no one considers the efficiency, economy, effectiveness or equity of services.
- The accounting system is weak and slow. The city still has not yet completed its financial statements for the fiscal year ended in June, 1979. Its bond rating has been suspended increasing interest costs to the taxpayers.

These and similar problems arise from the fact that the city is governed under an antiquated, patchwork, 50-year-old charter amended 600 times.

As voters, you have the power to improve city government by approving the new charter. It clearly puts the Mayor in charge of city government while providing built-in protections against abuse. It provides for a modern budgetary process which enables the Mayor and the Board of Supervisors to manage and monitor the effectiveness and efficiency of department programs and activities. It establishes accounting and auditing process that insure modern, sound fiscal procedures.

In overview, while no charter is ever "perfect," it gives the city the opportunity to move toward the goal of efficient and responsive government.

# THE PROPOSED NEW CHARTER

## ARGUMENT AGAINST PROPOSITION A

- The existing City Charter is our municipal "Constitution"!
- Millions of dollars have already been spent by the City for litigation to determine the precise meaning of every word and sentence it contains. It has been modified hundreds of times BY THE VOTERS to refine its language, and achieve the precise results desired.
- The Charter Commission was charged with the responsibility of "cleaning up" the existing Charter, to remove obsolete language, and make it easily understandable for the average citizen.
- Instead, we are presented with a total "REVOLUTION"; a basic restructuring of our entire City government! The whole balance of power at City Hall has been changed drastically!

This proposed Charter completely "guts" all the existing "checks and balances" designed to block favoritism, patronage, and outright graft. In short, it is a municipal license to steal!

- The Controller, who is now the taxpayer's only unbiased source of accurate data on the City's financial condition, the realistic "non-political" anticipated costs of proposed ballot measures, and the actual enforcement of the Charter itself, would become a political appointee of the Mayor!

- The currently politically independent "Chief Administrative Officer" is replaced by a "Deputy Mayor" serving "at the pleasure" of the Mayor.
- Binding arbitration of labor disputes bankrupted Detroit!
- It gives the Human Rights Commission CITYWIDE powers to issue subpoenas, require witnesses to appear, require the production of evidence, (books and records!), administer oaths, take testimony, and issue appropriate orders and petitions for Court Orders. This applies to every person and business in the City! Incredibly, they are also charged to *eliminate the results of past discrimination!* One wonders how? With a staff of two hundred attorneys?
- There are dozens of equally impractical, dangerous provisions far too numerous to describe in this ballot argument.
- In summary, this document is a blueprint for municipal chaos! It is a compendium of "special interest" legislation orchestrated by a majority of political activists and Union Officials on the Commission. Note that some of the more moderate Commissioners refused to endorse many of its provisions!
- Vote NO on Proposition A.

NO ON A COMMITTEE.  
Bill O'Keefe, Sr., Chairman.

## ARGUMENT AGAINST PROPOSITION A

After attending 85 meetings of the Charter Commission over 20 months I am convinced that the proposed charter means overthrow of our present form of government and placing its control in the hands of a vested few in City Hall. All of the checks and balances in our present charter have been killed, turning over free rein to politicians and bureaucrats.

Over 118 sections of the present charter have been relegated to a so-called "Transition Provision" which provides that each section must be reenacted by the Supervisors or they are terminated in three years. You should know what protections they are throwing out but you won't unless you read the present charter against the proposed charter. And that would take a Philadelphia lawyer!

Despite their claim that the new charter will strengthen fiscal management, the fact is that the proposal would accomplish the exact opposite. The proposed charter allows the mayor, other officials or boards or commissions to transfer

previously appropriated amounts within the same fund within the same government unit *without approval of the Board of Supervisors.*

This means financial chaos. Where is the City Controller—the people's fiscal watchdog—on this? Instead they simply let the bureaucrats run loose with the money.

There are so many wrongs in the proposed charter it is impossible to elaborate on all of them in this space. But principal among them is the fact that there has never been a cost analysis of the proposal at any public hearing. Ask yourself what the Charter Commission was trying to hide.

Changes in the present charter are warranted but the radical surgery proposed here means a radical government which will leave San Francisco naked and at the mercy of City Hall.

## ARGUMENT AGAINST PROPOSITION A

Since no publication details how, which or why Sections are changed or eliminated, and 120 pages concerning employee rights are not republished, although being over 50% of the New Charter, it is impossible intelligently for voters to realize what they are relinquishing of their direct powers to control their Government. Drastic changes in Permit Appeals Board jurisdiction (Section 4.105) and in Veterans' preferences (Section 15.115(6)) are random instances that

have nowhere been explained. Also, by dropping  $\frac{3}{4}$ ths of present Charter provisions, and adopting State General Laws (Section 101), we are asked blindly to surrender most of our Home Rule prerogatives. Thus, a "No" vote must be recommended.

## ARGUMENT AGAINST PROPOSITION A

Although San Francisco's current Charter has sometimes been cumbersome, it has provided the City with safeguards that assure fiscal stability and a high degree of political independence for its key appointed officials. The proposed new Charter will dramatically change this by concentrating power in the hands of a very few elected officials. It could also open many important public decisions to undue political influences.

Currently, the Chief Administrative Officer is an independent officer free to exercise his management expertise in the day-to-day operation of the City. This independence is also provided for the City Controller. This means proper checks and balances. This independence will be taken away in the new Charter.

Under the new Charter, employee unions will have the best of all worlds. They will be given the privileges of collective bargaining, and at the same time retain the current formula system for establishing wages. This means the unions will have the ability to hold-out and negotiate for excessive increases. This will undoubtedly result in more city strikes—they can't lose.

By voting NO on Proposition A, you will maintain a level of safeguards that have proven to be in the best interests of the public.

## ARGUMENT AGAINST PROPOSITION A

The Downtown Association opposes the adoption of the proposed new Charter principally because of the inclusion of two basic changes in the structure of our Municipal Government. These would eliminate the political independence of the offices of the Chief Administrative Officer and the Controller.

The structure of the present Charter, which grew out of the ashes of the graft scandals of the 1920's, was to remove from political influence all City functions which dealt with the awarding of contracts and the disbursal of public monies. It created the office of Chief Administrative Officer, free from political influence, and placed under his jurisdiction all

departments whose functions are susceptible to political pressure at the expense of the citizenry. This governmental structure has served our City well for almost fifty years. We have successfully avoided problems of political corruption which have afflicted many other Municipalities.

Similarly, the independence of the Controller, free from political influence, is essential. The audit and fiscal watchdog function of that office requires complete independence.

For these main reasons we urge you to VOTE NO on PROPOSITION A.

President

## ARGUMENT AGAINST PROPOSITION A

During my thirteen years on the Board of Supervisors (and particularly while on the Finance Committee) I sometimes felt frustrated by the total political independence of the Chief Administrative Officer and Controller. However, I realized that the charter thereby provides a valuable protec-

tion to the taxpayers.

Preserve that protection. Vote "No" on Proposition A.

# THE PROPOSED NEW CHARTER

## ARGUMENT AGAINST PROPOSITION A

1932 was a year of revolution in San Francisco. The people said NO to corrupt politics and approved a Charter that imposed strict checks and balances and shielded personnel and operations from politics.

Under the proposed Charter, the controller will be responsible only for accounting and disbursement of monies and can be removed by a mere majority of the Board of Supervisors, rather than the current two-thirds. The proposed Charter also ties the Administrative Officer—and his or her responsibility for contracts, operations and purchasing—to

whomever is Mayor: the Mayor may remove this Administrative Officer at any time.

Given the unstable and changing nature of our political process in San Francisco, it would be folly to weaken the positions of the Chief Administrative Officer and Controller by having their decisions subject to the whim of political expedience. Vote NO on Proposition A.

## ARGUMENT AGAINST PROPOSITION A

Ad Majorem Dei Gloriam

In the twenties my elders laughed at the outrageous City Hall scandals but when the Depression came they didn't laugh anymore.

Since the 1932 Charter there has not been a major scandal.

At present the politically immune Controller has the authority to reject an illegal Purchase Order, Contract or Pay

Roll before they are issued. This is different than auditing five or more years later and finding irregularities.

The proposed charter creates a Personnel Director serving at the Mayor's pleasure. What a sweet patronage set-up for "suède-shoe" boys, carpet-baggers and con-men. Particularly, when a weak, venal or lazy Mayor takes over.

*Paul Joseph Langdon.*

## ARGUMENT AGAINST PROPOSITION A

The Charter of the City and County of San Francisco was prepared by a group of outstanding citizens and residents and adopted by the voters in 1932. The Office of the Chief Administrative Officer is the second most important position in the Executive branch of the City government. The C.A.O. is responsible to the Mayor and to the Board of Supervisors for the administration for all affairs of the City and County that are placed in his charge by the provisions of the Charter and by Ordinance, and to that end he shall have power and it shall be his duty to exercise supervision and control over all administrative departments which are under his jurisdiction, (see Art. III, Chap. 2, Sec. 3.201 of the Charter), to include the following: Purchasing, Real Estate, Public Works, (includes Waste Water project); Public Health; Finance & Records (Hotel Tax), Electricity; Contract Services; Coroner,

and the California Academy of Sciences.

If the proposed revised Charter made no other changes than to eliminate the C.A.O in favor of a Deputy Mayor, serving at the pleasure of the Mayor, it should insure its defeat at the polls on November 4th.

For the City, a billion dollar corporation, to function with a degree of continuity, it is mandatory that the office of C.A.O. be retained for the specified period of ten years, as it is now provided for in this Charter.

It is in the best interest of every registered voter in San Francisco to **VOTE NO ON PROPOSITION A.**

## ARTICLE II LEGISLATIVE BRANCH

### 2.100 Composition

In order to provide in this Charter for the method of election, numbers of supervisors, dates of elections, and all other provisions included in Article XVII at Sections 17.119 and 17.120, and in accordance with the method of election most recently approved by the voters of San Francisco, the drafters of this Charter specify the following:

The city attorney shall obtain a certification from the secretary of state of the State of California regarding the controlling provision in the San Francisco Charter governing the method of elections of members of the board of supervisors of the City and County of San Francisco in effect at 12:00 noon December 31, 1980; and if the method of election of members of the board of supervisors as established in the 1932 Charter as amended is solely by supervisorial districts established by geographic boundaries then the provisions contained in Article XVII Section 17.11 shall govern and the provisions of 17.120 shall be of no force and effect and shall not be part of the revised Charter of the City and County of San Francisco as approved at the general election on November 4, 1980; and if the method of election of members of the board of supervisors as established in the 1932 Charter as amended is by any other method of election then the provisions contained in Article XVII Section 17.120 shall govern and the provisions of 17.119 shall be of no force and effect and shall not be a part of the revised Charter of the City and County of San Francisco as approved at the general election held on November 4, 1980.

The board of supervisors shall consist of eleven members elected in the manner that is in effect on December 31, 1980 in accordance with the provisions of Sections 17.119 or 17.120.

### 2.101 Districts

*[To be inserted from either 17.119 or 17.120 depending upon the method of election of supervisors in effect on 12/31/80]*

### 2.102 Term of Office

*[To be inserted from either 17.119 or 17.120 depending upon the method of election of supervisors in effect on 12/31/80]*

### 2.103 Vacancies

If a vacancy shall exist on the board of supervisors because of the death, resignation, permanent disability or the inability of a member to otherwise carry out the responsibilities of the office, the mayor shall appoint a qualified successor. Such appointee shall serve until the next general municipal or statewide election, at which time an election shall be held to fill the unexpired term.

### 2.104 Meetings

*[First paragraph to be inserted from either 17.119 or 17.120 depending upon the method of election of supervisors on 12/31/80]*

Notice of any meeting at a place other than the legislative chamber in city hall shall be published at least 24 hours in advance of such meeting. In case of an emergency affecting the safety of any meeting place, the president of the board of supervisors may designate an appropriate location as the board's temporary meeting place.

### 2.105 Quorum

The presence of a majority of the members of the board of supervisors at a regular or special meeting shall constitute a quorum for the transaction of business. In the absence of a quorum, a smaller number of members may compel the attendance of absent members in the manner and under the penalties established by the board of supervisors.

### 2.106 Calendar of Agenda Items

A written agenda clearly and concisely describing each item of business to be considered at a regular or special meeting of the board of supervisors or any of its committees shall be made available to the public prior to the commencement of such meeting. In the case of the board of supervisors, such agenda, together with a statement of the time and place at which copies of proposed ordinances and resolutions may be obtained, shall be published at least one business day before each regular meeting and each special meeting of the board of supervisors.

### 2.107 Ordinances and Resolutions

The board of supervisors shall meet and transact its business according to rules which it shall adopt.

The board of supervisors shall act only by written ordinance or resolution, except that it may act by motion on matters over which the board of supervisors has exclusive jurisdiction. An ordinance or resolution may be introduced before the board of supervisors by a member of the board, a committee of the board or the mayor, and shall be referred to and reported upon by an appropriate committee of the board. An ordinance or resolution may be prepared in committee and reported out to the full board for action. Except as otherwise provided in this Charter, passage of an ordinance or a resolution shall require the affirmative vote of a majority of the members of the board at each required reading.

An ordinance shall deal with only one subject matter, except that appropriations ordinances may cover appropriations with respect to any number of subjects. The title of each ordinance shall clearly reflect the content of the ordinance.

# THE PROPOSED NEW CHARTER

Except as otherwise provided in Sections 2.109 and 2.110, passage of an ordinance shall require two readings at separate meetings of the board of supervisors, which shall be held at least five days apart. If an ordinance is amended at its second reading, the ordinance shall require a further reading prior to final passage. Resolutions shall require only one reading and may be adopted upon introduction without reference to committee by unanimous affirmative vote of the members of the board of supervisors who are present, but in no event less than a quorum.

All ordinances, other than emergency and urgency ordinances, shall take effect on the specified date, but not earlier than 30 days following the date of passage. Resolutions may take effect immediately upon passage, or at such other time as shall be specified in the resolutions. No ordinance granting a franchise may be passed within 90 days of its introduction.

## 2.108 Veto Override

The board of supervisors may enact an ordinance which has been vetoed by the mayor pursuant to Section 3.103 if, within 30 days after such veto, not less than two-thirds of the board of supervisors shall vote in favor of such ordinance, except as provided in Section 9.104.

## 2.109 Emergency Ordinances

An emergency ordinance may be passed in cases of public emergency affecting life, health or property. Emergency ordinances shall require only one reading, and the affirmative vote of two-thirds of the board of supervisors shall be required for the passage of an emergency ordinance. The form and manner of introduction of an emergency ordinance shall be as required for ordinances generally, and in addition an emergency ordinance shall contain: 1) a declaration setting forth the existence of the emergency; 2) a clear and concise description thereof; and 3) an explanation of how the measures in the ordinance will address the emergency.

An emergency ordinance shall be effective upon passage and shall automatically terminate on the 61st day following passage. An emergency ordinance may be reenacted upon the same terms and conditions applicable to its initial enactment. Any appropriation contained in an emergency ordinance shall be deemed to be an amendment to the final appropriations ordinance.

An emergency ordinance may suspend specific sections of this Charter, but may not levy taxes, grant, renew or extend a franchise, regulate the rate charged by any public utility for its services, set salaries, issue bonds, or buy, sell or lease land.

## 2.110 Urgency Ordinances

When expeditious legislative action is required in order to respond to an unanticipated event that is not a public emergency affecting life, health, or property, as provided in Sec-

tion 2.109 of this Charter, the board of supervisors, after a public hearing, may adopt an urgency ordinance by the affirmative vote of two-thirds of its members after only one reading. An urgency ordinance shall be effective upon passage.

The form and manner of introduction of an urgency ordinance shall be as required for ordinances generally, and in addition, an urgency ordinance shall contain: 1) a declaration setting forth the extent of the urgency; 2) the reasons the urgency ordinance is necessary; and 3) the time during which the urgency ordinance shall be in effect. An urgency ordinance may include any necessary appropriations.

## 2.111 Records of Proceedings

The clerk of the board of supervisors shall keep a permanent public record of the proceedings of the board showing all action considered and taken, the text of ordinances and resolutions voted upon and the vote of each member of the board regarding any matter before the board. The clerk of the board shall cause the text of all ordinances or resolutions passed by the board to be readily available to the public.

## 2.112 Rates, Fees and Similar Charges

The board of supervisors may review and reject any rate, fee, or similar charge established by any department, official, or board or commission pursuant to Section 4.102 (3) of this Charter, except those established by the port commission, or under the Refuse Collection and Disposal Ordinance of November 8, 1932 as amended. The board of supervisors shall determine by ordinance the rates, fees, and similar charges subject to its review.

No rate, fee, or similar charge determined by the board of supervisors to be subject to its review shall take effect for 30 days following adoption by the department, board, commission or official having responsibility for such rate, fee, or similar charge. Unless rejected by the board of supervisors within 30 days following its adoption, such rate, fee or similar charge shall be deemed approved; provided however, that it shall require a two-thirds vote of the board of supervisors to reject any schedule of rates, fees or charges adopted by the airport commission.

## 2.113 Sale or Lease of Real Property

Any lease of real property for a period of ten or more years under which the City and County is a lessor, and any sale of real property owned by the City and County, shall be approved by resolution of the board of supervisors, prior to such lease or sale. Leases of property under the jurisdiction of the port commission for maritime use shall be except from the requirements of this Section 2.113.

## 2.114 Abandonment of Transit Routes

Any abandonment of a transit route by any department of the City and County shall be reviewed for approval or rejection by the board of supervisors in a manner prescribed by ordinance.

# THE PROPOSED NEW CHARTER

## 2.116 Hearings, Inquiries and Investigations

The board of supervisors may require periodic or special reports of departmental costs, operation and expenditures, examine the books, papers, records and accounts of, and inquire into matters affecting the conduct of any department or office of the City and County, and for that purpose may hold hearings, administer oaths, and subpoena witnesses and books, papers, and other evidence. It shall be the duty of the chief of police to designate a police officer to serve subpoenas. Any person refusing to comply with actions of the board of supervisors taken pursuant to this Section 2.116 shall be deemed in contempt and subject to proceedings and penalties as provided by law.

The board of supervisors may delegate its powers under this Section 2.116 to a duly constituted committee of the board of supervisors or to a board or commission of the City and County.

## 2.117 Declaration of Policy

By the affirmative vote of one-third of the board of supervisors a declaration of policy may be submitted to the voters. Upon approval by the voters, the board of supervisors shall within 90 days of such approval take such actions within their powers as shall be necessary to carry such declarations of policy into effect.

A special municipal election shall not be called with respect to a declaration of policy.

## 2.118 Legislative Referendum

By the affirmative vote of one-third of its members, the board of supervisors may submit to the voters any matter on which the board of supervisors is empowered to pass.

## 2.119 Non-Interference in Administration

Except for purposes of hearings, inquiries and investigations, the board of supervisors, its committees and members shall deal with administrative matters of the City and County for which elective officials are responsible, solely through the official concerned. Neither the board of supervisors, its committees nor any of its members shall have any power or authority with respect to any appointment, promotion, compensation, disciplinary action, contract, requisition for purchase, or other administrative recommendation or action of department heads or other appointed officers under elective officials. The board of supervisors shall deal with administrative matters of the City and County only in the manner prescribed by this Charter, and any violation of this prohibition shall constitute official misconduct. Notwithstanding

this Section 2.119, a member of the board of supervisors may comment on administrative matters at a public meeting or through a letter, with a copy of such letter filed with the clerk of the board of supervisors, and made available for public inspection.

## 2.120 Financial Audit

The board of supervisors shall select a firm or firms of independent accountants to audit and report upon the annual financial statements of the City and County.

## 2.121 Legislative Analyst

The board of supervisors shall appoint and may remove a legislative analyst who shall be responsible for such matters as the board may prescribe, including a regular review of the operations, management and expenditures of the City and County.

## 2.122 President of the Board of Supervisors

*[To be inserted from either 17.119 or 17.120 depending upon the method of election of supervisors in effect on 12/31/80]*

## 2.123 Staff to the Board of Supervisors

The board of supervisors shall have the power to appoint a staff adequate to enable the board, its committees and members to perform their duties and carry out their responsibilities under this Charter.

The board of supervisors shall appoint and may remove a clerk of the board who shall have charge of the office and records of the board and its committees and its classified staff. The clerk of the board shall keep a public record of the proceedings of the board as provided by Section 2.111 of this Charter and shall keep properly indexed files of all ordinances and resolutions. The clerk of the board shall be responsible for the publication, as required by law, of ordinances, resolutions and other matters acted on by the board for which publication is specified. The clerk of the board shall have such other duties and responsibilities as the board of supervisors may prescribe.

## 2.124 Compensation

Within a balanced budget, the board of supervisors shall establish the salaries of all elected officials of the City and County after reviewing salary surveys provided by the personnel department. The salary of each such elected official shall be consistent with the responsibilities of the office. Salaries established by the board of supervisors for its members shall not take effect until approved by a majority of the voters at the next succeeding general municipal or statewide election.

The board of supervisors shall establish the compensation of members of boards, commissions and other units of government of the executive branch of the City and County. All such members shall receive equal compensation per meeting for their services.

## ARTICLE III EXECUTIVE BRANCH—OFFICE OF MAYOR

### 3.100 Powers and Responsibilities

The mayor shall be the chief executive officer and the official representative of the City and County, and shall serve full time in that capacity. The mayor shall enforce all laws relating to the City and County.

The mayor shall have responsibility for:

1. Coordination of administration of all departments and governmental units in the executive branch of the City and County;
2. Coordination of all intergovernmental activities of the City and County, and nomination and, upon confirmation by the board of supervisors, appointment of representatives of the City and County to intergovernmental bodies;
3. Receipt and examination of complaints relating to the administration of the affairs of the City and County, and immediate delivery of notice to the complainant of findings and actions taken;
4. Assurance that appointees to various governmental positions with the City and County are qualified and are as representative of the communities of interest and diverse population of the City and County as is reasonably practicable, and are representative of both sexes;
5. Submission of ordinances and resolutions by the executive branch for consideration by the board of supervisors;
6. Presentation before the board of supervisors of a policies and priorities statement setting forth the mayor's policies and budget priorities for the City and County for the ensuing fiscal year; and

The mayor shall have the power to:

1. Speak and be heard with respect to any matter at any meeting of the board of supervisors or any of its committees;

3. Appoint one or more deputy mayors and such other staff as may be needed to perform the duties and carry out the responsibilities of the mayor's office;
4. Designate a member of the board of supervisors to act as mayor in the mayor's absence;
5. In the event of a public emergency affecting life, health or property, marshal all the forces of the City and County for the maintenance of life, health or property; provided, however, that no action taken under this provision shall: a) remain in effect for more than five days unless authorized as an emergency ordinance in accordance with Section 2.109 of this Charter or (b) be among those prohibited in Section

2.109;

6. Make an appointment to fill any vacancy in an elective office of the City and County until a successor shall have been elected;

7. Submit to the voters a declaration of policy or referendum on any matter on which the board of supervisors is empowered to pass; and

8. Have and exercise such other powers as are provided by this Charter or by law for the chief executive officer of a City and County.

### 3.101 Term of Office

The mayor shall serve a four-year term. No person shall serve as mayor for more than two successive terms. A part of a term that exceeds two years shall count as a full term. There shall be no limit on the non-successive terms that a person may serve.

### 3.102 Vacancies

If the mayor should be temporarily disabled, the president of the board of supervisors shall act as mayor until such time as the mayor shall return to office.

If the office of mayor should become vacant because of death, resignation, permanent disability or the inability to carry out the responsibilities of the office, a mayoral election shall be held at the next general municipal or statewide election to fill the balance of the mayor's unexpired term. Upon the occurrence of such a vacancy in the office of the mayor, the president of the board of supervisors shall become mayor and cease to be a member of the board of supervisors.

### 3.103 Veto Power

Any ordinance or resolution passed by the board of supervisors shall be promptly delivered to the mayor for consideration. If the mayor approves the ordinance or resolution, the mayor shall sign it and it shall become effective as provided in Section 2.107 of this Charter. If the mayor disapproves the ordinance or resolution, the mayor shall promptly return it to the board of supervisors without the mayor's signature, accompanied by a statement indicating the reasons for disapproval and any recommendations which the mayor may have. Any ordinance or resolution so disapproved by the mayor shall become effective only if, subsequent to its return, it shall be passed by a vote of the board of supervisors required by Section 2.108 of this Charter. Any ordinance or resolution shall become effective, with or without the mayor's signature, unless it is disapproved by the mayor and returned to the board of supervisors not more than ten days after the date the ordinance or resolution was delivered to the mayor's office for consideration.

# THE PROPOSED NEW CHARTER

## 3.104 Administrative Officer

The mayor shall appoint an administrative officer, subject to confirmation by the board of supervisors. The administrative officer may be removed by the mayor. The term of office of the administrative officer shall be concurrent with that of the mayor, and the officer may be reappointed by the mayor.

The administrative officer shall be responsible for administrative services within the executive branch as assigned by the mayor. The administrative officer shall have specific responsibility for administering policies and procedures regarding procurement, contracts, and permits, and for assuring that all contracts and permits are issued in a fair and impartial manner and that any inspections involved with the issuance of permits shall be carried out in a like manner. The administrative officer shall propose rules governing procurement and contracts to the board of supervisors for consideration.

## 3.105 Deputy Mayor for Management and Budget

The mayor shall appoint and may remove a deputy mayor for management and budget, who shall be responsible for the preparation of the annual budget; financial and operational planning; organization, program, and management analysis; and review and coordination of planning of the executive departments of the City and County.

## 3.106 Controller

The mayor shall appoint a controller for a six-year term, subject to confirmation by the board of supervisors. The controller may be removed by the mayor, with the concurrence of a majority of the board of supervisors.

The controller shall be responsible for the timely accounting, disbursement or other disposition of monies of the City and County in accordance with sound financial practices applicable to municipalities and counties.

Should the controller determine at any time during the fiscal year that the revenues of the general fund, or any spe-

cial, sequestered or other fund are insufficient or appear to be insufficient to support the remaining anticipated expenditure from that fund for the fiscal year for any department, function or program, the controller shall reduce or reserve all or a portion of the expenditure appropriation until such time as the controller determines that the anticipated revenues for the remainder of that fiscal year are sufficient to support the level of expenditure anticipated for the remainder of the fiscal year. Whenever the controller makes a reduction or reservation, the controller shall so inform the mayor and board of supervisors within 24 hours.

The controller shall establish accounting records, procedures and internal controls with respect to all financial transactions of the City and County. Such records, procedures, and controls shall permit the financial statements of the City and County to be prepared in conformity with generally accepted accounting principles applicable to municipalities and counties.

The controller shall within 120 days of the end of each fiscal year prepare an annual report of the financial condition of the City and County. Such annual report shall be prepared in accordance with generally accepted accounting principles. The annual report shall contain such information and disclosures as shall be necessary to present to the public a full and understandable report of all City and County financial activity.

The controller shall prepare an impartial financial analysis of each City and County ballot measure which shall include the amount of any increase or decrease in the cost of government of the City and County and its effect upon the tax rate. Such analysis shall be issued in sufficient time to permit inclusion in the voters' pamphlet.

The controller shall issue from time to time such periodic or special financial reports as may be requested by the mayor or board of supervisors.

## ARTICLE IV EXECUTIVE BRANCH—BOARDS, COMMISSIONS AND DEPARTMENTS

### 4.100 General

In addition to the office of the mayor, the executive branch of the City and County shall be composed of departments, other units of government and appointive boards, commissions, and other units of government. To the extent law permits, each appointive board, commission, or other unit of government of the City and County of San Francisco established by state or Federal law shall be subject to the provisions of this Article and this Charter.

### 4.101 Boards and Commissions—Composition

Unless otherwise provided in this Charter, the composition of each appointive board, commission or other unit of government of the executive branch of the City and County shall:

A vote on such initiative shall occur at the next general municipal or statewide election occurring at any time after 90 days from the date of the certificate of sufficiency executed by the registrar of voters, unless the board of supervisors directs that the initiative be voted upon at a special municipal election.

If the petition containing the initiative is signed by voters in a number equal to at least ten percent of the votes cast for all candidates for mayor in the last preceding general municipal election for mayor, and contains a request that the initiative be submitted forthwith to voters at a special municipal election, the registrar of voters shall promptly call such a special municipal election on the initiative. Such election shall be held not less than 60 nor more than 75 days from the date of its calling unless it is within 60 days of a general municipal or statewide election, in which event the initiative shall be submitted at such general municipal or statewide election.

Such ordinance shall then be suspended from becoming effective. The board of supervisors shall reconsider the ordinance. ### 14.104 Petitions—Withdrawal of Signatures

A person signing a petition for initiative, referendum, or recall may withdraw his or her name from such petition by filing with the registrar of voters a verified revocation of that signature prior to the filing of such petition itself.

promotion. In making disbursements, the administrative officer shall consider recommendations provided by the art commission.

However, if the rate of such a hotel occupancy tax is greater than 8%, the rate of 8% shall be used to compute the receipts of the hotel occupancy tax for the purposes of this Section 15.106.

## 15.107 Open Space Acquisitions and Park Renovation Fund

There shall be an open space acquisition and park renovation fund, to be administered by the recreation and park commission. Monies therein shall be appropriated, transferred, expended or used as provided for herein for those recreation and open space purposes determined by the planning commission to be consistent with the recreation and open space element of the general plan of the City and County and in accordance with the "Recreation and Open Space Programs" to implement the recreation and open space element approved by the planning commission on July 19, 1973, as modified by a majority vote of each of the planning commission and recreation and park commission meeting jointly, and with the concurrence of the board of supervisors. The recreation and open space element of the comprehensive plan and the "Recreation and Open Space Programs," modified, shall continue to identify neighborhoods which are in special need of recreation and open space facilities, and shall designate such neighborhoods as "high-need neighborhoods." Monies in the open space acquisition and park renovation fund shall be used to acquire by purchase, lease, exchange, eminent domain or otherwise, real property, interests therein, and improvement and development rights thereon and to develop and maintain land so acquired. Lands currently under the jurisdiction of the San Francisco port commission may be acquired by lease or otherwise and may be leased and administered with the funds provided for herein for purposes consistent with this Section 15.107. The recreation and park commission and the San Francisco port commission are hereby authorized to enter into contracts appropriate to carry out the purposes of this Section 15.107.

There shall continue to be imposed, for a period of 15 years starting with the fiscal year 1975-1976, an annual tax of \$0.10 for each \$100 assessed valuation to be utilized for the purposes provided for in this Section 15.107. Revenues obtained thereby shall be in addition to, and not in place of, any sums normally budgeted for the recreation and park commission, and, together with interest earned thereon, shall be deposited into the open space acquisition and park renovation fund. In addition, all grants, gifts, and bequests paid to the City and County for open space acquisition and

park renovation, and interest earned thereon, unless otherwise restricted, shall be deposited into the fund. Establishment of this fund is not intended to preclude any other similar programs or any similar use of funds by the City and County. All amounts paid into said fund shall be maintained by the treasurer, separate and apart from all other City and County funds, and shall be secured by the treasurer's bond.

Monies in the fund shall be used for: (i) the acquisition and development of lands within or contiguous to "high-need neighborhoods," or lands on the northern waterfront and bay shoreline for recreation purposes; (ii) the acquisition and development of properties within the City and County for open space purposes; and (iii) the renovation of existing parks and recreation facilities within the City and County.

Each year, monies in the fund shall be used to match, on a dollar-for-dollar basis, private funds, grants, or donations given to the City and County for the purpose of renovating existing parks and recreational facilities up to an amount equal to 15 percent of the amount of the monies provided for the fund in that year. Each year, monies in the fund shall be used without a matching requirement for the purpose of renovating existing parks and recreational facilities up to an amount equal to ten percent of the amount of the monies provided for the fund in that year. Monies unspent in either category of this subsection after the end of one fiscal year shall be carried forward to the next fiscal year and shall be used only for the same purposes as they were originally set aside.

The remaining monies shall be used as indicated in the following two paragraphs.

In each of the first five years of the fund's existence, a minimum of 50 percent of the remainder of the monies in the fund shall be used to acquire real property, and at least 25 percent of the remainder of the monies in the fund shall be used for acquisition of properties within or contiguous to "high-need neighborhoods"; the balance of the remainder of the monies in the fund shall be used for administrative expenses and the maintenance and development of properties acquired through the fund.

At any time after the end of five years, the proportion of funds to be used for acquisition may be modified by the board of supervisors. At any time after the end of ten years, if the then current "Recreation and Open Space Programs" no longer shows any lands appropriate for open space and recreation purposes, then the limitation that funds may only be used for the maintenance and development of properties acquired from the fund may be modified in whole or in part by the board of supervisors to provide that funds may be used to expand the maintenance and development of other properties held by the recreation and park department in "high-need neighborhoods" identified in the then current "Recreation and Open Space Programs."

The recreation and park commission and the planning commission shall hold at least one joint public meeting annually and shall at such time receive and review a report from the executive of the recreation and park department on the implementation of the "Recreation and Open Space Programs," on expenditures made from the open space acquisition and park renovation fund, and on properties developed in the preceding year for recreation uses. The executive of the recreation and park department shall also make general recommendations of further lands for acquisition, improvement, or development for approval by a majority of each of the recreation and park commission and the city planning commission meeting jointly, and with the concurrence of the board of supervisors.

#### 15.108 Recreation and Parks; Buildings and Lands

The responsibilities of the City and County with respect to recreation and parks shall be limited as follows:

1. No building or structure, except for nurseries, equipment storage facilities and comfort stations, shall be erected, enlarged or expanded in Golden Gate Park unless such action has been approved by a vote of two-thirds of the board of supervisors; and

#### 15.112 Conflict of Interest

No elected or appointed official, or any employee of the City and

County shall be prevented from making or participating in the making of any decision to the extent his or her participation is legally required for the decision to be made. The fact that any elected or appointed official's, or employee's vote as a member of a multi-member body is needed to break a tie does not make such person's participation legally required for purposes of this Section 15.112.

#### 15.113 Taxpayers' Suits

In the event that a taxpayer of the City and County institutes suit or other proceeding as provided by law against any officer, board or commission of the City and County in the name of the taxpayer on behalf of the City and County, the taxpayer shall be allowed costs and also such reasonable compensation for attorney's fees as may be fixed by the court if judgement is finally entered in the taxpayer's favor.

#### 15.114 Severability

- 5) The first paragraph of Section 8.407 of the Charter of 1932 shall be amended to read: "This section shall apply to all officers and employees except those whose compensations are specified in this Charter in Section 11.101, subsection (3) and those covered in Sections A8.402,

All provisions of law relating to or affecting the City and County in force when this Charter becomes operative are hereby repealed and superseded only to the extent they are inconsistent with the provisions of this Charter.

Nothing in this Charter shall amend or otherwise affect the provisions of the Initiative Refuse Collection and Disposal Ordinance, adopted November 8, 1932, as amended, except that the administrative officer and the general manager of public utilities shall succeed to the functions of the chief administrative officer and the manager of utilities, respectively, as specified in that Initiative Ordinance.

### 17.102 Obligations of Contract Not Impaired

All rights, claims, actions, orders, obligations, proceedings and contracts existing on the operative date of this Charter shall not be affected by the adoption of this Charter, except that where functions, powers and duties have been reassigned, the office, agency or department to which the assignment is made shall have charge of the matter.

### 17.103 Transfer of 1932 Charter Sections to Ordinance and Initiative Ordinances

The following Sections of the Charter of 1932 shall be deemed enacted into ordinance and may be amended by the board of supervisors on the operative date of this Charter; provided, however, (1) that in the instance of conflict or inconsistency between the ordinance or a portion of the ordinance and this Charter, this Charter shall prevail, and (2)

that each such Section deemed so enacted shall terminate three years from the operative date of this Charter unless such Sections are further reenacted:

# THE PROPOSED NEW CHARTER

## **17.104 Transfer of Functions, Powers and Duties**

On the operative date of this Charter, all offices, agencies and departments of the City and County then in existence under the Charter of 1932 shall continue to perform their functions, exercise their authority and fulfill their responsibilities, as they existed immediately before this Charter's becoming operative subject to the provisions of this Article. Not later than 90 days after the operative date of this Charter, each such office, agency and department for which this Charter does not provide shall cease to exist, and its functions, powers and duties shall be transferred to the appropriate governmental unit created by this Charter or under the authority of this Charter. The board of supervisors and the mayor shall take all action necessary to provide for the orderly transfer of functions, authority and responsibility on or before the date of such transfer.

All property, records and equipment related to the exercise of those functions, powers and duties which are reassigned by the terms or under the authority of this Charter shall be transferred to the office, agency or department to which the assignment is made.

## **17.105 Establishment of Audit Committee of the Board of Supervisors**

On or before the operative date of this Charter and until this requirement is changed by the board of supervisors, the board of supervisors shall establish through its rules an audit committee which shall consist of the president of the board of supervisors, who shall serve as chair, and two other members of the board, appointed by the president. Members of the audit committee shall not be members of the finance committee; however, the chair of the finance committee shall serve ex-officio with no vote. The audit committee shall meet at least four times each year.

The audit committee shall:

- 1) Maintain a direct and separate line of communication between the board of supervisors and the City and County's independent auditor;
- 2) Meet with the independent auditor to review the audited annual financial statement and the auditor's report on such matters as the quality and depth of management, and compliance;
- 3) Recommend appropriate action to be taken by the board of supervisors to implement recommendations contained in the audit report;
- 4) Follow-up, as necessary, to ensure that approved recommendations are promptly implemented; and
- 5) Perform other duties as assigned by the board of supervisors.

## **17.106 Changes in Offices and Positions**

Within 90 days after the operative date of this Charter, the mayor shall appoint a deputy mayor for management and budget.

The chief administrative officer serving on August 1, 1980 and the controller serving on August 1, 1980 shall be appointed to the offices, respectively, of administrative officer and controller. These offices shall have the functions, powers, and duties assigned by this Charter, and their initial terms shall expire on the second Monday in January of 1984.

The clerk of the board of supervisors serving on August 1, 1980 shall be appointed as clerk of the board of supervisors. This position shall remain a classified position as long as the person holding the position on August 1, 1980 remains in this position.

On the operative date of this Charter, the administrative officer shall be responsible for the following functions until they are reassigned by the mayor: the departments of public works, government services, purchasing, real estate, electricity, county agriculture, and weights and measures; the office of the coroner; the George R. Moscone Center Project; and the San Francisco clean water program.

## **17.107 Changes in the Term and Nature of Boards and Commissions**

Those members of boards and commissions incumbent on the operative date of this Charter shall continue to hold office until the expiration of their respective terms, as prescribed by this Charter. In furtherance of this Section 17.107, in cases where boards and commissions are appointed for staggered terms and divided into categories, the mayor shall designate which incumbent members shall belong to categories I, II, III and IV, respectively.

Within 90 days after the operative date of this Charter, the mayor shall appoint sufficient members to boards and commissions to fill all vacancies which then exist because the number of members has been increased by this Charter. Newly appointed members shall meet the qualifications required by this Charter. The mayor shall make such appointments for terms of such lengths that the provisions for length of terms contained in this Charter shall be fulfilled at the earliest practicable time.

The initial members of the fine arts museums commissions shall be those trustees of the fine arts museums incumbent on the operative date of this Charter, except for the mayor and the president of the recreation and park commission, whose terms shall end on that date. The remaining members shall nominate six persons to the mayor whose successors, after their terms expire, shall be appointed by mayor as provided in this Charter.

## **17.108 Annual Report Required by Ordinance**

As of the operative date of this Charter and until this requirement is changed by the board of supervisors, each board and commission of the City and County shall be required by ordinance to prepare an annual report describing its activities, and shall file such report with the mayor and the clerk of the board of supervisors.

# THE PROPOSED NEW CHARTER

## 17.109 Official Fidelity Bonds

The board of supervisors shall determine the initial fidelity bond requirements under this Charter within 90 days after the operative date of this Charter. Until the board of supervisors determines such requirements for officials of the City and County, the bonds existing on the operative date of this Charter shall be maintained.

## 17.110 Transportation and Municipal Utilities

The mayor and the board of supervisors may examine the public utilities commission including its departments and the department of public works. If it is determined that the transportation and utilities functions performed under the commission's jurisdiction and by that department would be performed to the greater benefit of the citizens of the City and County by reassigning those functions to departments to be known as the departments of transportation and municipal utilities, the mayor and the board of supervisors may create such departments and reassign such functions to those departments. A commission of five members, subject in all respects to the provisions for commissions in Article IV of this Charter, shall be created for each department. Until such departments are created and such functions reassigned, the department of public works shall remain under the direction and control of the administrative officer.

If deemed necessary, the mayor and the board of supervisors may authorize a study of the public utilities commission and department of public works in furtherance of the above.

## 17.111 Rules, Regulations and Administrative Code

Each officer, department, agency, board and commission responsible for rules and regulations of the City and County under this Charter shall, within 90 days of the operative date of this Charter, review all rules and regulations for which it is responsible and amend and adopt rules and regulations consistent with this Charter.

## 17.112 Protection of Incumbents

The changes in and transfers of functions, powers and duties which occur at the time this Charter becomes operative shall not affect or impair the rights or privileges of officers or employees of the City and County relating to appointment, rank, grade, compensation, tenure of office, promotion, discipline, removal, pensions and retirement, except as provided in this Charter and in no event shall such civil service rights to compensation and continued civil service status be impaired or reduced.

Whenever a position previously within the classified municipal civil service is, pursuant to this Charter, designated exempt from the civil service provisions of this Charter, the individual incumbent in such position at the time this Charter becomes operative shall be transferred to that position, but his or her civil service rights to compensation and continued civil service status shall not be impaired or

reduced.

If by the terms of this Charter, or action taken by authority of this Charter:

1. All or substantially all of the duties of any position exempt from the civil service provisions of the Charter of 1932 are transferred to another office, agency, or department, that position shall be transferred to that office, agency or department and the person holding the position on the operative date of this Charter shall continue to hold the position and perform the duties in that other office, agency, or department subject to the provisions of this Charter;

2. The transfer of functions, powers or duties to offices, agencies and departments results in the modification or discontinuance of the duties of any position exempt from the civil service provisions of the Charter of 1932, the person holding that position on the operative date of this Charter shall be appointed to that position the duties of which, in the judgment of the mayor, are most nearly comparable to the duties previously being performed, and shall hold that position and perform the functions and duties of the position subject to the provisions of this Charter;

3. All or substantially all of the duties of any civil service position are transferred to another office, agency or department, that position shall be transferred to that office, agency or department and the person holding the position on the operative date of this Charter shall continue to hold the position and perform the duties in that other office, agency or department subject to all the rights and privileges provided by the civil service provisions of this Charter; and

4. The transfer of functions, powers or duties to offices, agencies and departments results in the modification or discontinuance of the duties of any civil service position, the person holding that position on the operative date of this Charter shall be transferred and appointed to, and shall be deemed qualified for, a new or reclassified position the duties of which are most nearly comparable to the duties previously being performed, without examination or further compliance with any civil service regulations governing transfers or appointments and without reduction of salary or loss of pay.

## 17.113 Provisions Affecting Personnel and the Employment Relationship

Not later than the operative date of this Charter, the board of supervisors and the mayor shall take the necessary actions, including adequate appropriations and reassignment of personnel from other departments of the City and County, to establish and staff the personnel department and the employee relations office and to designate the chief labor negotiator for the City and County, as provided for by this Charter.

The employee relations office and the chief labor negotiator shall assume and carry out their responsibilities and exercise their authority under this Charter from and after the

# THE PROPOSED NEW CHARTER

completion of the action required by the preceding paragraph, and shall conduct the annual salary surveys required by Appendix A of this Charter for the fiscal year ending June 30, 1982, and negotiate memoranda of understanding with recognized employee organizations, for the fiscal year ending June 30, 1983. Until that time, authority and responsibility for the compensation of employees of the City and County shall continue as if the Charter of 1932 were still in effect.

The personnel department shall begin its operations and the performance of its assigned functions not later than the operative date of this Charter.

## 17.114 Civil Service Rules

The civil service commission shall adopt or reject civil service rules concerning recruitment, selection and appointment, so that they are consistent with this Charter, within six months after the personnel department begins its operations. All current rules and regulations shall remain in effect until superseded.

## 17.115 Civil Service Examinations

Examinations for civil service appointment, and protests of those examinations, shall be governed by and administered under the provisions of the Charter of 1932, and ordinances, rules and regulations adopted under the Charter of 1932, for six months after the operative date of this Charter, except that the personnel department shall have charge of such examinations when it begins operations. Thereafter, examinations for civil service appointment shall be governed by this Charter and the rules and regulations adopted under this Charter, such rules and regulations to be adopted to become operative not later than six months after the operative date of this Charter.

## 17.116 Exempt Positions

The board of supervisors and the mayor, through the budget for the fiscal year ending June 30, 1982, shall designate the positions exempt from civil service, within the categories provided in Article X of this Charter.

## 17.117 Temporary, Limited-Tenure and Provisional Appointments

The employment of all temporary, limited-tenure and provisional employees, appointed under the Charter of 1932, whose appointment does not meet the provisions of this Charter, shall be terminated within five years of the operative date of this Charter in accordance with the rules and regulations governing layoffs, except that such temporary, limited-tenure and provisional employees may qualify for certification as eligibles under rules and regulations expressly authorized by ordinance. Such ordinance may establish special credit for civil service examinations for years of ser-

vice or, through other methods, recognize the service of such employees who have held such employment for more than six months at the operative date of this Charter.

## 17.118 Salaries of Elected Officials

The salaries of all elected officials shall remain at the level in existence on the effective date of this Charter until changed pursuant to the provisions of Section 2.124 of this Charter.

Map of Supervisorial Districts proposed by Proposition N

# DISTRICT ELECTION OF SUPERVISORS

## PROPOSITION N

Shall the members of the Board of Supervisors be elected by district rather than at large?

### Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** Since 1976 the 11 members of the Board of Supervisors have been elected by district. In August 1980 district elections were repealed and the 11 supervisors are now elected by city-wide vote. Supervisors serve four-year terms and run for election in November of even-numbered years.

**THE PROPOSAL:** Proposition N would repeal the city-wide election of members of the Board of Supervisors. Supervisors would be elected by district. The Supervisors who were in office and the 11 districts which were in effect

before August 1980 would continue. Supervisors would be elected in November of odd-numbered years for four-year terms. If Proposition N passes, the candidates for Board of Supervisors on this ballot who are elected would not take office.

**A YES VOTE MEANS:** If you vote yes, you want the Board of Supervisors to be elected by district.

**A NO VOTE MEANS:** If you vote no, you want the Board of Supervisors to be elected by city-wide vote.

### How Proposition N Got on the Ballot

#### By Initiative

On September 8 City Registrar of Voters Jay Patterson certified that the initiative petition calling for Proposition N to be placed on the ballot had qualified for the ballot.

Citizens for District Elections, the proponents of the initiative had filed 40,980 signatures with The Registrar on September 4. After examining the signatures, Patterson determined that there were 32,640 valid signatures. This is more than the 22,547 signatures needed to put an initiative Charter amendment on the ballot.

22,547 represents 10% of the number of people who voted for governor in 1978.

### Controller's Statement on "N"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition N:

"Should the proposed initiative be approved, in my opinion, it would neither increase nor decrease the cost of government."

#### By Supervisors' Vote

On September 23, 1980 the Board of Supervisors voted 11-0 to submit Proposition N to the voters on its own motion, independently of the initiative process.

Charter amendments may be proposed to the voters by initiative petition or by action of the Board of Supervisors or by both. In this case it happened both ways.

# DISTRICT ELECTION OF SUPERVISORS

## ARGUMENT IN FAVOR OF PROPOSITION N

What do the Chamber of Commerce, the Apartment-house Owners Association, Bank of America, Fairmont Hotel, Republican County Committee and Pacific Telephone all have in common? They bankrolled the August campaign to repeal District Election of Supervisors, in which the lowest number of San Franciscans voted in over 60 years. Why do they want District Elections repealed? Because they are dedicated to the most democratic and representative form of government for San Franciscans? No, or they would have waited for us to be in town to vote on such a basic question. Is it because they are concerned with the protection of our neighborhoods, the development of a citywide housing policy which places the needs of residents first, or the continued provision of vital city services to the elderly, the ill and families with children? Certainly not, or they wouldn't have called for a midsummer "special" election which cost \$500,000 of our critically needed tax dollars to overturn the district-elected Board which has been accomplishing those very tasks.

District Elections has been under repeated attack, not because it fails to represent all the people, but because it does just that. The Chamber and its friends simply do not want to share political power with the rest of us. It's as if they think running our city is "too important" for the people to have an effective and continuing voice in the matter. But it was the people—over 40,000 of them—who signed petitions in just twelve days to put the matter on this ballot, when at least half of us will vote.

Proposition N is the single most important local issue on the ballot. The political future of our City is at stake. Will a few hand-picked, downtown-financed candidates run the City, or will the residents of the City, through their directly elected representatives, govern themselves? The choice is finally yours. Vote YES on Proposition N.

**SAN FRANCISCANS FOR DISTRICT ELECTIONS—80**

## ARGUMENT IN FAVOR OF PROPOSITION N

- Citywide campaigns require expensive media. Who contributes? Wealthy special interests seeking higher rents or garbage fees, or expensive projects? Your city loses!
- District elections are local, accountable to your neighborhood.

- Our district supervisors work harder, are more representative of all our people.
- We elect Congress by districts. Why not Supervisors?

## ARGUMENT IN FAVOR OF PROPOSITION N

District Elections made the promise of the 19th Amendment a reality with the election of five women supervisors who have dealt more effectively with issues important to women such as housing, child care, criminal justice, credit.

District elections created a Board which was truly representative of women's views. Vote yes on Proposition N.

## ARGUMENT AGAINST PROPOSITION N

San Franciscans have not gone backward, but forward by repealing district elections of City Supervisors.

Under district elections more than half the voters were represented by only four supervisors—a totally inequitable representation. It meant that less than half of the voters could control the Board of Supervisors.

Under district supervisors we have actually received less representation. A voter has only one supervisor instead of the eleven under City-wide elections and these district supervisors have continually attempted to enact laws which the voters have already unanimously rejected.

District supervisors are subject to far more influence from small, special interest groups than are supervisors elected City-wide, who are beholden only to the total voting public.

We have found in this last district election that district elections cost no less than City-wide elections—even more.

Don't give up ten of your eleven supervisorial votes, support City-wide elections.

Vote NO on Proposition N.

## ARGUMENT AGAINST PROPOSITION N

Vote No on N!

### Professionalism is Needed in Government

Once again, the voters must decide on the method of electing supervisors, and once again it is important to stress the need for city-wide elections.

District elections were conceived by a handful of radicals claiming to represent "all" of San Francisco. Their purpose was to enhance their own power, which they have done with relative ease.

To deal effectively with the complex myriad of social and economic problems besetting municipal government today, a multi-racial board of business and professional people; peo-

ple who are able to make sound, logical and rational decisions based on professional knowledge and experience, and who are accountable to all, should be elected. We don't need radical rhetoric, we need jobs and capital investment! However, the district board seems intent on driving business out of town, rather than promoting it.

On August 19, you voted to get your eleven votes back. On November 4, vote to keep them! VOTE NO ON N!

# DISTRICT ELECTION OF SUPERVISORS

## ARGUMENT AGAINST PROPOSITION N

• Vote NO on "N"! This is a simple issue! A NO vote means you retain ALL ELEVEN of your newly acquired Supervisorial votes, CITYWIDE, and do not go backwards to ONE CHANCE to vote for ONE neighborhood Supervisor, ONCE every FOUR YEARS!

• Vote NO on "N" if you want ALL ELEVEN Supervisors to be accountable to YOU, and ALL ELEVEN need YOUR votes to be elected!

• We gave the "Banana Republic" district system a fair trial. It proved to be divisive and disastrous! We need a Board with an acceptable level of common sense, wisdom, and courtesy. They must have a deep concern for the well being and prosperity of ALL San Franciscans, no matter where they live. While some of the incumbents are doing an excellent job, a significant number of the present Board members have proven to be totally unqualified to frugally manage our BILLION dollar a year budget intelligently. Look at their anti-jobs, anti-housing, anti-business, anti-construction voting records! We must replace these incompe-

tents immediately, before they can do more damage to the City!

• From the huge list of new Supervisorial candidates on this ballot, surely we can select some economically sophisticated, knowledgeable, dedicated members who will dramatically upgrade the overall caliber of Supervisors taking office in January!

• To be elected, they will have demonstrated CITYWIDE support and respect. They must faithfully represent ALL San Franciscans, in ALL districts of the City, irrespective of age, race, color, creed, or sexual orientation.

• It's performance down at City Hall in solving the ENTIRE City's major problems that really counts!

• Don't GIVE AWAY ten of your newly acquired Supervisorial votes!

• Vote NO on "N"!

## ARGUMENT AGAINST PROPOSITION N

For the past four years San Francisco has been a divided city.

Now we have a chance to be a reunited city if you vote against district elections.

Until 1976 San Francisco voters had the right to participate in the election of all eleven members of the Board of Supervisors. District elections reduced our rights by allowing us to vote for only one member of the Board every four years.

The August election gave us the right to vote for all the members of the Board of Supervisors again. It doesn't make any sense to just turn around and take it away at the same time we are electing all eleven supervisors.

Let's look at what has happened while we had district elections.

• Instead of being more representative, the supervisors tried

to become well-paid, full-time politicians.

• Instead of reducing the cost of running for office, they have made it more costly. In fact, two supervisors each spent more than \$90,000 in declared expenses just to get elected from a district for a \$9,600 position.

• Instead of solving City problems, they spent their time trying to raise taxes, playing political games and wrangling over things they can't affect, such as international affairs. How many of the district supervisors really represent your interests—and how many of them could you do anything about?

Let's not go backward. Vote against district elections so we have a chance to pick up the pieces and put the City back together.

Former Member San Francisco Board of Supervisors

## ARGUMENT AGAINST PROPOSITION N

Vote against DOMINATION of CITY HALL by NARROW issues and interests. Reject a DISTRICT BOARD where equal representation of districts with unequal voter registration and turn-out stack the deck against San Francisco's moderate majority; retain your right to ELECT ALL 11

SUPERVISORS. Avoid disrupting our CITY'S GOVERNMENT.

# DISTRICT ELECTION OF SUPERVISORS

## ARGUMENT AGAINST PROPOSITION N

### Vote No on Proposition N

What more can we say about district election of supervisors that hasn't already been said?

The district election system was a costly, divisive, and unfair system of electing members of the board of supervisors. The voters were wise in their decision to repeal district elections last August and we urge them to reaffirm that decision by voting NO on Proposition N.

District elections have proved to be costly in that City government has become bogged down in special interest politics while critical problems remain unsolved. A good example is the housing crisis. The present board knuckled under to selfish special interests in a few areas and rejected a carefully written, badly needed housing policy for San Francisco.

District elections have proved to be divisive with supervisors taking a narrow look at problems based upon the strongest pressures in their own districts, often to the detriment of the City as a whole.

Perhaps the strongest argument against district elections,

however, is that the scheme that was just repealed—and that Proposition N seeks to reinstate—is simply unfair. Under the district election scheme barely 30,000 voters—less than five percent of the total population—got to elect five members of the Board of Supervisors. How can a system be fair when some districts have more than twice as many voters as other districts?

City-wide elections assure good government by making every supervisor accountable to every voter.

Eleven votes or one. That's what Proposition N boils down to. If Proposition N passes, you will get one vote, on one supervisor—every four years! If you reject Proposition N, you will have a chance to vote for or against every member of the board.

It's time to put an end to the divisive battle over district elections. We hope you will cast a resounding NO vote on Proposition N and keep San Francisco in one piece.

*Gregory P. Hurst, Vice President, Public Affairs*

## ARGUMENT AGAINST PROPOSITION N

If Proposition N is passed there will be two groups of people claiming the eleven supervisorial seats.

This can only be decided by the courts, costing San Franciscans a lot of money and confusion.

Further, Proposition "N" puts people in office without al-

lowing anyone else to run for election.

To avoid confusion, vote for eleven supervisors at large and vote "no" on Proposition "N".

*Pat Kelly*  
Former San Francisco Deputy City Attorney

## ARGUMENT AGAINST PROPOSITION N

The supporters of district elections made a lot of false promises about better representation for minorities—especially Asian and Latino citizens of San Francisco.

What happened? There are no members of either of these large and important communities on the Board of Supervisors today. And even worse, their influence on the people who do serve on the Board has been almost completely wiped out by the district election system.

With the City-wide election we have a better chance for representation of our communities on the Board of Supervisors. All eleven had to pay attention to us.

Don't be fooled again by the district election people's phony promises. Vote against district elections. Let's keep our voice in City Hall.

*George Y. Chinn*  
Former Supervisor

## ARGUMENT AGAINST PROPOSITION N

San Franciscans voted to return to the City-wide method of electing members to the Board of Supervisors just this last August.

Within days after the election the proponents of district elections were on the streets collecting signatures to place the question before the voters once again.

We haven't even had a chance to let this process go into

effect and they want to go back to a process of questionable value.

It sounds like poor losers trying to confuse the process. Vote against district elections.

# DISTRICT ELECTION OF SUPERVISORS

## ARGUMENT AGAINST PROPOSITION N

Democracy is a fragile experiment. It works best when all the people actively participate, openly and honestly. It is not working in San Francisco. District elections have served only to divide the city. Nothing positive has come from our current divided Board of Supervisors. There is no real housing policy, economic development policy, or even a believable wastewater system.

Last year I suggested a compromise—six district and five

at large Supervisors. This would provide the best representation—and, once elected, I shall introduce legislation to effect this compromise and end this political instability.

Vote FOR San Francisco. Vote NO on ward politics. Vote NO on Proposition N.

N

relating to recall of elective officials, shall not apply to the election or recall of members of the board of supervisors, but provision for the foregoing shall be set forth in an ordinance which shall be adopted by the board of supervisors pursuant hereto; provided, however, that adoption of such ordinance by the board of supervisors shall be solely for the purpose of applying the provisions of Sections 9.104, 9.105, 9.108 and 9.111 of this charter to the election or recall of supervisors by districts, and shall not otherwise alter or diminish the provisions of said sections as to election or recall of supervisors.

No person elected mayor or supervisor shall be eligible, for a period of one year after his last day of said service as mayor or supervisor, for appointment to any full-time position carrying compensation in the city and county service.

## 9.104 Nomination of Elective Officers

The name of a candidate for an elective office shall be printed upon the ballot when a declaration of candidacy and certificates of not less than twenty or more than thirty sponsors shall have been filed on his behalf and when the nominations shall have been made in the following manner: The candidate not more than seventy-five days before the municipal election in November shall file with the registrar a declaration of his candidacy in the form prescribed by the registrar for all candidates including statements of his qualifications not to exceed one hundred words subscribed by him before the registrar. The registrar shall forthwith certify to the said subscription and its date and retain and file the declaration. The candidate shall pay to the registrar at the time of filing his declaration of candidacy and a sum equal to two percent (2%) of the current annual salary for the office for which he is a candidate. In lieu of such filing fee a candidate may submit to the registrar signatures of voters registered in San Francisco as provided in the general laws of this state. After said declaration shall have been signed, certified and filed, and not later than sixty days before the election each candidate shall file with the registrar, on forms published by him, not less than twenty nor more than thirty sponsors, who are electors qualified to vote at said municipal election and who shall sign and certify under the penalty of perjury to the qualifications of said candidate.

In the event the registrar shall refuse to file such declaration of candidacy, petition in lieu of filing fee or certificate of a sponsor thereof, he shall forthwith designate in writing on the declaration, petition or certificate the defect thereof, or other reason for refusing to file the same and shall return the same to party tendering it. No defect in any declaration, petition or certificate presented to the registrar shall prevent the filing of another declaration, petition or certificate within the period allowed for presenting the declaration, petition or certificate. The name of every candidate who has been duly and regularly nominated shall be placed on the ballot under the title of the office for which he is a candidate, provided that a candidate whose nomination has been completed, may, not less than fifty days before a municipal election, withdraw as a candidate by filing with the registrar his withdrawal naming the office; such withdrawal must be signed and sworn to by the person withdrawing.

The name of every municipal candidate except supervisorial candidates who has been nominated for an office to be elected throughout the city and the county as hereinbefore provided shall be placed on the ballot in accordance with the general laws of the state under the heading of the office for which said candidate has been nominated in the following manner: In elections to be held when there are no supervisor-

ial elections the name of the candidate highest on the list of candidates for any particular office shall be printed last on the ballot under the proper heading for said office in the lowest numbered assembly district in the city and county. Thereafter, in each succeeding assembly district the name of the candidate appearing first for said office in the last preceding assembly district shall be placed last and the order of the names of the other candidates for said office shall remain unchanged. In elections to be held when there are supervisorial elections, the name of the candidate highest on the list of candidates for any particular office shall be printed first on the ballot under the proper heading for said office in the lowest numbered supervisorial district in the city and county. Thereafter in each succeeding district, the name of the candidate appearing first for said office in the last preceding supervisorial district shall be placed last and the order of the names of the other candidates for said office shall remain unchanged.

In the event that the number of candidates in any group shall exceed the number of assembly districts or supervisorial districts in the city and county, then the total number of candidates in such group shall be divided by the number of assembly districts or supervisorial districts and the quotient of said division, of an integral number, or, if it be a fractional number, then the next highest integral number shall be the number of candidates to be taken from the beginning of the list of said candidates and placed at the end of said list of candidates in each succeeding assembly district or supervisorial district.

Immediately under the name of each candidate and not separated therefrom by any line may appear at the option of the candidate one of the following designations:

(a) Words designating the city, county, district or state office which the candidate then holds. Such designations shall not include a party affiliation of the candidate.

(b) If the candidate be a candidate for the same office which he then holds and only in that event the word "incumbent."

(c) The profession, vocation or occupation of the candidate in not more than nine words.

In all cases words so used shall be printed in eight-point roman boldface capitals and lower-case type.

No incumbent shall have any further preference in the location of his name on said ballot unless the same is permitted by this section.

The registrar shall preserve in his office for a period of four years all candidates declarations, petitions and all sponsors certificates filed in accordance with this section.

## **PROPOSITION F**

**Shall policemen and firemen who were members before November 1, 1976 be allowed to transfer to the Retirement Plan in effect after November 1, 1976 and be compensated up to \$40,000 based on years of service for electing to transfer?**

**PROPOSITION L**

**DECLARATION OF POLICY: Shall the Board of Supervisors submit a Charter amendment to adjust cost-of-living increases or decreases in retirement allowances for miscellaneous employees, from funds legally available for such purposes, in accordance with percentage cost-of-living allowances determined to be in effect annually in other San Francisco Bay Area counties; provided that such cost-of-living allowances to San Francisco retired employees or beneficiaries shall not be less than 2 percent annually?**

**PROPOSITION M**

**DECLARATION OF POLICY: We, the people, declare that San Francisco must increase the taxes paid by its largest corporations. It is fundamentally unjust that large corporations, such as giant oil companies whose profits will exceed \$1 trillion in the 1980's, pay a lower rate of taxes than the average wage-earner; and that San Francisco's huge banks and insurance companies pay no local business taxes at all. We pay our share, and so should they.**

**ATTACHED TO VOTOMATIC; NEVER WITH PEN OR PENCIL**

**INSTRUCTIONS TO VOTERS:**

To vote for all of the electors of a party, punch the ballot card in the hole opposite the names of the presidential and vice presidential candidates of that party. A hole in the ballot card opposite the name of a party and its presidential and vice presidential candidate is a vote for all of the electors of that party, but for no other candidates.

To vote for those electors who have pledged themselves to vote for a candidate for President and Vice President not supported by any particular party punch the ballot card in the hole opposite the names of those presidential and vice presidential candidates.

To vote for those electors who have pledged themselves to vote for a candidate for President and Vice President of any party not qualified to participate in the election write in the names and party of those presidential and vice presidential candidates in the blank space provided for that purpose, on the write-in ballot envelope.

To vote for any other candidate of your selection, punch the ballot card in the hole opposite the candidate's name. Where two or more candidates for the same office are to be elected, punch the ballot card opposite the name of all candidates for the office for whom you desire to vote, not to exceed, however, the number of candidates to be elected.

To vote for a qualified write-in candidate, first write the title of the office in the blank space provided for that purpose on the write-in ballot envelope and then after the title of the office the person's name in the blank space provided for that purpose.

To vote on any measure, punch the ballot card in the hole opposite the word "YES" or after the word "NO".

All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly punch, tear or deface the ballot card, or tear or deface the write-in ballot envelope, return it to the precinct board member and obtain another.

**ANTES DE VOTAR DEBE INSERTAR LA TARJETA EN LA VOTOMATIC**  
**PERFORE LA TARJETA UNICAMENTE CON EL PUNZON ATADO**  
**A LA VOTOMATIC. PROHIBIDO USAR PLUMA O LAPIZ.**

**INSTRUCCIONES A LOS VOTANTES:**

Para votar por todos los electores de un partido, perfore la tarjeta de balota en el agujero al lado de los nombres de los candidatos presidencial y vice presidencial de ese partido. Un agujero en la tarjeta de balota al lado del nombre de un partido y su candidato presidencial y vice presidencial, es un voto por todos los electores de ese partido, pero por ningún otro candidato.

Para votar por aquellos electores que se han comprometido a votar por un candidato para Presidente y Vice Presidente sin el apoyo de ningún partido en particular, perfore la tarjeta de balota en el agujero al lado de los nombres de esos candidatos presidencial y vice presidencial.

Para votar por aquellos electores que se han comprometido a votar por un candidato para Presidente y para Vice Presidente de cualquier partido no calificado para participar en la elección, inserte por escrito los nombres y el partido de esos candidatos presidencial y vice presidencial en el espacio en blanco provisto para ese propósito en el sobre de balota para insertar por escrito.

Para votar por cualquier otro candidato de su selección, perfore la tarjeta de balota en el agujero al lado del nombre del candidato. Cuando han de ser elegidos dos o más candidatos para el mismo oficio, perfore la tarjeta de balota al lado del nombre de todos los candidatos para el cargo por quienes usted desea votar; pero sin exceder el número de candidatos que se deben elegir.

Para votar por un candidato calificado para inserción de su nombre por escrito, escriba primero el título del cargo en el espacio en blanco provisto para ese fin en el sobre de balota para inserción por escrito, y luego después del título del cargo, el nombre de la persona en el espacio en blanco provisto para ese fin.

Para votar sobre cualquier medida, perfore la tarjeta de balota en el agujero al lado de la palabra "SI" o luego de la palabra "NO".

Todas las borraduras o marcas distinguibles están prohibidas y anulan la balota.

Si usted equivocadamente perfore, rompe o estropea la balota, o rompe o estropea el sobre de balota para inserción por escrito, devuélvaselos al miembro del consejo del recinto y obtenga otros.

(Incluye instrucciones para el elector en español. Consulte el manual del elector.)

# CANDIDATES FOR BART DIRECTOR

## FOR DIRECTOR, DISTRICT 7

### WILFRED T. USSERY

My age is 51.

My occupation is Urban Planner.

**My education and qualifications are:** I am a product of the Bay Area — a graduate of Berkeley public schools, and San Francisco City College. An Architectural Designer and Urbanologist. I have studied and lectured at University of California, Berkeley. I have worked for several major architectural firms in the Bay Area, and was founder and President of an urban consulting organization. As an early activist in the struggle for civil rights, I was National Chairman of CORE in 1967, 1968 and 1969, and a principle strategist in the movement to improve the economic situation of Bay Area ethnic minorities. My deep concern for societal equity has not diminished over the years, and I have extended my involvement to include support for the civil rights of all minorities, women and gays. My planning and urban development experience and ability as a creative, innovative thinker, are needed at BART. I know how to integrate the multiple impacts of BART and help develop policy thrusts which will benefit the area economically, socially and environmentally. Through my extensive community involvement and service on the BART Board, I have earned the trust and respect of a wide variety of Bay Area residents. I am uniquely qualified to serve District 7.

WILFRED T. USSERY

### POLLY THOMAS

My age is 35.

My occupation is Lawyer.

**My education and qualifications are:** I have lived in the Bay Area for 11 years, received my law degree from Hastings College in San Francisco in 1973, and have spent my entire legal career in public interest law.

BART has had a notorious safety record from the time it opened. Two employees were killed even before the terrible tunnel fire of 1979, which injured 46 people and killed one fireman because of inadequate safety procedures and equipment. I worked at that time with the Riders for a Safe BART Committee in actions to demand consumer protection. I am now running for the BART board because I believe that we need a board which will put human safety first and not just be a rubberstamp for management's policies.

We were promised that BART would pay for itself with fares, but since 1969 taxpayers have paid for BART with a ½% sales tax. BART is one of the biggest boondoggles that big business has ever known. The corporations that built BART — at twice the cost they had said — made huge profits at public expense. We need a BART board that will make BART accountable to the public who have quite literally paid for it.

POLLY THOMAS

## FOR DIRECTOR, DISTRICT 9

### JOHN H. KIRKWOOD

My age is 33

My occupation is BART Director

**My education and qualifications are:** I am a graduate of Lick-Wilmerding High School and Stanford University. After two terms as a fulltime BART Director, I seek re-election because I believe BART has made substantial improvements in service quality but that a great deal remains to be done to provide a dependable transit system which is truly useful to San Franciscans. Last year as president of the BART Board, I led major new programs for fire safety, greater reliability and more frequent trains, including direct service San Francisco to Berkeley-Richmond. In the same

year I negotiated new labor agreements that have now brought BART wages and salaries back in line with comparable pay scales. After passage of Proposition 13 we cut our budget by \$7 million and at the same time reduced BART's dependence on the sales tax by 25%. I authored a BART-/Muni/AC Transit "Superpass" to permit through transfers on the three systems with a single fare. I have the knowledge, experience and determination to insure that the improvement programs I have initiated are achieved. I ask for your vote on November 4th.

# CANDIDATES FOR JUDGE

FOR MUNICIPAL COURT JUDGE, OFFICE # 1

## INA LEVIN GYEMANT

My occupation is Deputy Attorney General of California. My education and qualifications are: Native San Franciscan, Lowell High School, UC Berkeley, Hastings Law School, Law Journal.

70% of the cases before the Municipal Court are criminal cases. I am an experienced criminal attorney—the other candidate for this judicial position has publicly stated that he has no experience in criminal law.

I am presently Deputy Attorney General in the Criminal Division for the State of California, former San Francisco Deputy Public Defender, trial lawyer in private practice and staff attorney for the Supreme Court of California. For the last ten years my husband and I have been foster parents of delinquent wards of our courts.

I know we can substantially improve our San Francisco courts. I have seen how trials are unnecessarily delayed, dangerous offenders released and those who could be rehabilitated lost in an ineffective criminal justice system.

I am committed to immediate, thorough and fair trials, protection of the public from potentially dangerous offenders, and close supervision of all who are convicted.

I ask your support for this office which is being vacated by Judge Samuel Yee.

My supporters include: Mrs. Samuel Yee; Judge Marie-Victoire; Judge von Beroldingen; Justice Harold Brown, Retired; Judge Raymond Reynolds, Retired; Judge Mary Moran Pajalich, Retired; former Attorney General Thomas Lynch; Mrs. Arlo Smith; former Public Defender Robert Nicco; Police Chief Thomas Cahill; Retired; Police Chief Al Nelder, Retired; San Francisco Bar Association—twelve past Presidents; San Francisco Police Officers' Association; National Women's Political Caucus; Supervisor Louise Renne; former Mayor George Christopher; Yori Wada, UC Regent; State Commissioner Del Martin; School Board Members Jule Anderson and Myra Kopf; San Francisco Commissioners Agnes Chan, Jo Daly, Ina Dearman, Carlotta del Portillo, Walter Jebe, Phyllis Lyon, William Moskowitz, Jane McKaskle Murphy and Emily Pike; John Henning, Jr.; Jack and Charlotte Mailliard; Melvin Swig; Maureen Conroy; Rea Bernstein; Mrs. Louis Garcia; Putnam Livermore; former Assessor Joseph Tinney; Melvin Belli; Bob Ross; Margaret Cruz; Jack Goldberger; Fred Furth; John Sutro; former Supervisor Don Fazackerley; former Supervisor Harold Dobbs; Anselmo Revelo; Sam Jordan; Ruth Church Gupta; Jerry Berg; Eduardo Sandoval; Angelo Rolando; Joe Allen; Bob Schmidt; Mildred Levin; Manuel Levin; John Wong; Jesse Levin; Lois Towles Caesar; Ann Alanson Eliaser; George Mendenhall; Dong Kim; Nate Cohn.

## HENRY HITZ

My address is 7 McCarthy Avenue.

My occupation is Teacher.

My age is 36.

My qualifications for office are: As a teacher for ten years, I've seen the incumbents fiddle while schools crumble, leaving the community fighting over the crumbs. As an organizer of the big Sacramento march for education last year, I understand the need for unified parent-teacher-student campaigns to put educational improvement above cost-cutting locally, and above military extravagance nationally. Students must be guaranteed the right to read.

As Treasurer of the Childcare Switchboard, I've learned that fiscal problems diminish when improved programs rekindle public confidence. I'll support district elections for school board if the board can't overcome its domination by power-hungry superintendents.

## SUSANNE L. JONAS

My address is 3300 Folsom Street.

My occupation is Author, Editor, Political Scientist.

My qualifications for office are: Master of Arts in Teaching (Harvard University); Ph.D. in Political Science (U.C. Berkeley); experience as teacher and education researcher; experience as legislative assistant in U.S. Senate and political campaigns; politically active for over 15 years; fully bilingual in Spanish. As an educator, parent, and long-time Bay Area resident, I am extremely concerned about the deterioration of public education for working people in San Francisco. ## THE REV. DR. TONY UBALDE

My address is 829 Duncan Street.

My occupation is clergy/educator.

My qualifications for office are: I believe public education has made America great. As a minister, educator, taxpayer and parent of two "public school" children, I am concerned that public education is being given second class treatment; that our children are not receiving the quality education they should. I want to put my commitment and experience as a commissioner and community leader to work for our schools.

I will work to restore public confidence in our schools, provide our children with a safe learning environment, seek resourceful, predictable funding, support teachers and administrators to ensure that they are productive, and make parental involvement a reality.

Working class adults have a right to education, yet our Community Colleges are in danger from cutbacks. The wealthiest corporations have headquarters here but don't pay their fair share to support education. I support Proposition M to Tax the Corporations, to improve adult education.

My qualifications for office are: 31 years in the Bay Area; Ph.D. from the University of California, in criminology; Dean's scholar; several government fellowships; Professor at Northeastern Illinois University; active in the American Federation of Teachers.

Working adults have had to fight for an education within an overcrowded, understaffed system. Community colleges are therefore a key service, which I wish to see improved by taxing the largest corporations at a higher rate under Proposition M. I myself attended community colleges and know their problems, and will work to make the community college system meet the needs of all working adults.

Education is a human right, yet it is dying. As the conglomerates crowd San Francisco, services and government responsibility disappear. ## PAUL BONEBERG

My address is 647A Castro Street.

My occupation is housing restoration.

**My qualifications for office are:** An unflinching belief that the best way to approach San Franciscans is with the hard facts. It is my observation that:

1. Our city is becoming politically polarized to our detriment.

2. This situation is worsening because an increasing number of residents no longer define themselves politically as San Franciscans, i.e. less than fifty percent of those eligible vote.

3. I have therefore urged responsibility to San Francisco before any special interest group including my own—the gay community.

4. I ask you to contrast this effort with other candidates' campaigns as an evaluation of my candidacy.

## HARRY BRITT

My address is 3622 16th Street.

My occupation is Member, Board of Supervisors.

My age is 42.

**My qualifications for office are:** In nearly two years as Supervisor, I have worked hard on citywide problems such as preserving neighborhood fire and police stations, libraries and parks; helping renters, neighborhood merchants, and Muni riders; and opposing the sewer tax and cutbacks in programs for seniors.

Last December this record resulted in my election to a four year term with the highest supervisorial vote in San Francisco.

I am deeply committed to District Elections because it allows for the voices of all communities and neighborhoods to be heard at City Hall as they were seldom heard before. I pledge to work to restore District Elections.

## PATRICK J. CORBETT

My address is 200 Miramar.

My occupation is Painting Contractor.

My qualifications for office are: As leader of several Civic and Social Organizations, I believe that San Francisco needs new leadership on the Board of Supervisors. Fiscal Conservation, while meeting our social responsibilities, requires that each tax dollar be wisely spent to stem increasing crime rate, achieve improvement in Muni service, and provide decent housing for those on fixed and low incomes.

San Francisco must qualify for State and Federal funds to ease local taxes and benefit from our taxes sent to Sacramento and Washington. Our City, our lives, and our environment can be improved through intelligent action and cooperation; together we will achieve these goals.

**My qualifications for office are:** City Hall has a habit of turning a deaf ear to taxpayers. However, Big Money Interests have no trouble getting City Officials to listen to them. It's the same Big Money Interests who talked City Hall into letting us pay for an overdesigned, overpriced and environmentally unsound Sewer Project. The \$2.6 billion project's energy needs will be astronomical.

As Chairman of Citizens to Stop the Sewer Tax, I have been fighting for repeal of the repressive sewer service charge. I will carry that fight into City Hall. Help me put an end to Big Money's influence on our politicians.

## MARK GLEASON

My address is 3930 California Street

My occupation is Individualist/Truck Driver

**My qualifications for office are:** I'm a native San Franciscan, active in community affairs, including anti-draft, anti-tax, marijuana reform, and anti-rent control.

The BART tax, sewer scandal, Yerba Buena and the city as slumlord to 22,000 people in public housing are crimes—disasters which will cause the downfall of our city.

Feinstein and the Board owe their allegiance to Washington politicians. Let's tell them to go to hell—we won't take any more!

I pledge to oppose all increases in government spending and interference in the private lives of citizens.

Call me—861-2982

You have 11 votes for supervisor. You can afford one for individual liberty.

## F. "SAM" GOELTZ

My address is 130 Clifford Terrace.

My occupations is Pilot/Engineer.

My age is 48.

**My qualifications for office are:** I am broadly-based in life experiences and deeply concerned about the quality and liberty of every human life. I have risked imprisonment as a spokesperson for our rights to speak freely and retain our legitimate possessions.

A lack of productive employment is hurting all the people of San Francisco—poor, middle class, well-to-do. Government is the cause, not the cure, because it restricts investment, free trade, education and participation in business. Enforced poverty, destructive taxation and rampant crime result.

Restrict government, stimulate investment, and make San Francisco a freeport of liberty and prosperity.

Vote "Sam" for liberty. It's free. 564-8844

## BOB GONZALES

My address is 361 Pennsylvania Avenue.

My occupation is Attorney.

**My qualifications for office are:** The present Board has given San Francisco the most expensive government in its history; doubled muni fares; closed fire stations in the name of economy; and asked the voters to triple their salary! The Board continually indulges in divisiveness, petty bickering and name calling.

San Francisco is entitled to Board members that care about all its people and all its problems; the entire City is my priority. My experience and past record gives the voters a clear choice.

Does the City stagnate with the present Board membership or do we move forward working together? I ask for your vote.

## STEVEN T. HANKS

My qualifications for office are: simple. I need the work. Like many San Franciscans, I would be happy to make \$9600 a year. In addition, I will seek to reopen the Fleischacker Pool and to rebuild Playland-at-the-Beach. I oppose the conversion of the Beach Chalet into a fancy restaurant most people cannot afford. I advocate its return to the VFW. I support a return to district elections. I will not fall asleep, read the paper, or talk too much at meetings.

## MARJORIE D. MARTIN

My address is 182 Diamond Street.

My occupation is Real Estate.

My qualifications for office are: In 1975, I worked to defeat Z'Berg's Casino-gambling Bill, 1976 Dog-Racing, 1977 Cline's State Lottery Bill. I oppose the Peripheral Canal (SB200).

I encourage hiring the finest morally qualified school teachers for San Francisco's school children.

San Francisco is a high unemployment city. Wise city-management would be to hire only San Francisco residents to fill vacancies in the Police, Fire and School Departments.

Municipal jobs for San Francisco residents.

San Francisco needs new solutions to old problems. Constructing a man-made island in the five-fathom bank west of ocean beach for a refuse site, would permanently solve San Francisco's garbage dumping problem.

## DENNIS PERON

My address is 3745 17 Street.

My occupation is Agricultural Products Distributor.

My age is 34.

My qualifications for office are: IS MARIJUANA A MINOR ISSUE? Tell the police who still beat, bust and shoot to enforce anti-pot laws. For running my marijuana super-market, I still carry a policeman's bullet in my leg. Marijuana won't be a minor issue when you or your friends are busted. Yes, I'm a one-issue candidate—which is one issue more than most politicians have. For years I've opposed crimeless crimes—especially through the victorious Marijuana Initiative. I'm running not to win election, but to make a statement of principle, of idealism. (Yes on N.) Save one of your votes for yourself, for a principle—for Dennis Peron.

## DAVID A. ROBERTS

My address is 2485 - 23rd Ave.

My occupation is Administrator.

My qualifications for office are: I will work to make "everybody's favorite city," San Francisco, a good place to live and to work. It is already a good place to visit.

To do this we must control the cost of government and we must be sure that city services are fairly distributed. Public transportation, health services, fire and police protection, and educational services all can be improved to better meet the needs of San Francisco's citizens.

Our city needs more jobs, more housing, better services for our retired citizens, and better solutions to San Francisco's problems of the 1980's. As your supervisor, I will work to make San Francisco the place to live and work—as well as to visit.

The Charter also explains what a "remote" interest is and how such a matter is to be handled by the board or commission involved.

**THE PROPOSAL:** Proposition B further explains conflicts of interest and prohibited practices. Any officer or employee with a conflict of interest must give up the interest within 60 days or leave the job. Proposition B also broad-

ens the meaning of "remote" interest and requires an officer or employee not to vote on a matter of "remote" interest. Any person convicted of violating the law on conflict of interest or prohibited practice would be removed from office and would also be subject to a fine and/or jail sentence.

**A YES VOTE MEANS:** If you vote yes, you want conflict of interest made clearer and remote interest broadened. You also want stronger penalties for conviction.

**A NO VOTE MEANS:** If you vote no, you want the Charter section on conflicts of interest and prohibited practices to remain as it is.

# Conflicts of Interest

## ARGUMENT IN FAVOR OF PROPOSITION B

This Charter amendment is in effect a "housekeeping" measure. It amends Section 8.105 of the charter dealing with conflict of interest rules governing City workers and members of City commissions and boards, including the board of Supervisors. In most instances the provisions are revised to conform to provisions of State law. In other subsections, the Charter is amended to conform to court decisions or court approved practices with respect to any matter where a member of a board of commission should disqualify him or herself

from voting because of an interest which is prohibited.

### Vote Yes on Proposition B

As the lead co-author of the 1974 wholesale revision of the City's conflict of interest charter provisions, I recommend a "yes" vote on Proposition B, which does not weaken conflict of interest rules, but merely clarifies disqualification practices where there might be any potential conflicts of interest.

Submitted by: *Supervisor Quentin L. Kopp*

## ARGUMENT IN FAVOR OF PROPOSITION B

### Vote "Yes" on Proposition B

A YES vote on Proposition B will conform the City's conflict of interest provisions with those contained in State law.

Currently, the charter compels resignation by a citizen serving on a board and/or commission who has, or whose family may have, a remote or indirect interest in matters before the board or commission. In most cases, they must sell the interest at forced sale or resign from that board or commission.

The charter now does not conform to State law. State law says such a conflict of interest must be fully disclosed by the board or commission member, and voting on the issue be excused.

A "YES" vote on Proposition B will continue in force prohibitions against participating in governmental decisions in which anyone has a conflict of interest, but will permit an officer or employee in all but serious cases of conflicting interest, to abstain from participating in the decision. He or she will be able to continue to serve San Francisco as long as they refrain from attempting to influence a decision in which they have an interest. Proposition B encourages the citizens of San Francisco to participate in *their* government.

Vote "YES" on Proposition B.

## PROPOSITION C

**Shall rates for the Municipal Railway as proposed by the Public Utilities Commission be approved, rejected or amended by a majority vote of the Board of Supervisors?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Public Utilities Commission has the power to set the fares charged by the Municipal Railway. The fare rates must be approved by a 2/3 vote of the Board of Supervisors. If rejected, the fare rate proposal must be returned to the Public Utilities Commission for revision.

**THE PROPOSAL:** Proposition C would give the Board of Supervisors the power not only to approve or reject a fare rate proposal but also to change it after it is submitted by the Public Utilities Commission. A 2/3 vote by the Supervisors would no longer be required for approval.

**A YES VOTE MEANS:** If you vote yes, you want the Board of Supervisors to have the power to change the rate proposals for fares on the Municipal Railway after they are submitted by the Public Utilities Commission for approval or rejection.

**A NO VOTE MEANS:** If you vote no, you do not want to give the Board of Supervisors power to change the rate proposals for fares on the Municipal Railway.

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

"Should the proposed Charter amendment be adopted, in my opinion, it would neither increase nor decrease the cost of government."

### TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION C

**NOTE:** Additions or substitutions are indicated by bold face type; deletions are indicated by ((double parentheses)).

#### 3.598 Utility Rates

The public utilities commission shall have power to fix, change and adjust rates, charges or fares for the furnishing of service by any utility under its jurisdiction, and to collect by appropriate means all amounts due for said service, and to discontinue service to delinquent consumers and to settle and adjust claims arising out of the operation of any said utilities.

Rates may be fixed at varying scales for different classes of service or consumers. The commission may provide for the rendition of utility service outside the limits of the city and county and the rates to be charged therefor which may include proportionate compensation for interest during the construction of the utility rendering such service.

Before adopting or revising any schedule of rates or fares, the commission shall publish in the official newspaper of the city and county for five days notice of its intention to do so and shall fix a time for a public hearing or hearings thereon, which shall be not less than ten days after the last publication of said notice, and at which any resident may present his objection to or views on the proposed schedule of rates, fares or charges.

### How Supervisors Voted on "C"

On August 4 the Board of Supervisors voted 9-2 on the question of placing Proposition C on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors John Bardis, Harry Britt, Ella Hill Hutch, Quentin Kopp, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

**NO:** Supervisors Don Haranzky and Carol Ruth Silver

Rates for each utility except the municipal railway shall be so fixed that the revenue therefrom shall be sufficient to pay, for at least the succeeding fiscal year, all expenses of every kind and nature incident to the operation and maintenance of said utility, together with the interest and sinking fund for any bonds issued for the acquisition, construction or extension of said utility; provided that, should the commission propose a schedule of rates, charges or fares for said utility which shall not produce such revenue, it may do so with the approval of the board of supervisors, by a two-thirds vote and it shall thereupon be incumbent to provide by tax levy for the additional amount necessary to meet such deficit. All other changes in rates, charges or fares as proposed by the commission shall be submitted by the commission to the board of supervisors for approval and, except as in this section otherwise provided, it shall require a two-thirds vote of the board of supervisors to reject the rate changes as proposed by the commission, and if so rejected, such proposed changes in schedules or rates, charges or fares shall be returned to the commission for revision. If the supervisors shall fail to act on any such proposed schedule within thirty days, the schedule shall thereupon become effective.

Rates for the municipal railway shall be proposed by the commission and approved; rejected or amended by the board of supervisors. (end)

## ARGUMENT IN FAVOR OF PROPOSITION C

### Vote "Yes" on Proposition C

The way the Charter reads now Municipal Railway fares must be recommended by the Public Utilities Commission and approved by the votes of at least eight (8) Supervisors. However, the Board of Supervisors can only vote to approve or reject any PUC Municipal Railway recommendation on fares. The Board cannot amend or modify any such recommendation, no matter what the financial evidence may be.

That is an unnecessarily inflexible provision of the Charter which should be changed.

### Vote "Yes" on Proposition C

Proposition C will change this procedure to allow the Board of Supervisors to be something other than a rubber stamp for the PUC on recommended MUNI fares. It would simply allow the Board to revise or modify any PUC fare schedule recommendation, as well as reject or approve it. This is a straight-forward change in the Charter which makes sense and should be approved. It is in the public interest and good public business practice.

# Separate Health & Retirement Systems

## PROPOSITION D

**Shall City employees be allowed in the City's Health Service System as determined by ordinance subject to conditions and qualifications as the Board of Supervisors may impose?**

## Analysis

By Baiot Simplification Committee

**THE WAY IT IS NOW:** All City employees who are members of the Retirement System are automatically members of the Health Service System unless excused by the Health System Board. No one else may join the Health System.

**A YES VOTE MEANS:** If you vote yes, you want the Board of Supervisors to have the power to determine which non-permanent employees would be allowed to join the Health System. You also want all permanent employees to be eligible for the Health System.

**THE PROPOSAL:** Proposition D would allow all permanent employees to become members of the Health System. They would not have to be members of the Retirement System. It would allow the Board of Supervisors to determine which non-permanent employees would be allowed to join.

**A NO VOTE MEANS:** If you vote no, you do not want to change who is eligible for membership in the Health System.

### TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION D

**NOTE:** Additions or substitutions are indicated by **bold face type**; deletions are indicated by ((double parentheses)).

8.420 Establishment of and Membership in Health Service System.

A health service system is hereby established as a department of the city and county government and shall be subject to sections 3.680 through 3.682 and 8.420 through 8.432 inclusive. Said system shall be administered by a board to be known as the health service board. The members of the system shall consist of all permanent employees, which shall include officers of the city and county, of the San Francisco Unified School District, and of the Parking Authority of the City and County of San Francisco ((who are members of the retirement system)) and, such other employees as may be determined by ordinance, subject to such conditions and qualifications as the board of supervisors may impose. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets or principles, depends for healing upon prayers in the practice of religion shall be exempt from the system upon filing annually with the health service board an affidavit stating such adherence and dependence and disclaiming any benefits under the system. ((The health service board shall have the power to exempt any person whose annual compensation exceeds \$6,000 and any person who otherwise has provided for adequate medical care.)) The health service board shall have the power to exempt any person whose compensation exceeds the amount deemed sufficient for self coverage and any person who otherwise has provided for adequate medical care.

### How Supervisors Voted on "D"

On August 11 the Board of Supervisors voted 7-1 on the question of placing Proposition D on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors John Bardis, Don Horanzy, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

**NO:** Supervisor Quentin Kopp

### Controller's Statement on "D"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition D:

"Should the proposed Charter amendment be adopted, in my opinion, in and of itself, it would neither increase nor decrease the cost of government. However, as a product of its application to future legislation, additional cost of government could be incurred, the maximum amount of which could be \$3,352,000.

"But again, in and of itself, this permissive amendment to the Charter would have no effect on the cost of government."

# Separate Health & Retirement Systems

## ARGUMENT IN FAVOR OF PROPOSITION D

### Vote Yes on Proposition D

A Yes vote on Proposition D will separate Health Service System membership from the Retirement System. Currently employees can only receive health insurance benefits if the City places them in the Retirement System. This measure will permit the city to include employees in its health insurance program without incurring the high cost of retirement system membership.

### Vote Yes on Proposition D

This measure will also allow the City to impose membership conditions and qualifications, such as the number of

months of continuous employment and medical examination screening before long-term temporary employees can be included in the health insurance program.

This measure will allow the City to offer health care insurance to qualified employees at the lowest possible cost to the taxpayers.

# Police & Fire Salaries

## PROPOSITION E

**Shall the compensation of Police and Fire uniformed officers be protected against reduction below a base rate determined by date of employment?**

## Analysis

Ballot Simplification Committee

**THE WAY IT IS NOW:** Salaries for uniformed members of the Police and Fire Departments are determined by comparing the pay for similar jobs in all California cities with a population of 350,000 or more. The salaries in San Francisco must equal the average of the highest salaries of uniformed police and fire forces in these other cities. The population figures must be based on the latest national ten-year census.

**THE PROPOSAL:** Proposition E would guarantee that salaries for uniformed San Francisco police and fire forces

would not be reduced as a result of any change in the manner for determining those salaries.

**A YES VOTE MEANS:** If you vote yes, you want the salary rates for uniformed police and fire forces to be protected from any reduction which would result from any change in the manner of determining those salaries.

**A NO VOTE MEANS:** If you vote no, you want the salary rates to be determined as they now are without any protection against reductions in pay.

## Controller's Statement on "E"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition E:

"Should the proposed Charter amendment be adopted, in my opinion, in and of itself, it would neither increase nor decrease the cost of government. This amendment, however, could forestall any future salary reductions resulting from possible changes in the latest Federal census."

## How Supervisors Voted on "E"

On August 4 the Board of Supervisors voted 9-2 on the question of placing Proposition E on the November 4 ballot. The Supervisors voted as follows:

**NO:** Supervisors John Bardis and Carol Ruth Silver

## TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION E

**NOTE:** Additions or substitutions are indicated by bold face type; deletions are indicated by ((double parentheses)).

### 8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the Board of Supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco.

Thereupon the Board of Supervisors shall have power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the police department whose annual

compensations are set forth in Section 3.531 of this Charter and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classification in cities in said certification;

(2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class; *(continued on page 92)*

# Police & Fire Salaries

## ARGUMENT IN FAVOR OF PROPOSITION E

In 1975 the Charter provisions on setting salaries for police officers and fire fighters were amended overwhelmingly by the voters to provide that such salaries shall be established as the average of the salaries paid to police officers and fire fighters in cities in California with a population of 350,000 or more. There were, and still are, five such cities in California. In 1976, the provision was further amended to prevent any lowering of salaries for police officers and fire fighters by reason of such averaging process. The provision prohibiting a decrease in salaries expired in 1979.

Because of the 1980 federal census, there is a possibility that Long Beach or Oakland, which are now included in the average, may not have a population of over 350,000 any longer and therefore the salaries paid there will not be part

of the average. Instead, Sacramento which has a low pay scale, may be included.

### Vote Yes on Proposition E

This Charter amendment would merely extend until 1981. The prohibition against decreasing the salaries of police officers and fire fighters. As one of the original proponents of the averaging method of establishing salaries for police officers and fire fighters, I recommend a "yes" vote on Proposition E because it is fair and realistic that our police officers and fire fighters not suffer any reduction in their salaries at a time when inflation is 10% or more per year and their costs of living increase accordingly.

Submitted by: *Supervisor Quentin L. Kopp*

## ARGUMENT IN FAVOR OF PROPOSITION E

In November of 1975, the citizens of San Francisco adopted a charter amendment which established the method of setting salaries for members of the police and fire departments.

Based on the latest federal decennial census (1970), the Civil Service Commission is required to survey the rates of compensation paid police officers and firefighters employed in all cities of 350,000 population or over in the State of California. Upon determining those rates, the average rate of pay is determined and it is this average that is paid to our police officers and firefighters. Based on this formula, five cities have been utilized in setting salaries.

However, based on the 1980 census figures, two of the cities will be dropped from the formula. As a result, the new average rate of pay could very well be less than what is presently being paid. Proposition "E" is merely a protection clause to ensure that police officers and firefighters will not suffer a *salary reduction* by virtue of the new formula. The present charter language does not provide this protection.

Proposition "E" *will not* increase the tax rate in San Francisco. It will, however, protect our officers from a possible reduction in salary. VOTE YES ON PROPOSITION "E".

## PROPOSITION F

Shall policemen and firemen who were members before November 1, 1976 be allowed to transfer to the Retirement Plan in effect after November 1, 1976 and be compensated up to \$40,000 based on years of service for electing to transfer?

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** Police officers and Firefighters who were hired before November 1976 are covered by one retirement plan. Those who were hired after that date are covered by another retirement plan.

**THE PROPOSAL:** Proposition F would allow Police Officers and Firefighters who were in the retirement plan before November 1976 to change to the new retirement plan if they wish. Those changing would receive \$2,500 for each year of employment up to ten years and then \$1,000 for each additional year of service. The total is not to ex-

ceed \$40,000. The funds to be paid would come from members' contributions and Retirement System funds.

**A YES VOTE MEANS:** If you vote yes, you want to allow Police Officers and Firefighters to change to the new retirement plan.

**A NO VOTE MEANS:** If you vote no, you do not want to allow members of the Police and Fire Departments to change to the new retirement plan.

### Controller's Statement on "F"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F:

"Should the proposed Charter amendment be adopted, in my opinion, in and of itself, it would neither increase nor decrease the cost of government since it is permissive legislation, the cost of which is dependent on a future election (if any) by the individual member opting to an alternate retirement plan.

"Based on the present value of future benefits, cash payments to those electing to transfer membership might result in overall cost savings to the City, the amount of which appears substantial, but cannot be accurately determined at this time."

#### SEC. 8.559-14 Right to Transfer

Notwithstanding any provisions of this charter to the contrary, any person who, on or after January 1, 1981, is a member of the Police Department, and is a member of the Retirement System under Charter Section 8.559, may become a member of the Retirement System under Charter Section 8.586 by filing in writing with the Retirement System no later than December 31, 1981, and executed waiver of all benefits which might inure to him under Charter Section 8.559. This waiver must be without right of revocation and on a form furnished by the retirement system. The Retirement Board may require that this waiver be executed by additional persons before it becomes operative.

This transfer will be effective July 1, 1980. Those persons so electing to become members under Charter Section 8.586 shall receive service credit under Charter Section 8.586 equal to their service credit under Charter Section 8.559 as of June 30, 1980.

Those persons so electing to become members under Charter Section 8.586 shall not be subject to any of those provisions of Charter Section 8.559 as of July 1, 1980.

Notwithstanding the provisions of Charter Section 8.526, the cost of living adjustment in any given year for those persons electing this transfer to Charter Section 8.586 shall not exceed the provisions of Charter Section 8.526 as they existed on July 1, 1980.

Those persons so electing to transfer membership from Charter Section 8.559 to Charter Section 8.586 shall receive a monetary consideration not to exceed \$40,000 calculated at the rate of \$2,500 for each year of said service credit up to ten

# Police & Fire Retirement Benefits: Buy-Out

## ARGUMENT IN FAVOR OF PROPOSITION F

Vote "YES" on Proposition F and reduce the taxpayers' cost for the City Retirement System. This Proposition creates an incentive for police officers and firefighters to transfer from an "old" and expensive plan to a "new" and lower cost plan which was adopted in 1976.

For every person who transfers, the City will be able to reduce its annual contribution (it is now \$100 million for fire and police) and those who choose to transfer will receive a lump-sum payment determined by their years of service. They can use that payment for personal investment to add to the benefits offered by the "new" system.

The Proposition does not force the employees to make the change. It is strictly voluntary. All it does is allow the City to make an offer which each police officer and firefighter can evaluate in relation to their own personal circumstances.

All payments will come from investments of the Retirement System so there will be no added costs for the City treasury and the offer will remain in effect for one year only.

I urge you to take this opportunity to reduce the City's cost for retirement. Unless we adopt measures like this our City will continue to be fiscally strained by greatly increasing retirement costs.

Vote YES on Proposition F.

## ARGUMENT IN FAVOR OF PROPOSITION F

### Vote Yes on Proposition F

Police officers and fire fighters who were hired by the City before January, 1977 belong to one pension plan, while police officers and fire fighters who were hired after January, 1977 are enrolled in a different pension plan which was approved by the voters in November, 1976, and which costs the taxpayers less money than the older pension plan.

Pension costs are expensive and this measure could help reduce them. It results from a study and analysis prepared at my request by Harvey Rose, the Budget Analyst of the Board of Supervisors in June, 1979. It establishes a voluntary plan by which an estimated 3,114 police and fire fighters who belong to the older pension plan would be offered

lump sums up to \$40,000 to be "bought out" of such older pension plan and given the opportunity to join the new pension system which included post-January, 1977 recruits. If such "buy-out", which is not mandatory, is utilized by a sufficient number of police officers and fire fighters, it could result in a savings of millions of dollars to taxpayers, while at the same time giving such police officers and fire fighters cash in hand (usable of higher income producing investments) and membership in the new, less expensive plan.

It is an idea worth trying, and I recommend a "yes" vote on Proposition F.

## PROPOSITION G

Shall members of the Police and Fire Departments with five years of service who cease to be employed for causes other than death or retirement have the right to vest their retirement contributions and receive a retirement benefit at age 50?

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** When Police Officers and Firefighters leave their jobs before retirement, the monies they put into their retirement plan is refunded. They cannot keep their money in the retirement fund.

**A YES VOTE MEANS:** If you vote yes, you want police officers and firefighters who leave the department to be able to leave their money in the retirement fund.

**THE PROPOSAL:** Proposition G would allow police officers and firefighters who are members of the Retirement System for at least five (5) years, the choice of keeping their money in the retirement fund or taking it out if they leave. At age 50 they would receive a retirement benefit based on time served and money contributed.

**A NO VOTE MEANS:** If you vote no, you do not want police officers and firefighters who leave the department to be able to leave their money in the retirement fund.

### Controller's Statement on "G"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G:

"Should the proposed Charter amendment be adopted, in my opinion, it would not materially affect the cost of government."

### How Supervisors Voted on "G"

On August 11 the Board of Supervisors voted 8-0 on the question of placing Proposition G on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors John Bardis, Don Horanzy, Quentin Kopp, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

None of the Supervisors present voted "No."

**THE LEGAL TEXT OF PROPOSITION G APPEARS ON PAGE 95**

### ARGUMENT IN FAVOR OF PROPOSITION G

Vote YES on Proposition G and help *reduce* the City's cost of retirement for the Police and Fire Departments. This proposition allows police and fire members who wish to leave their departments *before* retirement age to let their retirement contributions *remain with the City* until normal retirement age. During this period the City and the individual will earn interest on the funds. At normal retirement age the member can draw a reduced benefit.

By placing this vesting provision in our "new" retirement system we create an added incentive for members of the "old" system to make the optional switch allowed by Proposition F.

I believe these two proposals will work together to *reduce City costs and improve benefits* for Police officers and Firefighters.

I urge you to vote YES on Proposition G.

Thank You.

*Dianne Feinstein,*  
Mayor

This proposal is known as "vesting" and is available to all City employees except members of the Police and Fire Departments. It is now mandated by the Federal Government for members of private pension plans and we are simply extending the coverage to members of the Police and Fire Systems.

## PROPOSITION H

**Shall fire protection services be restored to and maintained at the levels no less than those authorized on June 30, 1978?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Mayor and the Board of Supervisors set the annual budget for the Fire Department. Through the budget, they determine the number of employees the department will have and the number of fire stations needed in the city. The Board of Supervisors has the authority to reduce the budget of the Fire Department.

**THE PROPOSAL:** Proposition H would require that the number of personnel and the number of facilities in the Fire Department be kept at or above the figures which

existed on June 30, 1978. Only a vote of the people could reduce it below that June 30, 1978 level.

**A YES VOTE MEANS:** If you vote yes, you want the number of Fire Department personnel and facilities to be kept at or above the June 30, 1978 level and you want the voters to decide any reduction below that level.

**A NO VOTE MEANS:** If you vote no, you want to keep the present system of setting the budget for the Fire Department.

### TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION H

**NOTE:** Additions or substitutions are indicated by bold face type.

#### 3,548 Maintenance of Fire Protection Services

(a) Notwithstanding any other provision of this Charter, and except as provided in paragraph (c) of this section, fire protection services in the City and County of San Francisco shall not be reduced below and shall be maintained at levels no less than those authorized as of June 30, 1978.

(b) The fire protection levels authorized as of June 30, 1978 are defined for the purpose of this section as the number and character of personnel, fire companies and units and facilities used for the purpose of fire suppression, inspection, investigation, training and support activities which were set forth in the Annual Report of the San Francisco Fire Department for fiscal year 1977-78. It is the intent of this section that such number and character of personnel, fire companies and units and facilities shall each be restored and maintained at no less than such levels unless otherwise authorized as provided in paragraph (c) of this section.

(c) The level of fire protection services required by paragraph (a) of this section may be reduced to another specified level of protection by a two-thirds vote of the qualified electors voting at a general election or special election called for that purpose.

(d) It shall be the responsibility of the Board of Supervisors to enact all necessary legislation and appropriate all funds necessary to carry out the provisions of this section. It is the intent of this section that city and county funds shall first be applied to maintain emergency public safety services as provided for by this section. (enr)

### Controller's Statement on "H"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H:

"Should the proposed initiative be approved, in my opinion, it would increase the cost of government by approximately \$7,500,000."

### How Proposition H Got on the Ballot

On August 25 City Registrar of Voters Jay Patterson certified that the initiative petition calling for Proposition H to be placed on the ballot had qualified for the ballot. The Supervisors then voted to place the proposition before the City's voters on November 4.

The Committee to Keep Our Fire Houses Open, the proponents of the initiative had filed 31,240 signatures with Patterson on August 6. After examining the signatures, Patterson determined that there were 24,940 valid signatures. This is more than the 22,547 signatures needed to put an initiative charter amendment on the ballot.

22,547 represents 10% of the number of people who voted for governor in 1978.

# Fire Department Services Initiative

## ARGUMENT IN FAVOR OF PROPOSITION H

We've heard a lot of rhetoric over the years about safe levels of fire protection in San Francisco. As firefighting professionals, we feel it's time to set the record straight: San Francisco fire service has been cut to the bone.

Over the years we saw cutbacks in administration, personnel and equipment. Then came the cuts in essential services. Fire stations were closed; manpower was drastically reduced. Some of these cuts have actually helped make our firefighting organization leaner and more efficient.

But it's got to stop somewhere. Things have gone way too far. Unless the City administration is forced to stop cutting, the neighborhoods of San Francisco are in trouble. Look at the danger signs:

- On the day of the Great 1906 Earthquake and Fire, 564 firefighters were on duty; today there are fewer than 319.
- In the last five years, alarm calls have increased by 5589.
- In a recent highrise fire in Los Angeles 290 firemen fought the blaze. If a similar fire broke out in San Francisco today, approximately 90% of the City would be left

without neighborhood fire coverage.

There's only one way to stop politicians from making things any worse; Proposition H. This measure would allow the people of San Francisco to vote on any further cutbacks, and restore at least the bare minimum of safety set jointly by the Fire Chief and Fire Commission in the base year of 1978.

The issue is *not* money. This measure would *not* increase our taxes. It would *not* increase pay or benefits for individual firemen. And it need *not* decrease other City services. In fact, last year's cuts "saved" the City \$6.2 million—money which was put in a "special" fund and never spent on *any* City services. That's "false economy" at its worst.

Put a stop to these irresponsible cuts. Demand that the voters of San Francisco have a say in determining an adequate level of essential fire service. We urge you to vote "YES" on PROPOSITION H.

*William Murray*, Former Fire Chief, 1956-71

*Keith Calden*, Former Fire Chief, 1971-76

## ARGUMENT IN FAVOR OF PROPOSITION H

Enough is enough! Every year the politicians promise us "no more cuts in essential services". And every year, without asking us, they close more neighborhood firehouses. This year alone they're closing 4 more fire stations—in Midtown Terrace, Pacific Heights, Bayview-Hunters Point/Potrero Hill, and South of Market. These years of steady cut-backs have reduced San Francisco fire safety to truly dangerous levels. Enough is enough!

It's time to take fire protection out of the hands of politicians. Let's give the people of San Francisco a chance to decide whether we want any further cuts in essential fire services.

A "YES" vote on PROPOSITION H would:

- Stop City politicians from making further cut-backs, on their own, in the level of fire safety.
- Provide that a vote of the people of San Francisco is required for any further reduction in fire services.
- Require that the number of fire stations, facilities, and personnel be maintained at minimum safety levels no less than those of June 30, 1978.
- Not increase our taxes.

The issue is simple. The people of San Francisco have a basic right to adequate fire protection. Period! Let's exercise that right. Let's take fire safety out of the hands of politicians. Vote FOR your right to adequate fire protection. Vote "YES" on PROPOSITION "H".

# Fire Department Services Initiative

## ARGUMENT IN FAVOR OF PROPOSITION H

While appreciating the difficult budget decisions imposed in this era of fiscal restraint, we the undersigned public officials believe that the people of San Francisco are entitled to adequate and responsible levels of essential City services, particularly fire protection.

For this reason, we support San Francisco ballot Proposition "H", a measure which would give the voters of San Francisco a say in assuring that minimum levels of fire safe-

ty are not compromised.

We urge a "YES" vote on PROPOSITION "H".

## ARGUMENT IN FAVOR OF PROPOSITION H

34,000 San Franciscans told us they were concerned about fire protection in their neighborhoods. That's how many people signed a petition—a petition circulated for only 14 days by community groups to put Proposition H on the ballot and stop the closing of fire houses.

Well, we got the message. In fact, we've been worried about the level of fire protection in our City for some time now. As San Francisco fire fighters, we see the problem firsthand. Every day. As station houses close, engine companies cut back, daily manpower shrinks.

The result? Less. Less fire safety. Reduced coverage of outlying neighborhoods. Poorer response times in emergency situations. And along with these decreases, we've seen an increase in personal danger to fire fighters trying to cover the gaps: in the last 18 months alone, we've felt the tragic loss of two fire fighters and one battalion chief.

We believe the people of San Francisco deserve better.

That's why we support Proposition H. We support the right of San Franciscans to insist on quality fire protection and put a stop to the rapid deterioration of this essential City service.

In fact, fire protection is a lot more than one more "essential service." It saves lives. And there's nothing more essential than that. On November 4, we hope you'll remember to vote "YES" on Proposition H.

## ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H. Your Mayor, the Fire Chief and Fire Commission are committed to providing you with the best fire protection within the fiscal constraints of Proposition 13. In these financially critical times, it is necessary to effect economies in all City departments without exception. If such economies are not practiced, some departments will be totally eliminated and essential services will be drastically reduced.

In order to effectively operate under these conditions and maintain efficiency, the management of the Fire Department must be allowed sufficient flexibility to make fire protection, personnel, and financial decisions a continuing function of its management responsibilities. This Proposition—by arbitrarily reverting to a level of fire protection in existence thirty months ago—would require adherence to a fixed formula without regard to changing needs and circumstances. Professional judgement would be replaced by rigid, out-moded standards that the public can no longer afford.

By Charter, the Fire Commission has the power to organize, reorganize and manage the Fire Department. This Proposition would restrict the Fire Commission's ability to implement cost-effectiveness because any downward change, not only in fire protection levels but also in all administrative and support functions, requires a two-thirds vote of the qualified electors. Let management retain the power to continue to provide efficient services at reasonable cost.

## ARGUMENT AGAINST PROPOSITION H

Neighborhood leaders join in asking you to vote NO on Proposition H.

This proposition will require the City to maintain the same number of men, stations and vehicles we had in 1978 which will cost the City an extra 7 million dollars that will be taken from other departments.

The Fire Commission and Chief, who oppose this proposition, should be the ones to determine the proper strength of their department, not the proponents of this proposition. The Chief should not be forced to keep units in service when new

techniques and more efficient equipment makes it unnecessary.

Proposition H is wasteful spending and bad government. Vote NO.

# Salary Dispute—Electricians

## PROPOSITION I

**Shall a schedule of compensation based upon the last demand of employees represented by the International Brotherhood of Electrical Workers, Local No. 6, be approved?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** Electrical workers employed by the city have their pay, hours, benefits and working conditions set in agreements made with the city. Their union did not reach agreement with city officials on issues being considered this year, so the voters must make the decision.

**THE PROPOSAL:** Proposition I would provide that the city agree to the 25 demands of the electrical workers. These

are listed in full on this page and page 95.

**A YES VOTE MEANS:** If you vote yes, you want the city to provide the benefits and working conditions requested by the electrical workers.

**A NO VOTE MEANS:** If you vote no, you want to keep the present benefits and working conditions of the electrical workers.

### TEXT OF PROPOSED ORDINANCE PROPOSITION I

AMENDING ORDINANCE NO. 121-80, SALARY STANDARDIZATION ORDINANCE, FISCAL YEAR 1980-81, CHARTER SECTIONS 8.400, 8.401, AND 8.407, MISCELLANEOUS EMPLOYEES, PURSUANT TO CHARTER SECTION 9.108(b), TO REFLECT ADDITIONAL RATES AND WORKING CONDITIONS FOR EMPLOYEES REPRESENTED BY THE INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, LOCAL NO. 6, BASED UPON THE LAST DEMANDS OF SAID EMPLOYEES.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Pursuant to the provisions of Charter Section 9.108(b), Ordinance No. 121-80, Salary Standardization Ordinance, Fiscal Year 1980-81, Charter Sections 8.400, 8.401 and 8.407, Miscellaneous Employees, is hereby amended by adding Section XIV thereto, reading as follows:

#### Section XIV

1. 40-hour work week consisting of 8:00 a.m. to 12 noon and 12:30 p.m. to 4:30 p.m. on Monday through Friday.
2. City to supply all tools, rain gear and safety equipment.
3. Premium pay for high time work, work below piers, exposure to raw sewage and for working with energized equipment.
4. Mandatory travel pay allowance for electrical employees assigned to work outside of the City and County boundaries.
5. Premium pay of 10% for swing shift and 15% for midnight shift and payable for the full shift.
6. All overtime on a voluntary basis with a four hour minimum.
7. When assigned the duties of a higher paying classification, electrical employees to receive the higher pay.
8. Electrical employees to receive pay for overtime worked rather than in-lieu time off.
9. Employees in Class 7379 Electrical Transit, Mechanic and related classes to have the same working conditions, work week and differentials as enjoyed by employees in the Automotive Mechanic classification.

### Controller's Statement on "I"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I:

"Should the proposed proposition be adopted, in my opinion, the cost of government would be increased by approximately \$1,300,000."

### How Prop. I Got on the Ballot

Propositions I and J are a result of a provision on the City Charter which was adopted by the voters in November 1976. This provision requires that unsettled contract disputes between city officials and city employees be put before the voters to decide.

In this proposition the voters will grant or reject the last demands of city workers represented by the International Brotherhood of Electrical Workers, Local 6.

10. City to pay fringes for whole eight hour day.
11. Temporary employees to start at highest pay level.
12. Work performed by employees in electrical classifications shall comply with all applicable codes.
13. Sick leave to be supplemented with State Disability Insurance pay.
14. All electrical employees to be employed on a full time basis.
15. City to specify pay days.
16. City to pay for educational or re-training leave.
17. City to combine overtime payment with regular paycheck.

# Salary Dispute—Laborers

## PROPOSITION J

Shall a schedule of compensation based upon the last demand of employees represented by the Laborers' International Union of North America, Local No. 261, be approved?

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** General laborers employed by the city do not now receive premium pay for working with raw sewage. Their union asked for this premium pay to be added to their contract, but city officials did not agree.

**THE PROPOSAL:** Proposition J would provide that the city pay general laborers who work in constant, prolonged contact with raw sewage a \$3 per day premium in their wages.

**A YES VOTE MEANS:** If you vote yes, you want the city to pay a \$3 per day sewage premium to general laborers.

**A NO VOTE MEANS:** If you vote no, you do not want the city to pay a \$3 per day sewage premium to general laborers.

### Controller's Statement on "J"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

"If the proposed proposition is approved, in my opinion, the cost of government would be increased by approximately \$25,000."

### How Prop. J Got on the Ballot

Propositions I and J are a result of a provision on the City Charter which was adopted by the voters in November 1976. This provision requires that unsettled contract disputes between city officials and city employees be put before the voters to decide.

In this proposition the voters will grant or reject the last demands of city workers represented by the Laborers' International Union, Local 261.

### TEXT OF PROPOSED ORDINANCE PROPOSITION J

AMENDING ORDINANCE NO. 121-80 SALARY STANDARDIZATION ORDINANCE, FISCAL YEAR 1980-81, CHARTER SECTIONS 8.400, 8.401 AND 8.407, MISCELLANEOUS EMPLOYEES, PURSUANT TO CHARTER SECTION 9.108(b), TO REFLECT ADDITIONAL RATES AND WORKING CONDITIONS FOR EMPLOYEES REPRESENTED BY THE LABORERS' INTERNATIONAL UNION OF NORTH AMERICA, LOCAL 261, BASED UPON THE LAST DEMANDS OF SAID EMPLOYEES.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Pursuant to the provisions of Charter Section 9.108(b), Ordinance No. 121-80, Salary Standardization Ordinance, Fiscal Year 1980-81, Charter Section 8.400, 8.401 and 8.407, Miscellaneous Employees, is hereby amended by adding Section XIII thereto, reading as follows:

#### Section XIII.

Notwithstanding any provisions of this ordinance to the contrary, and based upon the last demand of employees represented by the Laborers' International Union of North America, Local No. 261, said employees shall be entitled to additional working conditions as follows:

That the City pay General Laborers working in constant, prolonged contact with raw sewage a \$3.00 per day sewage premium.

(end)

### ARGUMENT IN FAVOR OF PROPOSITION J

This measure is on the ballot because under the law if the Board of Supervisors and an employee union cannot agree upon some aspect of salaries or fringe benefits, the dispute must be resolved by the voters. This involves a \$3.00 per day pay differential requested by members of the Laborers' Union who must work with raw sewage. Other city employees who work with raw sewage already receive this differential. I believe it is justified for Laborers' Union city employees, too.

#### Vote Yes on Proposition J

The total estimated cost is \$25,000 per year. This differential is habitually paid to workers in private industry who must work in such odious circumstances. I think I have a reputation for not wasting taxpayer's money. This request of 34 members of the Laborers' Union is meritorious.

# 20,000 Housing Units

## PROPOSITION K

**DECLARATION OF POLICY: Shall the Board of Supervisors enact legislation to establish as the policy of the City and County of San Francisco that there be an addition of 20,000 new units of Residential Housing in San Francisco by January 1, 1985?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Board of Supervisors adopted a resolution this year calling for 20,000 new and rehabilitated units of residential housing in San Francisco by June 30, 1986. The resolution asks for as many units as possible to be for persons of low and moderate income, for the neighborhoods to be preserved, and for the permit process to be improved and simplified.

**THE PROPOSAL:** Proposition K would direct the Board of Supervisors to pass legislation to establish that it is the

policy of San Francisco to add 20,000 new units of residential housing by January 1, 1985.

**A YES VOTE MEANS:** If you vote yes, you want city policy established for 20,000 units of new residential housing to be added by January 1, 1985.

**A NO VOTE MEANS:** If you vote no, you want to keep the present city housing policy.

### How "K" Got On Ballot

Proposition K was placed on the November 4 ballot through a provision in the present City Charter which allows four or more members of the Board of Supervisors, acting individually rather than as a legislative body, to place an ordinance or a policy measure on the ballot. It is believed that San Francisco is the only city or county with a legal provision of this type.

On August 18 City Registrar of Voters Jay Patterson received a request signed by several supervisors asking that the issue of 20,000 new units of housing be placed before the voters. The request was signed by Supervisors Quentin Kopp, Ella Hill Hutch, Don Horanzy, Ed Lawson, Carol Ruth Silver and Doris Ward.

### Controller's Statement on "K"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K:

"Should the proposed Declaration of Policy be approved, in my opinion, it would neither increase nor decrease the cost of government."

# 20,000 Housing Units

## ARGUMENT IN FAVOR OF PROPOSITION K

The statistics speak for themselves:

1. In the past 10 years there has been an increase of only about 100 single family houses built per year in San Francisco.
2. The average price of a single-family home in San Francisco is \$139,000.
3. The cost of housing in San Francisco is *the highest* in the country.
4. The average rent for a one-bedroom apartment in the City exceeds \$350.
5. According to the 1980 U.S. Census, San Francisco has lost more than 9 percent of its population in 10 years.

All of these statistics spell a housing crisis that is rapidly becoming a disaster. San Francisco has become a city where only speculators and the very rich can afford to buy; where older people hang onto the homes they own, often larger than

they need, because they can't afford to buy anything else; and where young people of moderate or average incomes cannot begin to think of owning a home.

The housing crisis has been escalating for the past 10 years. It's time the situation was reversed. The City Planning Department says there is more than enough land available and enough under-developed areas to accommodate 20,000 new housing units. The only way this will happen is if you, the voters, speak out and demand action from your elected officials.

**Vote Yes on Proposition K.**

*Supervisor Quentin L. Kopp*

*Paul Joseph Langdon*

## ARGUMENT IN FAVOR OF PROPOSITION K

The basic reason why housing is so expensive in San Francisco is the age-old law of supply and demand. The entire country is experiencing a housing shortage, but the situation is worse here because hardly any new housing is being built.

Homebuilders are ready and willing to do the job. We have the skills and know-how to build housing that is energy-efficient, that blends in with existing neighborhoods, and makes the best use of available land.

As more and more people move out of the city because they cannot find housing, the City suffers their loss. San Francisco is becoming "commute city"—a nice place to

work, but you can't afford to live here. Unless the Mayor and Board of Supervisors take immediate action and pass necessary legislation, the situation will just get worse. Our children will suffer the consequences and rightly blame us when they cannot find housing. Let's take the first positive step to make San Francisco a great and affordable place to live.

**Vote Yes on Proposition K.**

Builders for Affordable Housing.  
*Jesse Stacy, Chairman*

## ARGUMENT IN FAVOR OF PROPOSITION K

**Vote Yes on K**

For years, San Francisco's housing supply has been under great strain, despite a decline in the city's population. Changing life-styles and new, young families have increased demand for new units while a collection of over-restrictive zoning ordinances, antiquated building codes, and inexcusable delays in the permit approval process have discouraged the production of new units and greatly increased the costs of the few units which are being produced. As a consequence, San Francisco suffers the questionable distinction of being the most expensive housing market in the continental United States.

Almost weekly, questions and issues come before the Board which impact housing. In absence of a stated goal or policy decisions are often made on the basis of political expediency with insufficient consideration of their long term impact on housing development. Passage of this initiative will tell the Board of Supervisors that San Franciscans want a city-wide housing policy which produces a climate favorable to development of the housing so vitally needed by our City and will be the first step towards the development of a comprehensive city housing plan.

*Wallace Stokes*  
Past-President, Black Leadership Forum

## ARGUMENT IN FAVOR OF PROPOSITION K

Our Housing Committee has thoroughly investigated the potential for new housing in San Francisco and we are satisfied that 20,000 new units can be added without detriment to the character or quality of life in any neighborhood. The environmental and energy benefits are immense and we urge a "yes" vote on Proposition K.

# Retirement Cost-of-Living Increase

## PROPOSITION L

**DECLARATION OF POLICY:** Shall the Board of Supervisors submit a Charter amendment to adjust cost-of-living increases or decreases in retirement allowances for miscellaneous employees, from funds legally available for such purposes, in accordance with percentage cost-of-living allowances determined to be in effect annually in other San Francisco Bay Area counties; provided that such cost-of-living allowances to San Francisco retired employees or beneficiaries shall not be less than 2 percent annually?

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Charter now provides for a cost-of-living adjustment for retired city employees. This adjustment cannot be more than a 2% increase per year of the basic retirement allowance. Only a charter amendment can change this.

**THE PROPOSAL:** Proposition L would direct the Board of Supervisors to put such a charter amendment on the ballot. This amendment would set cost-of-living adjustments in retirement allowances according to a formula based on cost-of-living allowances in other Bay Area

counties. Any increase could not be less than 2% per year of the basic retirement allowance.

**A YES VOTE MEANS:** You want the Board of Supervisors to place a charter amendment before the voters which would change the method of adjusting retirement allowances for cost-of-living.

**A NO VOTE MEANS:** If you vote no, you do not want a charter amendment changing retirement cost-of-living adjustments.

### Controller's Statement on "L"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition L:

"Should the proposed Declaration of Policy be approved, in my opinion, it would neither increase nor decrease the cost of government.

"If a Charter amendment is subsequently approved by the electorate granting permissive powers to the Board of Supervisors to adjust cost-of-living allowances, in and of itself, the legislation would have no effect on the cost of government. However, future legislative action by the Board of Supervisors increasing the current 2% ceiling on cost-of-living allowances could result in an increase in the cost of government. Based on existing actuarial data, each 1% increase beyond the current 2% ceiling could add approximately \$8,000,000 to the cost of government."

### How "L" Got On Ballot

Proposition L was placed on the November 4 ballot through a provision in the present City Charter which allows four or more members of the Board of Supervisors, acting individually rather than as a legislative body, to place an ordinance or a policy measure on the ballot. San Francisco is believed to be the only city or county with a legal provision of this type.

On August 21 Registrar of Voters Jay Patterson received a request signed by seven supervisors asking that the issue of cost-of-living adjustments for retired City employees be placed on the ballot as a "Declaration of Policy" for the voters to decide. The Supervisors signing the request were Don Horanzy, Quentin Kopp, Nancy Walker, Harry Britt, Doris Ward, John Molinari and John Bardis.

### ARGUMENT IN FAVOR OF PROPOSITION L

#### Vote "Yes" on Proposition L

For years our retired city employees have struggled to meet the increased cost of living on fixed incomes. More than 65 percent of our members, who paid into the Retirement System during their working years, are living on monthly retirement allowances of less than \$500 with an existing non-compounded 2 percent annual adjustment for inflation. Cost-of-living statistics are nagging reminders that 2 percent provides only \$3 to \$4 monthly to meet living costs. **This ballot measure won't cost the taxpayers one dollar.** As a

declaration of Policy it merely authorizes the Board of Supervisors to study and develop a more reasonable cost-of-living adjustment. Results of the Board's study would be included in a Charter Amendment for submission to the people at a later election. San Francisco's 2 percent cost-of-living allowance is among the lowest of Bay Area Counties. In fairness, we urge a "YES" vote on Proposition L.

## PROPOSITION M

**DECLARATION OF POLICY:** We, the people, declare that San Francisco must increase the taxes paid by its largest corporations. It is fundamentally unjust that large corporations, such as giant oil companies whose profits will exceed \$1 trillion in the 1980's, pay a lower rate of taxes than the average wage-earner; and that San Francisco's huge banks and insurance companies pay no local business taxes at all. We pay our share, and so should they.

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** To cover the cost of providing city services, the city of San Francisco collects taxes from several sources as well as special fees.

**A YES VOTE MEANS:** If you vote yes, you agree that San Francisco should increase the taxes paid by its largest corporations.

**THE PROPOSAL:** Proposition M declares that the city of San Francisco must increase the taxes paid by its largest corporations.

**A NO VOTE MEANS:** If you vote no, you want taxes set as they are now.

### Controller's Statement on "M"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition M:

"Should the proposed Declaration of Policy be approved, in my opinion, it would neither increase nor decrease the cost of government.

### How Proposition M Got on the Ballot

On August 26 City Registrar of Voters Jay Patterson certified that the initiative petition calling for Proposition M to be placed on the ballot had qualified for the ballot.

Grass Roots Alliance, the proponents of the initiative had filed 16,122 signatures with Patterson on August 6. After examining the signatures, Patterson determined that there were 11,762 valid signatures. This is more than the 9,679 signatures needed to put an initiative Declaration of Policy on the ballot.

9,679 represents 5% of the number of people who voted for mayor in 1979.

## ARGUMENT IN FAVOR OF PROPOSITION M

### Vote Yes on Proposition M!

Proposition M offers San Franciscans the opportunity to send a clear, strong message to our city officials: we, the people, declare that the taxes of the largest corporations should be increased. Proposition M is a Declaration of Policy by which the voters of San Francisco can tell City Hall: we demand a more equitable tax system.

Today, large corporations such as giant oil companies, whose profits will exceed \$1 trillion in the 1980's, pay a lower rate of taxes than the average wage earner. The banks and private insurance companies pay no local business taxes at all, while working people are more and more hard-pressed by inflation and the entire economic crisis of our times. This is fundamentally unjust; we pay our share and so should they.

If Proposition M is passed, there will be a **mandate** from the people of San Francisco for city government to increase the share of taxes paid by the largest corporations. As an expression of the people's will, Proposition M would instruct

such city officials as the Mayor and the Board of Supervisors to put into effect specific laws to increase the taxes paid by the largest corporations. With the mandate of Proposition M in hand, it will be possible to bring pressure for a more equitable tax system. Let the will of the people be heard—Vote Yes on Proposition M!

## ARGUMENT AGAINST PROPOSITION M

### Vote No on Proposition M

Proposition P in 1979 and Proposition V this past June both were overwhelmingly defeated by San Francisco voters. How many times must we vote on the same measure?

A look at the facts reveals how unnecessary this destructive measure really is. In June, voters approved a whole series of taxes to help San Francisco meet its fiscal needs—a large part of which are now being paid by business. And the Board of Supervisors has added still more taxes, in an effort to ensure that we continue to enjoy a high level of municipal services. Proposition M, which will add a new unidentified layer of taxation is the last thing we need.

Proposition M is a bad idea for San Francisco consumers and businesses alike. Proponents tell you that their targets are our City's large corporations—but the history of their

initiatives indicates a callous disregard for the survival of our neighborhood small businesses. You should know that their scheme will spell higher consumer prices, possible hiring freezes and layoffs and many more troubles for our vital neighborhood stores and restaurants.

While it is true that San Francisco needs a just tax system, Proposition M will only hurt our economy and reduce our quality of life. Proposition M is a negative approach that will only divide our community. It won't hurt business as much as it will hurt you.

We urge you to vote **NO** on Proposition M.

## ARGUMENT AGAINST PROPOSITION M

San Francisco is losing jobs! Nearly every day another company moves across the Bay due to the business taxes imposed—at the highest rate in California—by our city government. And now, for the third time, the secretive Grass Roots Alliance has introduced another misleading and negative "Tax the Corporations" initiative. The Alliance claims that "banks and insurance companies pay no local business

taxes at all," but that's simply not true! They pay a state-imposed tax, which is returned to California cities and counties on a formula basis. Misleading and false statements serve no positive purpose. We need *jobs*, not rhetoric. Vote **NO** on Proposition M.

(h) Any person violating any of the provisions of this section shall be guilty of a misdemeanor and upon a final judgment of conviction of same, such person shall be removed from office.

(i) A prohibited conflict of interest exists whenever an officer or employee of the city and county must pass judgment upon a matter which either directly or indirectly affects a private party who is a child or spouse of the officer or employee.

(j) An officer or employee shall not be deemed interested in or in the performance of any contract, work, business, or the sale of any article, the expense, price or consideration of which is payable from the treasury, nor shall he be deemed interested in the purchase or lease of any real estate or other property belonging to, or taken by, the city and county, or which shall be sold for taxes and assessments, or by virtue of legal process at the suit of the city and county, nor shall he be deemed interested in any franchise, right or privilege granted by the city and county, within the meaning of subsection (a) unless such contract, work, business, sale, purchase, lease, franchise, right or privilege is awarded, entered into, or authorized by him in his capacity as officer or employee, or by an officer or employee under his supervision and con-

trol, or by a board or commission of which he is a member.

(k) An officer of the city and county shall not be deemed to have a conflicting interest in any transaction described in subsection (j) awarded, entered into or authorized by a board or commission of which he is a member if he has only a remote interest therein and the fact of such interest is disclosed to the board or commission of which he is a member and noted in its official records and the board or commission authorizes, approves, or ratifies the transaction in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest, unless the transaction must be awarded to the highest or lowest responsible bidder as the case may be on a particular day and the vote of such officer or member is necessary to a quorum on that day.

The word "knowingly" as used in this paragraph shall mean actual or constructive knowledge of the existence of the interest which would disqualify the vote under the provisions of this section.

If under any provision of this charter or of any ordinance, resolution, rule or regulation, action on any measure or question must be taken on a particular day and such action cannot be taken by a qualified voting quorum of the board or commission on that day by reason of the disqualification from voting under the provisions of this section, said action may be postponed until, but not later than, there are sufficient qualified members present to vote and take action on said measure or question. The term "a qualified voting quorum" as used in this paragraph shall mean the presence of a sufficient number of qualified voting members of the board or commission to take either affirmative or negative action on the measure or question before the board or commission.

An officer or employee with such an interest however acquired, shall become divested of said interest within 60 days or shall resign said office or employment.

(b) No officer or employee shall give or promise any money or other valuable thing in consideration of his nomination, appointment, or election to any City and County office or employment or accept, other than lawful political campaign contributions, any gratuity in money or other valuable thing, either directly or indirectly, from any subordinate or employee or from any candidate or applicant for a position as employee or subordinate under him.

(3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the Board of Supervisors as in this section provided and appropriations therefor shall be based thereon.

The expression "rates of compensation", as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classifica-

tion or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation" as used in this section, shall mean "salary attached to the rank" as used in Section 166 of the Charter of 1932, as amended, and, with the addition of fifteen dollars per month now provided in subsection (b) with respect to members assigned to two-wheeled motorcycle traffic duty, shall also mean "compensation earnable" as used in Section 8.549.

The term "police officers or patrolmen" as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the

City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by Section 8.361 of this Charter, shall be reckoned a part of his service under the City and County, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the Chief of Police, the Commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the Commission, but not to exceed one month's salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the Board of Supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission's survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the Board of Supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. "Average wage" as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than \$15.00 per month.

(c) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the Board of Supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the Board of Supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in Section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall include the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression "rates of compensation" as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by ways of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation", as used in subsection (c) and (d) of this section shall mean "salary attached to the rank" as used in Section 169 of the charter of 1932, as amended and "compensation earnable" as used in Section 8.549.

The term "firemen" as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over or of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, stokers, tillermen, truckmen, or hosemen, in the San Francisco Fire Department.

The expression "members of the fire department" does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave, as defined by Section 8.361 of this charter shall be reckoned a part of his service under the City and County, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the Chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form of amount of said award to be discretionary with the fire commission, but not to exceed one month's salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirteen percent (13%) above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent (10%) above the compen-

sation established for the rank of chief's operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a) (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a) (1), (2) and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th day of August the Board of Supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the Board of Supervisors as in this section provided for uniformed members of the police and fire departments for the then current fiscal year.

(f) Not later than the 1st day of August of each year, the Civil Service Commission shall determine and certify to the Board of Supervisors the percentage of increase or decrease in the cost of living during the twelve-month period ending March 31st of that same year as shown by the Consumer Price Index, All Items San Francisco, and the percentage of increase or decrease in the cost of living during the same period as shown by the Consumer Price Index, All Items, in the cities included in the certified report of said commission. The Consumer Price Index referred to herein is defined as that certain index issued by the U. S. Bureau of Labor Statistics and published in the Monthly Labor Review or a successor publication. In the event the U. S. Bureau of Labor Statistics discontinues the compilation and publication of said indexes, the Board of Supervisors shall have the power, and it shall be its duty, to appoint a statistical fact finding committee to determine the same data pursuant to the methods theretofore used by the U.S. Bureau of Labor Statistics. The cost of

living adjustment as hereinafter provided shall be based upon the percentage of such increases or decreases. The Board of Supervisors may, in addition to the rates of compensation as established herein, and at the same time said rates of compensation are established, increase said rates of compensation by an amount equal to the difference between the average cost of living increase of the cities included in the certified report of the civil service commission and the actual cost of living increase for San Francisco. In the event the Board of Supervisors elects not to grant such cost of living increase in any year in which any such increase might be granted, the Board of Supervisors shall, upon a written request filed with the Clerk of the Board of Supervisors not later than the 10th day of September of said year by representatives of the uniformed members of the police and fire departments, as designated by the police and fire commissions, respectively, submit the question of said cost of living increase to the qualified electors of the City and County at the next succeeding city-wide election. In the event said cost of living increase is approved by a majority of the qualified electors voting thereon, said cost of living increase shall be effective as of the first day of the then current fiscal year.

(g) Notwithstanding any of the provisions contained in this section, no uniformed member of the police or fire department employed before July 1, 1976, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of any new compensation schedules, and the rates for fiscal year 1975-76 shall continue until such time as the new schedules equal or exceed the current salary increment schedules, provided, however, that such time shall not be extended beyond June 30, 1982, and provided further that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of section 8.406 of this charter.

(h) Notwithstanding any of the provisions contained in this section, no uniformed member of the police or fire department, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of the compensation schedules provided for herein. Provided, however, that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of Section 8.406 of this charter.

**ATTACHED TO VOTOMATIC; NEVER WITH PEN OR PENCIL**

**INSTRUCTIONS TO VOTERS:**

To vote for all of the electors of a party, punch the ballot card in the hole opposite the names of the presidential and vice presidential candidates of that party. A hole in the ballot card opposite the name of a party and its presidential and vice presidential candidate is a vote for all of the electors of that party, but for no other candidates.

To vote for those electors who have pledged themselves to vote for a candidate for President and Vice President not supported by any particular party punch the ballot card in the hole opposite the names of those presidential and vice presidential candidates.

To vote for those electors who have pledged themselves to vote for a candidate for President and Vice President of any party not qualified to participate in the election write in the names and party of those presidential and vice presidential candidates in the blank space provided for that purpose, on the write-in ballot envelope.

To vote for any other candidate of your selection, punch the ballot card in the hole opposite the candidate's name. Where two or more candidates for the same office are to be elected, punch the ballot card opposite the name of all candidates for the office for whom you desire to vote, not to exceed, however, the number of candidates to be elected.

To vote for a qualified write-in candidate, first write the title of the office in the blank space provided for that purpose on the write-in ballot envelope and then after the title of the office the person's name in the blank space provided for that purpose.

To vote on any measure, punch the ballot card in the hole opposite the word "YES" or after the word "NO".

All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly punch, tear or deface the ballot card, or tear or deface the write-in ballot envelope, return it to the precinct board member and obtain another.

**ANTES DE VOTAR DEBE INSERTAR LA TARJETA EN LA VOTOMATIC**

**PERFORE LA TARJETA UNICAMENTE CON EL PUNZON ATADO**

**A LA VOTOMATIC. PROHIBIDO USAR PLUMA O LAPIZ.**

**INSTRUCCIONES A LOS VOTANTES:**

Para votar por todos los electores de un partido, perfore la tarjeta de balota en el agujero al lado de los nombres de los candidatos presidencial y vice presidencial de ese partido. Un agujero en la tarjeta de balota al lado del nombre de un partido y su candidato presidencial y vice presidencial, es un voto por todos los electores de ese partido, pero por ningún otro candidato.

Para votar por aquellos electores que se han comprometido a votar por un candidato para Presidente y para Vice Presidente de cualquier partido no calificado para participar en la elección, inserte por escrito los nombres y el partido de esos candidatos presidencial y vice presidencial en el espacio en blanco provisto para ese propósito en el sobre de balota para insertar por escrito.

Para votar por cualquier otro candidato de su selección, perfore la tarjeta de balota en el agujero al lado del nombre del candidato. Cuando han de ser elegidos dos o más candidatos para el mismo oficio, perfore la tarjeta de balota al lado del nombre de todos los candidatos para el cargo por quienes usted desea votar, pero sin exceder el número de candidatos que se deban elegir.

Para votar por un candidato calificado para inserción de su nombre por escrito, escriba primero el título del cargo en el espacio en blanco provisto para ese fin en el sobre de balota para inserción por escrito, y luego después del título del cargo, el nombre de la persona en el espacio en blanco provisto para ese fin.

Para votar sobre cualquier medida, perfore la tarjeta de balota en el agujero al lado de la palabra "SI" o luego de la palabra "NO".

Todas las borraduras o marcas distinguibles están prohibidas y anulan la balota.

# CANDIDATES FOR BART DIRECTOR

## FOR DIRECTOR, DISTRICT 7

### WILFRED T. USSERY

My age is 51.

My occupation is Urban Planner.

**My education and qualifications are:** I am a product of the Bay Area — a graduate of Berkeley public schools, and San Francisco City College. An Architectural Designer and Urbanologist. I have studied and lectured at University of California, Berkeley. I have worked for several major architectural firms in the Bay Area, and was founder and President of an urban consulting organization. As an early activist in the struggle for civil rights, I was National Chairman of CORE in 1967, 1968 and 1969, and a principle strategist in the movement to improve the economic situation of Bay Area ethnic minorities. My deep concern for societal equity has not diminished over the years, and I have extended my involvement to include support for the civil rights of all minorities, women and gays. My planning and urban development experience and ability as a creative, innovative thinker, are needed at BART. I know how to integrate the multiple impacts of BART and help develop policy thrusts which will benefit the area economically, socially and environmentally. Through my extensive community involvement and service on the BART Board, I have earned the trust and respect of a wide variety of Bay Area residents. I am uniquely qualified to serve District 7.

WILFRED T. USSERY

### POLLY THOMAS

My age is 35.

My occupation is Lawyer.

**My education and qualifications are:** I have lived in the Bay Area for 11 years; received my law degree from Hastings College in San Francisco in 1973, and have spent my entire legal career in public interest law.

BART has had a notorious safety record from the time it opened. Two employees were killed even before the terrible tunnel fire of 1979, which injured 46 people and killed one fireman because of inadequate safety procedures and equipment. I worked at that time with the Riders for a Safe BART Committee in actions to demand consumer protection. I am now running for the BART board because I believe that we need a board which will put human safety first and not just be a rubberstamp for management's policies.

We were promised that BART would pay for itself with fares, but since 1969 taxpayers have paid for BART with a ½% sales tax. BART is one of the biggest boondoggles that big business has ever known. The corporations that built BART — at twice the cost they had said — made huge profits at public expense. We need a BART board that will make BART accountable to the public who have quite literally paid for it.

## FOR DIRECTOR, DISTRICT 9

### JOHN H. KIRKWOOD

My age is 33

My occupation is BART Director

**My education and qualifications are:** I am a graduate of Lick-Wilmerding High School and Stanford University. After two terms as a fulltime BART Director, I seek re-election because I believe BART has made substantial improvements in service quality but that a great deal remains to be done to provide a dependable transit system which is truly useful to San Franciscans. Last year as president of the BART Board, I led major new programs for fire safety, greater reliability and more frequent trains, including direct service San Francisco to Berkeley-Richmond. In the same

year I negotiated new labor agreements that have now brought BART wages and salaries back in line with comparable pay scales. After passage of Proposition 13 we cut our budget by \$7 million and at the same time reduced BART's dependence on the sales tax by 25%. I authored a BART-/Muni/AC Transit "Superpass" to permit through transfers on the three systems with a single fare. I have the knowledge, experience and determination to insure that the improvement programs I have initiated are achieved. I ask for your vote on November 4th.

# CANDIDATES FOR JUDGE

FOR MUNICIPAL COURT JUDGE, OFFICE # 1

## INA LEVIN GYEMANT

My occupation is Deputy Attorney General of California. My education and qualifications are: Native San Franciscan, Lowell High School, UC Berkeley, Hastings Law School, Law Journal.

70% of the cases before the Municipal Court are criminal cases. I am an experienced criminal attorney—the other candidate for this judicial position has publicly stated that he has no experience in criminal law.

I am presently Deputy Attorney General in the Criminal Division for the State of California, former San Francisco Deputy Public Defender, trial lawyer in private practice and staff attorney for the Supreme Court of California. For the last ten years my husband and I have been foster parents of delinquent wards of our courts.

I know we can substantially improve our San Francisco courts. I have seen how trials are unnecessarily delayed, dangerous offenders released and those who could be rehabilitated lost in an ineffective criminal justice system.

I am committed to immediate, thorough and fair trials, protection of the public from potentially dangerous offenders, and close supervision of all who are convicted.

I ask your support for this office which is being vacated by Judge Samuel Yee.

## HENRY HITZ

My address is 7 McCarthy Avenue.

My occupation is Teacher.

My age is 36.

**My qualifications for office are:** As a teacher for ten years, I've seen the incumbents fiddle while schools crumble, leaving the community fighting over the crumbs. As an organizer of the big Sacramento march for education last year, I understand the need for unified parent-teacher-student campaigns to put educational improvement above cost-cutting locally, and above military extravagance nationally. Students must be guaranteed the right to read.

As Treasurer of the Childcare Switchboard, I've learned that fiscal problems diminish when improved programs rekindle public confidence. I'll support district elections for school board if the board can't overcome its domination by power-hungry superintendents.

## SUSANNE L. JONAS

My address is 3300 Folsom Street.

My occupation is Author, Editor, Political Scientist.

**My qualifications for office are:** Master of Arts in Teaching (Harvard University); Ph.D. in Political Science (U.C. Berkeley); experience as teacher and education researcher; experience as legislative assistant in U.S. Senate and political campaigns; politically active for over 15 years; fully bilingual in Spanish. As an educator, parent, and long-time Bay Area resident, I am extremely concerned about the deterioration of public education for working people in San Francisco. We have seen drastic cutbacks and teacher layoffs. We cannot provide quality public education available to all without adequate funds; therefore, I support the principle in Proposition M of taxing the corporations to maintain public services.

## KIM MADDOX

My address is 154 Arch St.

My occupation is Public Hospital Lab Technician and Computer Worker.

My qualifications for office are: I have lived all my life in Hunter's Point and other neighborhoods of San Francisco, and attended City College. I worked for the city seven years and now work at General Hospital.

For four years I worked with the South of Market Youth Council as an organizer and counselor, to lessen conflicts among youth of different races.

Working class adults have a right to education, yet our Community Colleges are in danger from cutbacks. The wealthiest corporations have headquarters here but don't pay their fair share to support education. I support Proposition M to Tax the Corporations, to improve adult education.

My occupation is Professor and Research Consultant.

My qualifications for office are: 31 years in the Bay Area; Ph.D. from the University of California, in criminology; Dean's scholar; several government fellowships; Professor at Northeastern Illinois University; active in the American Federation of Teachers.

Working adults have had to fight for an education within an overcrowded, understaffed system. Community colleges are therefore a key service, which I wish to see improved by taxing the largest corporations at a higher rate under Proposition M. I myself attended community colleges and know their problems, and will work to make the community college system meet the needs of all working adults.

Education is a human right, yet it is dying. As the conglomerates crowd San Francisco, services and government responsibility disappear. That's why I support Proposition M, the Tax the Corporations Declaration of Policy. Giant corporations must pay their fair share of taxes so our Community College system can serve all people.

## PAUL BONEBERG

My address is 647A Castro Street.

My occupation is housing restoration.

My qualifications for office are: An unflinching belief that the best way to approach San Franciscans is with the hard facts. It is my observation that:

1. Our city is becoming politically polarized to our detriment.

2. This situation is worsening because an increasing number of residents no longer define themselves politically as San Franciscans, i.e. less than fifty percent of those eligible vote.

3. I have therefore urged responsibility to San Francisco before any special interest group including my own—the gay community.

4. I ask you to contrast this effort with other candidates' campaigns as an evaluation of my candidacy.

My address is 3622 16th Street.

My occupation is Member, Board of Supervisors.

My age is 42.

My qualifications for office are: In nearly two years as Supervisor, I have worked hard on citywide problems such as preserving neighborhood fire and police stations, libraries and parks; helping renters, neighborhood merchants, and Muni riders; and opposing the sewer tax and cutbacks in programs for seniors.

Last December this record resulted in my election to a four year term with the highest supervisorial vote in San Francisco.

I am deeply committed to District Elections because it allows for the voices of all communities and neighborhoods to be heard at City Hall as they were seldom heard before. I pledge to work to restore District Elections.

## PATRICK J. CORBETT

My address is 200 Miramar.

My occupation is Painting Contractor.

My qualifications for office are: As leader of several Civic and Social Organizations, I believe that San Francisco needs new leadership on the Board of Supervisors. Fiscal Conservation, while meeting our social responsibilities, requires that each tax dollar be wisely spent to stem increasing crime rate, achieve improvement in Muni service, and provide decent housing for those on fixed and low incomes.

San Francisco must qualify for State and Federal funds to ease local taxes and benefit from our taxes sent to Sacramento and Washington. Our City, our lives, and our environment can be improved through intelligent action and cooperation; together we will achieve these goals.

## LUISA EZQUERRO

My address is 212 Fair Oaks Street.

My occupation is school teacher and community advocate.

**My qualifications for office are:** I am an hispanic, native San Franciscan, a public school teacher for many years. I believe in solutions that bring people together, and have gotten results on issues that affect people where they live, work and play.

The repeal of district elections has left confusion and alienation on all sides. Now is the time to gain the direct involvement of as many people as possible in making the City better for all of us, through our city government, and our communities. San Franciscans must make sure that their Supervisors have experience and concern, both on the neighborhood and the city-wide level.

## BOB GEARY

My address is 2578 Great Highway.

My occupations is Anti-Sewer Tax Chairman.

My age is 40.

**My qualifications for office are:** City Hall has a habit of turning a deaf ear to taxpayers. However, Big Money Interests have no trouble getting City Officials to listen to them. It's the same Big Money Interests who talked City Hall into letting us pay for an overdesigned, overpriced and environmentally unsound Sewer Project. The \$2.6 billion project's energy needs will be astronomical.

As Chairman of Citizens to Stop the Sewer Tax, I have been fighting for repeal of the repressive sewer service charge. I will carry that fight into City Hall. Help me put an end to Big Money's influence on our politicians.

Feinstein and the Board owe their allegiance to Washington politicians. Let's tell them to go to hell—we won't take any more!

## F. "SAM" GOELTZ

My address is 130 Clifford Terrace.

My occupations is Pilot/Engineer.

My age is 48.

**My qualifications for office are:** I am broadly-based in life experiences and deeply concerned about the quality and liberty of every human life. I have risked imprisonment as a spokesperson for our rights to speak freely and retain our legitimate possessions.

A lack of productive employment is hurting all the people of San Francisco—poor, middle class, well-to-do. Government is the cause, not the cure, because it restricts investment, free trade, education and participation in business. Enforced poverty, destructive taxation and rampant crime result.

Restrict government, stimulate investment, and make San Francisco a freeport of liberty and prosperity.

Vote "Sam" for liberty. It's free. 564-8844

## BOB GONZALES

My address is 361 Pennsylvania Avenue.

My occupation is Attorney.

**My qualifications for office are:** The present Board has given San Francisco the most expensive government in its history; doubled muni fares; closed fire stations in the name of economy; and asked the voters to triple their salary! The Board continually indulges in divisiveness, petty bickering and name calling.

San Francisco is entitled to Board members that care about all its people and all it's problems; the entire City is my priority. My experience and past record gives the voters a clear choice.

Does the City stagnate with the present Board membership or do we move forward working together? I ask for your vote.

My address is 68 Country Club Drive  
My occupation is Lawyer and Member, Board of Supervisors  
My qualifications for office are: During my years in City Hall I have been an outspoken critic of wasteful government spending and excessive bureaucracy. I have likewise persisted in efforts to insure the protection of human rights and values. My legislation has tightened conflict of interest laws, required open meetings of boards and commissions, retained neighborhood police stations and protected Golden Gate Park open space. I will continue my work towards achieving a sound city housing policy and more equitable tax treatment for homeowners while pledging my determination to maintain our city as a distinguished center of commerce, culture and beautiful neighborhoods.

My address is 182 Diamond Street.

My occupation is Real Estate.

My qualifications for office are: In 1975, I worked to defeat Z'Berg's Casino-gambling Bill, 1976 Dog-Racing, 1977 Cline's State Lottery Bill. I oppose the Peripheral Canal (SB200).

I encourage hiring the finest morally qualified school teachers for San Francisco's school children.

San Francisco is a high unemployment city. Wise city-management would be to hire only San Francisco residents to fill vacancies in the Police, Fire and School Departments.

Municipal jobs for San Francisco residents.

San Francisco needs new solutions to old problems. Constructing a man-made island in the five-fathom bank west of ocean beach for a refuse site, would permanently solve San Francisco's garbage dumping problem.

## DENNIS PERON

My address is 3745 17 Street.

My occupation is Agricultural Products Distributor.

My age is 34.

My qualifications for office are: IS MARIJUANA A MINOR ISSUE? Tell the police who still beat, bust and shoot to enforce anti-pot laws. For running my marijuana super-market, I still carry a policeman's bullet in my leg. Marijuana won't be a minor issue when you or your friends are busted. Yes, I'm a one-issue candidate—which is one issue more than most politicians have. For years I've opposed crimeless crimes—especially through the victorious Marijuana Initiative. I'm running not to win election, but to make a statement of principle, of idealism. (Yes on N.) Save one of your votes for yourself, for a principle—for Dennis Peron.

## DAVID A. ROBERTS

My address is 2485 - 23rd Ave.

My occupation is Administrator.

**My qualifications for office are:** I will work to make "everybody's favorite city," San Francisco, a good place to live and to work. It is already a good place to visit.

To do this we must control the cost of government and we must be sure that city services are fairly distributed. Public transportation, health services, fire and police protection, and educational services all can be improved to better meet the needs of San Francisco's citizens.

Our city needs more jobs, more housing, better services for our retired citizens, and better solutions to San Francisco's problems of the 1980's. As your supervisor, I will work to make San Francisco the place to live and work—as well as to visit.

# Conflicts of Interest

## PROPOSITION B

**Shall officers and employees be permitted to have designated interests in certain transactions of the city which are now prohibited but be required to disclose said interests and abstain from participation in the transaction?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The City Charter explains what are conflicts of interest and prohibited practices for city officers, employees, and board and commission members. Any matter in which there was a conflict of interest is cancelled. A person with a conflict must either give up the interest or leave the job. The Charter also explains what a "remote" interest is and how such a matter is to be handled by the board or commission involved.

**THE PROPOSAL:** Proposition B further explains conflicts of interest and prohibited practices. Any officer or employee with a conflict of interest must give up the interest within 60 days or leave the job. Proposition B also broad-

ens the meaning of "remote" interest and requires an officer or employee not to vote on a matter of "remote" interest. Any person convicted of violating the law on conflict of interest or prohibited practice would be removed from office and would also be subject to a fine and/or jail sentence.

**A YES VOTE MEANS:** If you vote yes, you want conflict of interest made clearer and remote interest broadened. You also want stronger penalties for conviction.

**A NO VOTE MEANS:** If you vote no, you want the Charter section on conflicts of interest and prohibited practices to remain as it is.

### Controller's Statement on "B"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition B:

"Should the proposed Charter amendment be adopted, in my opinion, in and of itself, it would neither increase nor decrease the cost of government."

### How Supervisors Voted on "B"

On August 11 the Board of Supervisors voted 8-0 on the question of placing Proposition B on the November 4 ballot. The Supervisors voted as follows:

less the same shall be devolved upon him by law; and any such contract or transaction in which there shall be such an interest shall be null and void; nor shall any person in this section become surety upon any bond given to the city and county; nor shall any person mentioned in this section give or promise any money or other valuable thing, or any portion of his compensation, in consideration of his nomination, appointment, or election to any city and county office or employment; or accept any donation or gratuity in money or other valuable thing, either directly or indirectly, from any subordinate or employee or from any candidate or applicant for a position as employee or subordinate under him.

(b) It shall be the duty of every officer and employee who shall have knowledge of any violation of the provisions of this section immediately to report such violation to the district attorney, for possible criminal action and failing so to do may be removed from his office or employment.

*(continued on page 90)*

# Conflicts of Interest

## ARGUMENT IN FAVOR OF PROPOSITION B

This Charter amendment is in effect a "housekeeping" measure. It amends Section 8.105 of the charter dealing with conflict of interest rules governing City workers and members of City commissions and boards, including the board of Supervisors. In most instances the provisions are revised to conform to provisions of State law. In other subsections, the Charter is amended to conform to court decisions or court approved practices with respect to any matter where a member of a board of commission should disqualify him or herself

from voting because of an interest which is prohibited.

### Vote Yes on Proposition B

As the lead co-author of the 1974 wholesale revision of the City's conflict of interest charter provisions, I recommend a "yes" vote on Proposition B, which does not weaken conflict of interest rules, but merely clarifies disqualification practices where there might be any potential conflicts of interest.

Submitted by: *Supervisor Quentin L. Kopp*

## ARGUMENT IN FAVOR OF PROPOSITION B

### Vote "Yes" on Proposition B

A YES vote on Proposition B will conform the City's conflict of interest provisions with those contained in State law.

Currently, the charter compels resignation by a citizen serving on a board and/or commission who has, or whose family may have, a remote or indirect interest in matters before the board or commission. In most cases, they must sell the interest at forced sale or resign from that board or commission.

The charter now does not conform to State law. State law says such a conflict of interest must be fully disclosed by the board or commission member, and voting on the issue be excused.

A "YES" vote on Proposition B will continue in force prohibitions against participating in governmental decisions in which anyone has a conflict of interest, but will permit an officer or employee in all but serious cases of conflicting interest, to abstain from participating in the decision. He or she will be able to continue to serve San Francisco as long as they refrain from attempting to influence a decision in which they have an interest. Proposition B encourages the citizens of San Francisco to participate in *their* government.

Vote "YES" on Proposition B.

## PROPOSITION C

**Shall rates for the Municipal Railway as proposed by the Public Utilities Commission be approved, rejected or amended by a majority vote of the Board of Supervisors?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Public Utilities Commission has the power to set the fares charged by the Municipal Railway. The fare rates must be approved by a 2/3 vote of the Board of Supervisors. If rejected, the fare rate proposal must be returned to the Public Utilities Commission for revision.

**THE PROPOSAL:** Proposition C would give the Board of Supervisors the power not only to approve or reject a fare rate proposal but also to change it after it is submitted by the Public Utilities Commission. A 2/3 vote by the Supervisors would no longer be required for approval.

**A YES VOTE MEANS:** If you vote yes, you want the Board of Supervisors to have the power to change the rate proposals for fares on the Municipal Railway after they are submitted by the Public Utilities Commission for approval or rejection.

**A NO VOTE MEANS:** If you vote no, you do not want to give the Board of Supervisors power to change the rate proposals for fares on the Municipal Railway.

### Controller's Statement on "C"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

"Should the proposed Charter amendment be adopted, in my opinion, it would neither increase nor decrease the cost of government."

### TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION C

**NOTE:** Additions or substitutions are indicated by bold face type; deletions are indicated by ((double parentheses)).

#### 3.598 Utility Rates

The public utilities commission shall have power to fix, change and adjust rates, charges or fares for the furnishing of service by any utility under its jurisdiction, and to collect by appropriate means all amounts due for said service, and to discontinue service to delinquent consumers and to settle and adjust claims arising out of the operation of any said utilities.

Rates may be fixed at varying scales for different classes of service or consumers. The commission may provide for the rendition of utility service outside the limits of the city and county and the rates to be charged therefor which may include proportionate compensation for interest during the construction of the utility rendering such service.

Before adopting or revising any schedule of rates or fares, the commission shall publish in the official newspaper of the city and county for five days notice of its intention to do so and shall fix a time for a public hearing or hearings thereon, which shall be not less than ten days after the last publication of said notice, and at which any resident may present his objection to or views on the proposed schedule of rates, fares or charges.

### How Supervisors Voted on "C"

On August 4 the Board of Supervisors voted 9-2 on the question of placing Proposition C on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors John Bardis, Harry Britt, Ella Hill Hutch, Quentin Kopp, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

**NO:** Supervisors Don Haranzy and Carol Ruth Silver

Rates for each utility except the municipal railway shall be so fixed that the revenue therefrom shall be sufficient to pay, for at least the succeeding fiscal year, all expenses of every kind and nature incident to the operation and maintenance of said utility, together with the interest and sinking fund for any bonds issued for the acquisition, construction or extension of said utility; provided that, should the commission propose a schedule of rates, charges or fares for said utility which shall not produce such revenue, it may do so with the approval of the board of supervisors, by a two-thirds vote and it shall thereupon be incumbent to provide by tax levy for the additional amount necessary to meet such deficit. All other changes in rates, charges or fares as proposed by the commission shall be submitted by the commission to the board of supervisors for approval and, except as in this section otherwise provided, it shall require a two-thirds vote of the board of supervisors to reject the rate changes as proposed by the commission, and if so rejected, such proposed changes in schedules or rates, charges or fares shall be returned to the commission for revision. If the supervisors shall fail to act on any such proposed schedule within thirty days, the schedule shall thereupon become effective.

Rates for the municipal railway shall be proposed by the commission and approved; rejected or amended by the board of supervisors. (end)

# Muni Fares

## ARGUMENT IN FAVOR OF PROPOSITION C

### Vote "Yes" on Proposition C

The way the Charter reads now Municipal Railway fares must be recommended by the Public Utilities Commission and approved by the votes of at least eight (8) Supervisors. However, the Board of Supervisors can only vote to approve or reject any PUC Municipal Railway recommendation on fares. The Board cannot amend or modify any such recommendation, no matter what the financial evidence may be.

That is an unnecessarily inflexible provision of the Charter which should be changed.

### Vote "Yes" on Proposition C

Proposition C will change this procedure to allow the Board of Supervisors to be something other than a rubber stamp for the PUC on recommended MUNI fares. It would simply allow the Board to revise or modify any PUC fare schedule recommendation, as well as reject or approve it. This is a straight-forward change in the Charter which makes sense and should be approved. It is in the public interest and good public business practice.

### Vote "Yes" on Proposition C

# Separate Health & Retirement Systems

## PROPOSITION D

**Shall City employees be allowed in the City's Health Service System as determined by ordinance subject to conditions and qualifications as the Board of Supervisors may impose?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** All City employees who are members of the Retirement System are automatically members of the Health Service System unless excused by the Health System Board. No one else may join the Health System.

**THE PROPOSAL:** Proposition D would allow all permanent employees to become members of the Health System. They would not have to be members of the Retirement System. It would allow the Board of Supervisors to determine which non-permanent employees would be allowed to join.

**A YES VOTE MEANS:** If you vote yes, you want the Board of Supervisors to have the power to determine which non-permanent employees would be allowed to join the Health System. You also want all permanent employees to be eligible for the Health System.

**A NO VOTE MEANS:** If you vote no, you do not want to change who is eligible for membership in the Health System.

8.420 Establishment of and Membership in Health Service System.

A health service system is hereby established as a department of the city and county government and shall be subject to sections 3.680 through 3.682 and 8.420 through 8.432 inclusive. Said system shall be administered by a board to be known as the health service board. The members of the system shall consist of all permanent employees, which shall include officers of the city and county, of the San Francisco Unified School District, and of the Parking Authority of the City and County of San Francisco ((who are members of the retirement system)) and, such other employees as may be determined by ordinance, subject to such conditions and qualifications as the board of supervisors may impose. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets or principles, depends for healing upon prayers in the practice of religion shall be exempt from the system upon filing annually with the health service board an affidavit stating such adherence and dependence and disclaiming any benefits under the system. ((The health service board shall have the power to exempt any person whose annual compensation exceeds \$6,000 and any person who otherwise has provided for adequate medical care.)) The health service board shall have the power to exempt any person whose compensation exceeds the amount deemed sufficient for self coverage and any person who otherwise has provided for adequate medical care.

### How Supervisors Voted on "D"

On August 11 the Board of Supervisors voted 7-1 on the question of placing Proposition D on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors John Bardis, Don Horanzy, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

**NO:** Supervisor Quentin Kopp

### Controller's Statement on "D"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition D:

"Should the proposed Charter amendment be adopted, in my opinion, in and of itself, it would neither increase nor decrease the cost of government. However, as a product of its application to future legislation, additional cost of government could be incurred, the maximum amount of which could be \$3,352,000.

"But again, in and of itself, this permissive amendment to the Charter would have no effect on the cost of government."

# Separate Health & Retirement Systems

## ARGUMENT IN FAVOR OF PROPOSITION D

### Vote Yes on Proposition D

A Yes vote on Proposition D will separate Health Service System membership from the Retirement System. Currently employees can only receive health insurance benefits if the City places them in the Retirement System. This measure will permit the city to include employees in its health insurance program without incurring the high cost of retirement system membership.

### Vote Yes on Proposition D

This measure will also allow the City to impose membership conditions and qualifications, such as the number of

months of continuous employment and medical examination screening before long-term temporary employees can be included in the health insurance program.

This measure will allow the City to offer health care insurance to qualified employees at the lowest possible cost to the taxpayers.

# Police & Fire Salaries

## PROPOSITION E

**Shall the compensation of Police and Fire uniformed officers be protected against reduction below a base rate determined by date of employment?**

## Analysis

Ballot Simplification Committee

**THE WAY IT IS NOW:** Salaries for uniformed members of the Police and Fire Departments are determined by comparing the pay for similar jobs in all California cities with a population of 350,000 or more. The salaries in San Francisco must equal the average of the highest salaries of uniformed police and fire forces in these other cities. The population figures must be based on the latest national ten-year census.

**THE PROPOSAL:** Proposition E would guarantee that salaries for uniformed San Francisco police and fire forces

would not be reduced as a result of any change in the manner for determining those salaries.

**A YES VOTE MEANS:** If you vote yes, you want the salary rates for uniformed police and fire forces to be protected from any reduction which would result from any change in the manner of determining those salaries.

**A NO VOTE MEANS:** If you vote no, you want the salary rates to be determined as they now are without any protection against reductions in pay.

## Controller's Statement on "E"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition E:

"Should the proposed Charter amendment be adopted, in my opinion, in and of itself, it would neither increase nor decrease the cost of government. This amendment, however, could forestall any future salary reductions resulting from possible changes in the latest Federal census."

## How Supervisors Voted on "E"

On August 4 the Board of Supervisors voted 9-2 on the question of placing Proposition E on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors Harry Britt, Don Horanzy, Ella Hill Hutch, Quentin Kopp, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

**NO:** Supervisors John Bardis and Carol Ruth Silver

## TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION E

**NOTE:** Additions or substitutions are indicated by **bold face type**; deletions are indicated by ((double parentheses)).

### 8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the Board of Supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco.

Thereupon the Board of Supervisors shall have power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the police department whose annual

compensations are set forth in Section 3.531 of this Charter and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,  
(1) for the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classification in cities in said certification;

(2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class; *(continued on page 92)*

# Police & Fire Salaries

## ARGUMENT IN FAVOR OF PROPOSITION E

In 1975 the Charter provisions on setting salaries for police officers and fire fighters were amended overwhelmingly by the voters to provide that such salaries shall be established as the average of the salaries paid to police officers and fire fighters in cities in California with a population of 350,000 or more. There were, and still are, five such cities in California. In 1976, the provision was further amended to prevent any lowering of salaries for police officers and fire fighters by reason of such averaging process. The provision prohibiting a decrease in salaries expired in 1979.

Because of the 1980 federal census, there is a possibility that Long Beach or Oakland, which are now included in the average, may not have a population of over 350,000 any longer and therefore the salaries paid there will not be part

of the average. Instead, Sacramento which has a low pay scale, may be included.

### Vote Yes on Proposition E

This Charter amendment would merely extend until 1981. The prohibition against decreasing the salaries of police officers and fire fighters. As one of the original proponents of the averaging method of establishing salaries for police officers and fire fighters, I recommend a "yes" vote on Proposition E because it is fair and realistic that our police officers and fire fighters not suffer any reduction in their salaries at a time when inflation is 10% or more per year and their costs of living increase accordingly.

Submitted by: *Supervisor Quentin L. Kopp*

## ARGUMENT IN FAVOR OF PROPOSITION E

In November of 1975, the citizens of San Francisco adopted a charter amendment which established the method of setting salaries for members of the police and fire departments.

Based on the latest federal decennial census (1970), the Civil Service Commission is required to survey the rates of compensation paid police officers and firefighters employed in all cities of 350,000 population or over in the State of California. Upon determining those rates, the average rate of pay is determined and it is this average that is paid to our police officers and firefighters. Based on this formula, five cities have been utilized in setting salaries.

However, based on the 1980 census figures, two of the cities will be dropped from the formula. As a result, the new average rate of pay could very well be less than what is presently being paid. Proposition "E" is merely a protection clause to ensure that police officers and firefighters will not suffer a *salary reduction* by virtue of the new formula. The present charter language does not provide this protection.

Proposition "E" *will not* increase the tax rate in San Francisco. It will, however, protect our officers from a possible reduction in salary. **VOTE YES ON PROPOSITION "E".**

# Police & Fire Retirement Benefits: Buy-Out

## PROPOSITION F

**Shall policemen and firemen who were members before November 1, 1976 be allowed to transfer to the Retirement Plan in effect after November 1, 1976 and be compensated up to \$40,000 based on years of service for electing to transfer?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** Police officers and Firefighters who were hired before November 1976 are covered by one retirement plan. Those who were hired after that date are covered by another retirement plan.

**THE PROPOSAL:** Proposition F would allow Police Officers and Firefighters who were in the retirement plan before November 1976 to change to the new retirement plan if they wish. Those changing would receive \$2,500 for each year of employment up to ten years and then \$1,000 for each additional year of service. The total is not to ex-

ceed \$40,000. The funds to be paid would come from members' contributions and Retirement System funds.

**A YES VOTE MEANS:** If you vote yes, you want to allow Police Officers and Firefighters to change to the new retirement plan.

**A NO VOTE MEANS:** If you vote no, you do not want to allow members of the Police and Fire Departments to change to the new retirement plan.

### Controller's Statement on "F"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F:

"Should the proposed Charter amendment be adopted, in my opinion, in and of itself, it would neither increase nor decrease the cost of government since it is permissive legislation, the cost of which is dependent on a future election (if any) by the individual member opting to an alternate retirement plan.

"Based on the present value of future benefits, cash payments to those electing to transfer membership might result in overall cost savings to the City, the amount of which appears substantial, but cannot be accurately determined at this time."

### How Supervisors Voted on "F"

On August 11 the Board of Supervisors voted 8-0 on the question of placing Proposition F on the November 4 ballot. The Supervisors voted as follows:

#### SEC. 8.559-14 Right to Transfer

Notwithstanding any provisions of this charter to the contrary, any person who, on or after January 1, 1981, is a member of the Police Department, and is a member of the Retirement System under Charter Section 8.559, may become a member of the Retirement System under Charter Section 8.586 by filing in writing with the Retirement System no later than December 31, 1981, and executed waiver of all benefits which might inure to him under Charter Section 8.559. This waiver must be without right of revocation and on a form furnished by the retirement system. The Retirement Board may require that this waiver be executed by additional persons before it becomes operative.

This transfer will be effective July 1, 1980. Those persons so electing to become members under Charter Section 8.586 shall receive service credit under Charter Section 8.586 equal to their service credit under Charter Section 8.559 as of June 30, 1980.

Those persons so electing to become members under Charter Section 8.586 shall not be subject to any of those provisions of Charter Section 8.559 as of July 1, 1980.

Notwithstanding the provisions of Charter Section 8.526, the cost of living adjustment in any given year for those persons electing this transfer to Charter Section 8.586 shall not exceed the provisions of Charter Section 8.526 as they existed on July 1, 1980.

Those persons so electing to transfer membership from Charter Section 8.559 to Charter Section 8.586 shall receive a monetary consideration not to exceed \$40,000 calculated at the rate of \$2,500 for each year of said service credit up to ten

# Police & Fire Retirement Benefits: Buy-Out

## ARGUMENT IN FAVOR OF PROPOSITION F

Vote "YES" on Proposition F and reduce the taxpayers' cost for the City Retirement System. This Proposition creates an incentive for police officers and firefighters to transfer from an "old" and expensive plan to a "new" and lower cost plan which was adopted in 1976.

For every person who transfers, the City will be able to reduce its annual contribution (it is now \$100 million for fire and police) and those who choose to transfer will receive a lump-sum payment determined by their years of service. They can use that payment for personal investment to add to the benefits offered by the "new" system.

The Proposition does not force the employees to make the change. It is strictly voluntary. All it does is allow the City to make an offer which each police officer and firefighter can evaluate in relation to their own personal circumstances.

All payments will come from investments of the Retirement System so there will be no added costs for the City treasury and the offer will remain in effect for one year only.

I urge you to take this opportunity to reduce the City's cost for retirement. Unless we adopt measures like this our City will continue to be fiscally strained by greatly increasing retirement costs.

Vote YES on Proposition F.  
Thank you.

## ARGUMENT IN FAVOR OF PROPOSITION F

Vote Yes on Proposition F.

Police officers and fire fighters who were hired by the City before January, 1977 belong to one pension plan, while police officers and fire fighters who were hired after January, 1977 are enrolled in a different pension plan which was approved by the voters in November, 1976, and which costs the taxpayers less money than the older pension plan.

Pension costs are expensive and this measure could help reduce them. It results from a study and analysis prepared at my request by Harvey Rose, the Budget Analyst of the Board of Supervisors in June, 1979. It establishes a voluntary plan by which an estimated 3,114 police and fire fighters who belong to the older pension plan would be offered

lump sums up to \$40,000 to be "bought out" of such older pension plan and given the opportunity to join the new pension system which included post-January, 1977 recruits. If such "buy-out", which is not mandatory, is utilized by a sufficient number of police officers and fire fighters, it could result in a savings of millions of dollars to taxpayers, while at the same time giving such police officers and fire fighters cash in hand (usable of higher income producing investments) and membership in the new, less expensive plan.

It is an idea worth trying, and I recommend a "yes" vote on Proposition F.

# Police & Fire Retirement Benefits: Vesting

## PROPOSITION G

**Shall members of the Police and Fire Departments with five years of service who cease to be employed for causes other than death or retirement have the right to vest their retirement contributions and receive a retirement benefit at age 50?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** When Police Officers and Firefighters leave their jobs before retirement, the monies they put into their retirement plan is refunded. They cannot keep their money in the retirement fund.

**THE PROPOSAL:** Proposition G would allow police officers and firefighters who are members of the Retirement System for at least five (5) years, the choice of keeping their money in the retirement fund or taking it out if they leave. At age 50 they would receive a retirement benefit based on time served and money contributed.

**A YES VOTE MEANS:** If you vote yes, you want police officers and firefighters who leave the department to be able to leave their money in the retirement fund.

**A NO VOTE MEANS:** If you vote no, you do not want police officers and firefighters who leave the department to be able to leave their money in the retirement fund.

### Controller's Statement on "G"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G:

"Should the proposed Charter amendment be adopted, in my opinion, it would not materially affect the cost of government."

**THE LEGAL TEXT OF PROPOSITION G APPEARS ON PAGE 95**

### How Supervisors Voted on "G"

On August 11 the Board of Supervisors voted 8-0 on the question of placing Proposition G on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors John Bardis, Don Horanzy, Quentin Kopp, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

None of the Supervisors present voted "No."

### ARGUMENT IN FAVOR OF PROPOSITION G

Vote YES on Proposition G and help *reduce* the City's cost of retirement for the Police and Fire Departments. This proposition allows police and fire members who wish to leave their departments *before* retirement age to let their retirement contributions *remain with the City* until normal retirement age. During this period the City and the individual will earn interest on the funds. At normal retirement age the member can draw a reduced benefit.

This proposal is known as "vesting" and is available to all City employees except members of the Police and Fire Departments. It is now mandated by the Federal Government for members of private pension plans and we are simply extending the coverage to members of the Police and Fire Systems.

By placing this vesting provision in our "new" retirement system we create an added incentive for members of the "old" system to make the optional switch allowed by Proposition F.

I believe these two proposals will work together to *reduce City costs and improve benefits* for Police officers and Firefighters.

I urge you to vote YES on Proposition G.

Thank You.

Mayor

## PROPOSITION H

**Shall fire protection services be restored to and maintained at the levels no less than those authorized on June 30, 1978?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Mayor and the Board of Supervisors set the annual budget for the Fire Department. Through the budget, they determine the number of employees the department will have and the number of fire stations needed in the city. The Board of Supervisors has the authority to reduce the budget of the Fire Department.

**THE PROPOSAL:** Proposition H would require that the number of personnel and the number of facilities in the Fire Department be kept at or above the figures which

existed on June 30, 1978. Only a vote of the people could reduce it below that June 30, 1978 level.

**A YES VOTE MEANS:** If you vote yes, you want the number of Fire Department personnel and facilities to be kept at or above the June 30, 1978 level and you want the voters to decide any reduction below that level.

**A NO VOTE MEANS:** If you vote no, you want to keep the present system of setting the budget for the Fire Department.

### TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION H

**NOTE:** Additions or substitutions are indicated by bold face type.

#### 3.548 Maintenance of Fire Protection Services

(a) Notwithstanding any other provision of this Charter, and except as provided in paragraph (c) of this section, fire protection services in the City and County of San Francisco shall not be reduced below and shall be maintained at levels no less than those authorized as of June 30, 1978.

(b) The fire protection levels authorized as of June 30, 1978 are defined for the purpose of this section as the number and character of personnel, fire companies and units and facilities used for the purpose of fire suppression, inspection, investigation, training and support activities which were set forth in the Annual Report of the San Francisco Fire Department for fiscal year 1977-78. It is the intent of this section that such number and character of personnel, fire companies and units and facilities shall each be restored and maintained at no less than such levels unless otherwise authorized as provided in paragraph (c) of this section.

(c) The level of fire protection services required by paragraph (a) of this section may be reduced to another specified level of protection by a two-thirds vote of the qualified electors voting at a general election or special election called for that purpose.

(d) It shall be the responsibility of the Board of Supervisors to enact all necessary legislation and appropriate all funds necessary to carry out the provisions of this section. It is the intent of this section that city and county funds shall first be applied to maintain emergency public safety services as provided for by this section. (end)

### Controller's Statement on "H"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H:

"Should the proposed initiative be approved, in my opinion, it would increase the cost of government by approximately \$7,500,000."

### How Proposition H Got on the Ballot

On August 25 City Registrar of Voters Jay Patterson certified that the initiative petition calling for Proposition H to be placed on the ballot had qualified for the ballot. The Supervisors then voted to place the proposition before the City's voters on November 4.

The Committee to Keep Our Fire Houses Open, the proponents of the initiative had filed 31,240 signatures with Patterson on August 6. After examining the signatures, Patterson determined that there were 24,940 valid signatures. This is more than the 22,547 signatures needed to put an initiative charter amendment on the ballot.

22,547 represents 10% of the number of people who voted for governor in 1978.

# Fire Department Services Initiative

## ARGUMENT IN FAVOR OF PROPOSITION H

We've heard a lot of rhetoric over the years about safe levels of fire protection in San Francisco. As firefighting professionals, we feel it's time to set the record straight: San Francisco fire service has been cut to the bone.

Over the years we saw cutbacks in administration, personnel and equipment. Then came the cuts in essential services. Fire stations were closed; manpower was drastically reduced. Some of these cuts have actually helped make our firefighting organization leaner and more efficient.

But it's got to stop somewhere. Things have gone way too far. Unless the City administration is forced to stop cutting, the neighborhoods of San Francisco are in trouble. Look at the danger signs:

- On the day of the Great 1906 Earthquake and Fire, 564 firefighters were on duty; today there are fewer than 319.
- In the last five years, alarm calls have increased by 5589.
- In a recent highrise fire in Los Angeles 290 firemen fought the blaze. If a similar fire broke out in San Francisco today, approximately 90% of the City would be left

## ARGUMENT IN FAVOR OF PROPOSITION H

Enough is enough! Every year the politicians promise us "no more cuts in essential services". And every year, without asking us, they close more neighborhood firehouses. This year alone they're closing 4 more fire stations—in Midtown Terrace, Pacific Heights, Bayview-Hunters Point/Potrero Hill, and South of Market. These years of steady cut-backs have reduced San Francisco fire safety to truly dangerous levels. Enough is enough!

It's time to take fire protection out of the hands of politicians. Let's give the people of San Francisco a chance to decide whether we want any further cuts in essential fire services.

A "YES" vote on PROPOSITION H would:

- Stop City politicians from making further cut-backs, on their own, in the level of fire safety.
- Provide that a vote of the people of San Francisco is required for any further reduction in fire services.
- Require that the number of fire stations, facilities, and personnel be maintained at minimum safety levels no less than those of June 30, 1978.
- Not increase our taxes.

## ARGUMENT IN FAVOR OF PROPOSITION H

The quality of life in San Francisco suffers when we ignore or cut back on our basic services—such as fire protection. Vote YES on Proposition H.

without neighborhood fire coverage.

There's only one way to stop politicians from making things any worse; Proposition H. This measure would allow the people of San Francisco to vote on any further cutbacks, and restore at least the bare minimum of safety set jointly by the Fire Chief and Fire Commission in the base year of 1978.

The issue is *not* money. This measure would *not* increase our taxes. It would *not* increase pay or benefits for individual firemen. And it need *not* decrease other City services. In fact, last year's cuts "saved" the City \$6.2 million—money which was put in a "special" fund and never spent on *any* City services. That's "false economy" at its worst.

Put a stop to these irresponsible cuts. Demand that the voters of San Francisco have a say in determining an adequate level of essential fire service. We urge you to vote "YES" on PROPOSITION H.

*William Murray*, Former Fire Chief, 1956-71

*Keith Calden*, Former Fire Chief, 1971-76

The issue is simple. The people of San Francisco have a basic right to adequate fire protection. Period! Let's exercise that right. Let's take fire safety out of the hands of politicians. Vote FOR your right to adequate fire protection. Vote "YES" on PROPOSITION "H".

# Fire Department Services Initiative

## ARGUMENT IN FAVOR OF PROPOSITION H

While appreciating the difficult budget decisions imposed in this era of fiscal restraint, we the undersigned public officials believe that the people of San Francisco are entitled to adequate and responsible levels of essential City services, particularly fire protection.

For this reason, we support San Francisco ballot Proposition "H", a measure which would give the voters of San Francisco a say in assuring that minimum levels of fire safe-

ty are not compromised.

We urge a "YES" vote on PROPOSITION "H".

## ARGUMENT IN FAVOR OF PROPOSITION H

34,000 San Franciscans told us they were concerned about fire protection in their neighborhoods. That's how many people signed a petition—a petition circulated for only 14 days by community groups to put Proposition H on the ballot and stop the closing of fire houses.

Well, we got the message. In fact, we've been worried about the level of fire protection in our City for some time now. As San Francisco fire fighters, we see the problem firsthand. Every day. As station houses close, engine companies cut back, daily manpower shrinks.

The result? Less. Less fire safety. Reduced coverage of outlying neighborhoods. Poorer response times in emergency situations. And along with these decreases, we've seen an increase in personal danger to fire fighters trying to cover the gaps: in the last 18 months alone, we've felt the tragic loss of two fire fighters and one battalion chief.

We believe the people of San Francisco deserve better.

That's why we support Proposition H. We support the right of San Franciscans to insist on quality fire protection and put a stop to the rapid deterioration of this essential City service.

In fact, fire protection is a lot more than one more "essential service." It saves lives. And there's nothing more essential than that. On November 4, we hope you'll remember to vote "YES" on Proposition H.

## ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H. Your Mayor, the Fire Chief and Fire Commission are committed to providing you with the best fire protection within the fiscal constraints of Proposition 13. In these financially critical times, it is necessary to effect economies in all City departments without exception. If such economies are not practiced, some departments will be totally eliminated and essential services will be drastically reduced.

In order to effectively operate under these conditions and maintain efficiency, the management of the Fire Department must be allowed sufficient flexibility to make fire protection, personnel, and financial decisions a continuing function of its management responsibilities. This Proposition—by arbitrarily reverting to a level of fire protection in existence thirty months ago—would require adherence to a fixed formula without regard to changing needs and circumstances. Professional judgement would be replaced by rigid, out-moded standards that the public can no longer afford.

By Charter, the Fire Commission has the power to organize, reorganize and manage the Fire Department. This Proposition would restrict the Fire Commission's ability to implement cost-effectiveness because any downward change, not only in fire protection levels but also in all administrative and support functions, requires a two-thirds vote of the qualified electors. Let management retain the power to continue to provide efficient services at reasonable cost.

## Fire Department Services Initiative

### ARGUMENT AGAINST PROPOSITION H

Neighborhood leaders join in asking you to vote NO on Proposition H.

This proposition will require the City to maintain the same number of men, stations and vehicles we had in 1978 which will cost the City an extra 7 million dollars that will be taken from other departments.

The Fire Commission and Chief, who oppose this proposition, should be the ones to determine the proper strength of their department, not the proponents of this proposition. The Chief should not be forced to keep units in service when new

techniques and more efficient equipment makes it unnecessary.

Proposition H is wasteful spending and bad government. Vote NO.

# Salary Dispute—Electricians

## PROPOSITION I

Shall a schedule of compensation based upon the last demand of employees represented by the International Brotherhood of Electrical Workers, Local No. 6, be approved?

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** Electrical workers employed by the city have their pay, hours, benefits and working conditions set in agreements made with the city. Their union did not reach agreement with city officials on issues being considered this year, so the voters must make the decision.

**THE PROPOSAL:** Proposition I would provide that the city agree to the 25 demands of the electrical workers. These

are listed in full on this page and page 95.

**A YES VOTE MEANS:** If you vote yes, you want the city to provide the benefits and working conditions requested by the electrical workers.

**A NO VOTE MEANS:** If you vote no, you want to keep the present benefits and working conditions of the electrical workers.

### TEXT OF PROPOSED ORDINANCE PROPOSITION I

AMENDING ORDINANCE NO. 121-80, SALARY STANDARDIZATION ORDINANCE, FISCAL YEAR 1980-81, CHARTER SECTIONS 8.400, 8.401, AND 8.407, MISCELLANEOUS EMPLOYEES, PURSUANT TO CHARTER SECTION 9.108(b), TO REFLECT ADDITIONAL RATES AND WORKING CONDITIONS FOR EMPLOYEES REPRESENTED BY THE INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, LOCAL NO. 6, BASED UPON THE LAST DEMANDS OF SAID EMPLOYEES.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Pursuant to the provisions of Charter Section 9.108(b), Ordinance No. 121-80, Salary Standardization Ordinance, Fiscal Year 1980-81, Charter Sections 8.400, 8.401 and 8.407, Miscellaneous Employees, is hereby amended by adding Section XIV thereto, reading as follows:

#### Section XIV

1. 40-hour work week consisting of 8:00 a.m. to 12 noon and 12:30 p.m. to 4:30 p.m. on Monday through Friday.
2. City to supply all tools, rain gear and safety equipment.
3. Premium pay for high time work, work below piers, exposure to raw sewage and for working with energized equipment.
4. Mandatory travel pay allowance for electrical employees assigned to work outside of the City and County boundaries.
5. Premium pay of 10% for swing shift and 15% for midnight shift and payable for the full shift.
6. All overtime on a voluntary basis with a four hour minimum.
7. When assigned the duties of a higher paying classification, electrical employees to receive the higher pay.
8. Electrical employees to receive pay for overtime worked rather than in-lieu time off.
9. Employees in Class 7379 Electrical Transit, Mechanic and related classes to have the same working conditions, work week and differentials as enjoyed by employees in the Automotive Mechanic classification.

### Controller's Statement on "I"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I:

"Should the proposed proposition be adopted, in my opinion, the cost of government would be increased by approximately \$1,300,000."

### How Prop. I Got on the Ballot

Propositions I and J are a result of a provision on the City Charter which was adopted by the voters in November 1976. This provision requires that unsettled contract disputes between city officials and city employees be put before the voters to decide.

In this proposition the voters will grant or reject the last demands of city workers represented by the International Brotherhood of Electrical Workers, Local 6.

10. City to pay fringes for whole eight hour day.
11. Temporary employees to start at highest pay level.
12. Work performed by employees in electrical classifications shall comply with all applicable codes.
13. Sick leave to be supplemented with State Disability Insurance pay.
14. All electrical employees to be employed on a full time basis.
15. City to specify pay days.
16. City to pay for educational or re-training leave.
17. City to combine overtime payment with regular paycheck.

# Salary Dispute—Laborers

## PROPOSITION J

Shall a schedule of compensation based upon the last demand of employees represented by the Laborers' International Union of North America, Local No. 261, be approved?

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** General laborers employed by the city do not now receive premium pay for working with raw sewage. Their union asked for this premium pay to be added to their contract, but city officials did not agree.

**THE PROPOSAL:** Proposition J would provide that the city pay general laborers who work in constant, prolonged contact with raw sewage a \$3 per day premium in their wages.

**A YES VOTE MEANS:** If you vote yes, you want the city to pay a \$3 per day sewage premium to general laborers.

**A NO VOTE MEANS:** If you vote no, you do not want the city to pay a \$3 per day sewage premium to general laborers.

### Controller's Statement on "J"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

"If the proposed proposition is approved, in my opinion, the cost of government would be increased by approximately \$25,000."

### How Prop. J Got on the Ballot

Propositions I and J are a result of a provision on the City Charter which was adopted by the voters in November 1976. This provision requires that unsettled contract disputes between city officials and city employees be put before the voters to decide.

In this proposition the voters will grant or reject the last demands of city workers represented by the Laborers' International Union, Local 261.

### TEXT OF PROPOSED ORDINANCE PROPOSITION J

AMENDING ORDINANCE NO. 121-80 SALARY STANDARDIZATION ORDINANCE, FISCAL YEAR 1980-81, CHARTER SECTIONS 8.400, 8.401 AND 8.407, MISCELLANEOUS EMPLOYEES, PURSUANT TO CHARTER SECTION 9.108(b), TO REFLECT ADDITIONAL RATES AND WORKING CONDITIONS FOR EMPLOYEES REPRESENTED BY THE LABORERS' INTERNATIONAL UNION OF NORTH AMERICA, LOCAL 261, BASED UPON THE LAST DEMANDS OF SAID EMPLOYEES.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Pursuant to the provisions of Charter Section 9.108(b), Ordinance No. 121-80, Salary Standardization Ordinance, Fiscal Year 1980-81, Charter Section 8.400, 8.401 and 8.407, Miscellaneous Employees, is hereby amended by adding Section XIII thereto, reading as follows:

#### Section XIII.

Notwithstanding any provisions of this ordinance to the contrary, and based upon the last demand of employees represented by the Laborers' International Union of North America, Local No. 261, said employees shall be entitled to additional working conditions as follows:

That the City pay General Laborers working in constant, prolonged contact with raw sewage a \$3.00 per day sewage premium.  
(end)

### ARGUMENT IN FAVOR OF PROPOSITION J

This measure is on the ballot because under the law if the Board of Supervisors and an employee union cannot agree upon some aspect of salaries or fringe benefits, the dispute must be resolved by the voters. This involves a \$3.00 per day pay differential requested by members of the Laborers' Union who must work with raw sewage. Other city employees who work with raw sewage already receive this differential. I believe it is justified for Laborers' Union city employees, too.

#### Vote Yes on Proposition J

The total estimated cost is \$25,000 per year. This differential is habitually paid to workers in private industry who must work in such odious circumstances. I think I have a reputation for not wasting taxpayer's money. This request of 34 members of the Laborers' Union is meritorious.

# 20,000 Housing Units

## PROPOSITION K

**DECLARATION OF POLICY: Shall the Board of Supervisors enact legislation to establish as the policy of the City and County of San Francisco that there be an addition of 20,000 new units of Residential Housing in San Francisco by January 1, 1985?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Board of Supervisors adopted a resolution this year calling for 20,000 new and rehabilitated units of residential housing in San Francisco by June 30, 1986. The resolution asks for as many units as possible to be for persons of low and moderate income, for the neighborhoods to be preserved, and for the permit process to be improved and simplified.

**THE PROPOSAL:** Proposition K would direct the Board of Supervisors to pass legislation to establish that it is the

policy of San Francisco to add 20,000 new units of residential housing by January 1, 1985.

**A YES VOTE MEANS:** If you vote yes, you want city policy established for 20,000 units of new residential housing to be added by January 1, 1985.

**A NO VOTE MEANS:** If you vote no, you want to keep the present city housing policy.

### How "K" Got On Ballot

Proposition K was placed on the November 4 ballot through a provision in the present City Charter which allows four or more members of the Board of Supervisors, acting individually rather than as a legislative body, to place an ordinance or a policy measure on the ballot. It is believed that San Francisco is the only city or county with a legal provision of this type.

On August 18 City Registrar of Voters Jay Patterson received a request signed by several supervisors asking that the issue of 20,000 new units of housing be placed before the voters. The request was signed by Supervisors Quentin Kopp, Ella Hill Hutch, Don Horanzy, Ed Lawson, Carol Ruth Silver and Doris Ward.

### Controller's Statement on "K"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K:

"Should the proposed Declaration of Policy be approved, in my opinion, it would neither increase nor decrease the cost of government."

**K**

# 20,000 Housing Units

## ARGUMENT IN FAVOR OF PROPOSITION K

The statistics speak for themselves:

1. In the past 10 years there has been an increase of only about 100 single family houses built per year in San Francisco.
2. The average price of a single-family home in San Francisco is \$139,000.
3. The cost of housing in San Francisco is *the highest* in the country.
4. The average rent for a one-bedroom apartment in the City exceeds \$350.
5. According to the 1980 U.S. Census, San Francisco has lost more than 9 percent of its population in 10 years.

All of these statistics spell a housing crisis that is rapidly becoming a disaster. San Francisco has become a city where only speculators and the very rich can afford to buy; where older people hang onto the homes they own, often larger than

## ARGUMENT IN FAVOR OF PROPOSITION K

The basic reason why housing is so expensive in San Francisco is the age-old law of supply and demand. The entire country is experiencing a housing shortage, but the situation is worse here because hardly any new housing is being built.

Homebuilders are ready and willing to do the job. We have the skills and know-how to build housing that is energy-efficient, that blends in with existing neighborhoods, and makes the best use of available land.

As more and more people move out of the city because they cannot find housing, the City suffers their loss. San Francisco is becoming "commute city"—a nice place to

## ARGUMENT IN FAVOR OF PROPOSITION K

Vote Yes on K

For years, San Francisco's housing supply has been under great strain, despite a decline in the city's population. Changing life-styles and new, young families have increased demand for new units while a collection of over-restrictive zoning ordinances, antiquated building codes, and inexcusable delays in the permit approval process have discouraged the production of new units and greatly increased the costs of the few units which are being produced. As a consequence, San Francisco suffers the questionable distinction of being the most expensive housing market in the continental United States.

## ARGUMENT IN FAVOR OF PROPOSITION K

Our Housing Committee has thoroughly investigated the potential for new housing in San Francisco and we are satisfied that 20,000 new units can be added without detriment to the character or quality of life in any neighborhood. The environmental and energy benefits are immense and we urge a "yes" vote on Proposition K.

they need, because they can't afford to buy anything else; and where young people of moderate or average incomes cannot begin to think of owning a home.

The housing crisis has been escalating for the past 10 years. It's time the situation was reversed. The City Planning Department says there is more than enough land available and enough under-developed areas to accommodate 20,000 new housing units. The only way this will happen is if you, the voters, speak out and demand action from your elected officials.

Almost weekly, questions and issues come before the Board which impact housing. In absence of a stated goal or policy decisions are often made on the basis of political expediency with insufficient consideration of their long term impact on housing development. # Retirement Cost-of-Living Increase

## PROPOSITION L

**DECLARATION OF POLICY:** Shall the Board of Supervisors submit a Charter amendment to adjust cost-of-living increases or decreases in retirement allowances for miscellaneous employees, from funds legally available for such purposes, in accordance with percentage cost-of-living allowances determined to be in effect annually in other San Francisco Bay Area counties; provided that such cost-of-living allowances to San Francisco retired employees or beneficiaries shall not be less than 2 percent annually?

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Charter now provides for a cost-of-living adjustment for retired city employees. This adjustment cannot be more than a 2% increase per year of the basic retirement allowance. Only a charter amendment can change this.

**THE PROPOSAL:** Proposition L would direct the Board of Supervisors to put such a charter amendment on the ballot. This amendment would set cost-of-living adjustments in retirement allowances according to a formula based on cost-of-living allowances in other Bay Area

counties. Any increase could not be less than 2% per year of the basic retirement allowance.

**A YES VOTE MEANS:** You want the Board of Supervisors to place a charter amendment before the voters which would change the method of adjusting retirement allowances for cost-of-living.

**A NO VOTE MEANS:** If you vote no, you do not want a charter amendment changing retirement cost-of-living adjustments.

## Controller's Statement on "L"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition L:

"Should the proposed Declaration of Policy be approved, in my opinion, it would neither increase nor decrease the cost of government.

"If a Charter amendment is subsequently approved by the electorate granting permissive powers to the Board of Supervisors to adjust cost-of-living allowances, in and of itself, the legislation would have no effect on the cost of government. However, future legislative action by the Board of Supervisors increasing the current 2% ceiling on cost-of-living allowances could result in an increase in the cost of government. Based on existing actuarial data, each 1% increase beyond the current 2% ceiling could add approximately \$8,000,000 to the cost of government."

## How "L" Got On Ballot

Proposition L was placed on the November 4 ballot through a provision in the present City Charter which allows four or more members of the Board of Supervisors, acting individually rather than as a legislative body, to place an ordinance or a policy measure on the ballot. San Francisco is believed to be the only city or county with a legal provision of this type.

On August 21 Registrar of Voters Jay Patterson received a request signed by seven supervisors asking that the issue of cost-of-living adjustments for retired City employees be placed on the ballot as a "Declaration of Policy" for the voters to decide. The Supervisors signing the request were Don Horanzy, Quentin Kopp, Nancy Walker, Harry Britt, Doris Ward, John Molinari and John Bardin.

## ARGUMENT IN FAVOR OF PROPOSITION L

### Vote "Yes" on Proposition L

For years our retired city employees have struggled to meet the increased cost of living on fixed incomes. More than 65 percent of our members, who paid into the Retirement System during their working years, are living on monthly retirement allowances of less than \$500 with an existing non-compounded 2 percent annual adjustment for inflation. Cost-of-living statistics are nagging reminders that 2 percent provides only \$3 to \$4 monthly to meet living costs. This ballot measure won't cost the taxpayers one dollar. As a

declaration of Policy it merely authorizes the Board of Supervisors to study and develop a more reasonable cost-of-living adjustment. Results of the Board's study would be included in a Charter Amendment for submission to the people at a later election. San Francisco's 2 percent cost-of-living allowance is among the lowest of Bay Area Counties. In fairness, we urge a "YES" vote on Proposition L.

# Tax-the-Corporations Initiative

## PROPOSITION M

**DECLARATION OF POLICY:** We, the people, declare that San Francisco must increase the taxes paid by its largest corporations. It is fundamentally unjust that large corporations, such as giant oil companies whose profits will exceed \$1 trillion in the 1980's, pay a lower rate of taxes than the average wage-earner; and that San Francisco's huge banks and insurance companies pay no local business taxes at all. We pay our share, and so should they.

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** To cover the cost of providing city services, the city of San Francisco collects taxes from several sources as well as special fees.

**A YES VOTE MEANS:** If you vote yes, you agree that San Francisco should increase the taxes paid by its largest corporations.

**THE PROPOSAL:** Proposition M declares that the city of San Francisco must increase the taxes paid by its largest corporations.

**A NO VOTE MEANS:** If you vote no, you want taxes set as they are now.

### Controller's Statement on "M"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition M:

"Should the proposed Declaration of Policy be approved, in my opinion, it would neither increase nor decrease the cost of government.

### How Proposition M Got on the Ballot

On August 26 City Registrar of Voters Jay Patterson certified that the initiative petition calling for Proposition M to be placed on the ballot had qualified for the ballot.

Grass Roots Alliance, the proponents of the initiative had filed 16,122 signatures with Patterson on August 6. After examining the signatures, Patterson determined that there were 11,762 valid signatures. This is more than the 9,679 signatures needed to put an initiative Declaration of Policy on the ballot.

9,679 represents 5% of the number of people who voted for mayor in 1979.

# Tax-the-Corporations Initiative

## ARGUMENT IN FAVOR OF PROPOSITION M

### Vote Yes on Proposition M!

Proposition M offers San Franciscans the opportunity to send a clear, strong message to our city officials: we, the people, declare that the taxes of the largest corporations should be increased. Proposition M is a Declaration of Policy by which the voters of San Francisco can tell City Hall: we demand a more equitable tax system.

Today, large corporations such as giant oil companies, whose profits will exceed \$1 trillion in the 1980's, pay a lower rate of taxes than the average wage earner. The banks and private insurance companies pay no local business taxes at all, while working people are more and more hard-pressed by inflation and the entire economic crisis of our times. This is fundamentally unjust; we pay our share and so should they.

If Proposition M is passed, there will be a mandate from the people of San Francisco for city government to increase the share of taxes paid by the largest corporations. As an expression of the people's will, Proposition M would instruct

such city officials as the Mayor and the Board of Supervisors to put into effect specific laws to increase the taxes paid by the largest corporations. With the mandate of Proposition M in hand, it will be possible to bring pressure for a more equitable tax system. Let the will of the people be heard—Vote Yes on Proposition M!

## ARGUMENT AGAINST PROPOSITION M

### Vote No on Proposition M

Proposition P in 1979 and Proposition V this past June both were overwhelmingly defeated by San Francisco voters. How many times must we vote on the same measure?

A look at the facts reveals how unnecessary this destructive measure really is. In June, voters approved a whole series of taxes to help San Francisco meet its fiscal needs—a large part of which are now being paid by business. And the Board of Supervisors has added still more taxes, in an effort to ensure that we continue to enjoy a high level of municipal services. Proposition M, which will add a new unidentified layer of taxation is the last thing we need.

Proposition M is a bad idea for San Francisco consumers and businesses alike. Proponents tell you that their targets are our City's large corporations—but the history of their

initiatives indicates a callous disregard for the survival of our neighborhood small businesses. You should know that their scheme will spell higher consumer prices, possible hiring freezes and layoffs and many more troubles for our vital neighborhood stores and restaurants.

While it is true that San Francisco needs a just tax system, Proposition M will only hurt our economy and reduce our quality of life. Proposition M is a negative approach that will only divide our community. It won't hurt business as much as it will hurt you.

We urge you to vote NO on Proposition M.

## ARGUMENT AGAINST PROPOSITION M

San Francisco is losing jobs! Nearly every day another company moves across the Bay due to the business taxes imposed—at the highest rate in California—by our city government. And now, for the third time, the secretive Grass Roots Alliance has introduced another misleading and negative "Tax the Corporations" initiative. The Alliance claims that "banks and insurance companies pay no local business

taxes at all," but that's simply not true! They pay a state-imposed tax, which is returned to California cities and counties on a formula basis. Misleading and false statements serve no positive purpose. We need jobs, not rhetoric. Vote NO on Proposition M.

law, nor shall that person use any privileged information obtained by him by virtue of his office or employment to advance the financial or other private interest of himself or others.

(d) No person who has served as an officer or employee of the city and county shall within a period of two (2) years after termination of such service or employment appear before the board or agency of the city and county of which he was a member in order to represent any private interest, provided, however, that said officer or employee may appear before said board or agency for the purpose of representing himself.

(e) No officer or employee of the city and county shall receive, directly or indirectly, any compensation, reward or gift from any source except compensation from the City and County of San Francisco, or any other governmental agency to which he has been duly appointed for any service, advice, assistance or other matter related to the governmental processes of the city and county, except for fees for speeches or published writing.

(f) No officer or employee shall have an interest in any matter for his consideration or determination which arises from a close business association of a continuing nature. (g) The civil service commission with respect to officers and employees whose positions are subject to the civil service provisions of the charter other than officer and members of the fire and police departments, the fire commission with respect to officers and members of the fire department and the police commission with respect to officers and members of the police department, are each empowered to prescribe and enforce such reasonable rules and regulations as each commission deems necessary to effectuate the purposes and intent of this section. Such rules and regulations may provide for restrictions against activities, employments and enterprises other than those described or mentioned herein when such restrictions are found necessary for the preservation of the honor or efficiency of the city and county civil service or for the protection of the best interests of the city and county service in any respect.

(h) Any person violating any of the provisions of this section shall be guilty of a misdemeanor and upon a final judgment of conviction of same, such person shall be removed from office.

trol, or by a board or commission of which he is a member.

(k) An officer of the city and county shall not be deemed to have a conflicting interest in any transaction described in subsection (j) awarded, entered into or authorized by a board or commission of which he is a member if he has only a remote interest therein and the fact of such interest is disclosed to the board or commission of which he is a member and noted in its official records and the board or commission authorizes, approves, or ratifies the transaction in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest, unless the transaction must be awarded to the highest or lowest responsible bidder as the case may be on a particular day and the vote of such officer or member is necessary to a quorum on that day.

(1) As used in this section "remote interest" means:

(1) The ownership of less than three per cent of the shares of a corporation for profit;

(2) That of an officer in being reimbursed for his actual and necessary expenses incurred in the performance of official duty; provided, however, that the city and county treasurer is solely responsible for such reimbursement and that only those expenses which are strictly necessary for the performance of that duty shall be reimbursed;

(m) All contracts, work, business, sales, purchases, leases, franchises, rights or privileges herein mentioned heretofore awarded, entered into or authorized by any board or commission of the City and County of San Francisco in which an officer or member had a remote interest as hereinabove defined are hereby ratified and confirmed.

(o) No member of any board or commission of the city and county shall knowingly vote on or in any way attempt to influence the outcome of governmental action on any measure or question involving his own character or conduct, his right as a member, his appointment to any office, position, or employment, or on any measure or question wherein the said member's financial interest is immediate, particular, and distinct from the public interest. The word "knowingly" as used in this paragraph shall mean actual or constructive knowledge of the existence of the interest which would disqualify the vote under the provisions of this section.

If under any provision of this charter or of any ordinance, resolution, rule or regulation, action on any measure or question must be taken on a particular day and such action cannot be taken by a qualified voting quorum of the board or commission on that day by reason of the disqualification from voting under the provisions of this section, said action may be postponed until, but not later than, there are sufficient qualified members present to vote and take action on said measure or question. The term "a qualified voting quorum" as used in this paragraph shall mean the presence of a sufficient number of qualified voting members of the board or commission to take either affirmative or negative action on the measure or question before the board or commission.

(p) The city attorney, the district attorney of the City and County of San Francisco or any resident or group of residents of the City and County of San Francisco may bring a suit in the superior court to compel compliance with the provisions of this section.

An officer or employee with such an interest however acquired, shall become divested of said interest within 60 days or shall resign said office or employment.

(b) No officer or employee shall give or promise any money or other valuable thing in consideration of his nomination, appointment, or election to any City and County office or employment or accept, other than lawful political campaign contributions, any gratuity in money or other valuable thing, either directly or indirectly, from any subordinate or employee or from any candidate or applicant for a position as employee or subordinate under him.

Such rules and regulations may provide for restrictions against activities, employments and enterprises other

than those described or mentioned herein when such restrictions are found necessary for the preservation of the honor or efficiency of the city and county civil service or for the protection of the best interests of the city and county service in any respect.

(h) An officer or employee shall not be deemed to be interested in any transaction described in subsections a or c above if he has only a remote interest in the transaction and if the fact of such interest is disclosed and noted in the official records of the board, commission or department and thereafter the board, commission or department authorizes approves, or ratifies the transaction in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest or by his immediate superior unless the transaction must be awarded to the highest or lowest responsible bidder as the case may be on a particular day and the vote of such officer or member is necessary to a quorum on that day.

(1) As used in this article "remote interest" means:

(A) That of a nonsalaried officer of a nonprofit corporation;

(B) That of an employee or agent of the party involved in the transaction, if such party has 10 or more other employees and if the officer or employee was an employee or agent of said party for at least three years prior to his initially accepting his office or employment.

For the purposes of this subsection, time of employment with the party by the officer or employee shall be counted in computing the three-year period specified in this subsection even though such party has been converted from one form of business organization to a different form of business organization within three years of the initial taking of office by such officer. Time of employment in such case shall be counted only if, after the transfer or change in organization, the real or ultimate ownership of the party is the same or substantially similar to that which existed before such transfer or change in organization. For the purposes of this subsection, stockholders, bondholders, partners, or other persons holding an interest in the contracting party are regarded as having the "real or ultimate ownership" of such party.

(G) That of an officer, director, or employee of a bank, bank holding company, or savings and loan association with which a party to the transaction has the relationship of borrower or depositor, debtor or creditor.

(2) The provisions of this subsection shall not be applicable to any officer or employee interested in a transaction who influences or attempts to influence another officer or employee to enter into the transaction.

(i) An officer or employee shall not be deemed to be interested in a transaction pursuant to subsections a and c above if his interest:

(1) The ownership of less than 3 percent of the shares of a corporation for profit, provided the total annual income to him from dividends, including the value of stock dividends, from the corporation does not exceed 5 percent of his total annual income, and any other payments made to him by the corporation do not exceed 5 percent of his total annual income;

(2) That of an officer or employee in being reimbursed for his actual and necessary expenses incurred in the performance of official duty;

*(continued)*

(Prop. B, continued)

(3) That of a recipient of public services generally provided by the board, commission or department of which he is a member or employee, on the same terms and conditions as if he were not a member or employee of the board, commission or department.

(4) That of a landlord or tenant of the transacting party if such party is the federal government or any federal department or agency, this state or an adjoining state, any department or agency of this state or an adjoining state, any county or city of this state or an adjoining state, or any public corporation or special, judicial, or other public district of this state or an adjoining state unless the subject matter of such transaction is the property in which such officer or employee has such interest as landlord or tenant in which event his interest shall be deemed a remote interest within the meaning and subject to the provisions of subsection (g).

(5) That of a tenant in a public housing authority created pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code in which he serves as a member of the board of commissioners of the authority or of a community development commission created pursuant to Part 1.7 (commencing with Section 34100) of Division 24 of the Health and Safety Code.

(8) An officer or employee shall not be deemed to be interested in a contract made pursuant to competitive bidding under a procedure established by law if his sole interest is that of an officer, director, or employee of a bank or savings and loan association with which a party to the contract has the relationship of a borrower or depositor, debtor or creditor.

(j) No member of any board or commission of the city and county shall knowingly vote on or in any way attempt to influence the outcome of governmental action on any measure or question involving his own character or conduct, his right as a member, or his appointment to any office, position, or employment, wherein the said member's financial interest is immediate, particular, and distinct from the public interest. The word "knowingly" as used in this paragraph shall mean actu-

al or constructive knowledge of the existence of the interest which would disqualify the vote under the provisions of this section.

If under any provision of this charter or of any ordinance, resolution, rule or regulation, action on any measure or question must be taken on a particular day and such action cannot be taken by a qualified voting quorum of the board or commission on that day by reason of the disqualification from voting under the provisions of this section, said action may be postponed until, but not later than, there are sufficient qualified members present to vote and take action on said measure or question. The term "a qualified voting quorum" as used in this paragraph shall mean the presence of a sufficient number of qualified voting members of the board or commission to take either affirmative or negative action on the measure or question before the board or commission.

(n) Every contract made in violation of any of the provisions of Section 8.105 may be avoided at the instance of any party except the officer or employee interested therein. No such contract may be avoided because of the interest of an officer or employee therein unless such contract is made in the official capacity of such officer or employee, or by a board or body of which he is a member.

(3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the Board of Supervisors as in this section provided and appropriations therefor shall be based thereon.

The expression "rates of compensation", as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classifica-

tion or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation" as used in this section, shall mean "salary attached to the rank" as used in Section 166 of the Charter of 1932, as amended, and, with the addition of fifteen dollars per month now provided in subsection (b) with respect to members assigned to two-wheeled motorcycle traffic duty, shall also mean "compensation earnable" as used in Section 8.549.

The term "police officers or patrolmen" as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the

City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by Section 8.361 of this Charter, shall be reckoned a part of his service under the City and County, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the Chief of Police, the Commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the Commission, but not to exceed one month's salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the Board of Supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission's survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the Board of Supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. "Average wage" as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than \$15.00 per month.

(c) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the Board of Supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the Board of Supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in Section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall include the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression "rates of compensation" as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by ways of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation", as used in subsection (c) and (d) of this section shall mean "salary attached to the rank" as used in Section 169 of the charter of 1932, as amended and "compensation earnable" as used in Section 8.549.

The term "firemen" as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, stokers, tillermen, truckmen, or hosemen, in the San Francisco Fire Department.

The expression "members of the fire department" does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave, as defined by Section 8.361 of this charter shall be reckoned a part of his service under the City and County, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the Chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form of amount of said award to be discretionary with the fire commission, but not to exceed one month's salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirteen percent (13%) above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent (10%) above the compen-

sation established for the rank of chief's operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a) (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a) (1), (2) and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th day of August the Board of Supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the Board of Supervisors as in this section provided for uniformed members of the police and fire departments for the then current fiscal year.

(f) Not later than the 1st day of August of each year, the Civil Service Commission shall determine and certify to the Board of Supervisors the percentage of increase or decrease in the cost of living during the twelve-month period ending March 31st of that same year as shown by the Consumer Price Index, All Items San Francisco, and the percentage of increase or decrease in the cost of living during the same period as shown by the Consumer Price Index, All Items, in the cities included in the certified report of said commission. The Consumer Price Index referred to herein is defined as that certain index issued by the U. S. Bureau of Labor Statistics and published in the Monthly Labor Review or a successor publication. In the event the U. S. Bureau of Labor Statistics discontinues the compilation and publication of said indexes, the Board of Supervisors shall have the power, and it shall be its duty, to appoint a statistical fact finding committee to determine the same data pursuant to the methods theretofore used by the U.S. Bureau of Labor Statistics. The cost of

living adjustment as hereinafter provided shall be based upon the percentage of such increases or decreases. The Board of Supervisors may, in addition to the rates of compensation as established herein, and at the same time said rates of compensation are established, increase said rates of compensation by an amount equal to the difference between the average cost of living increase of the cities included in the certified report of the civil service commission and the actual cost of living increase for San Francisco. In the event the Board of Supervisors elects not to grant such cost of living increase in any year in which any such increase might be granted, the Board of Supervisors shall, upon a written request filed with the Clerk of the Board of Supervisors not later than the 10th day of September of said year by representatives of the uniformed members of the police and fire departments, as designated by the police and fire commissions, respectively, submit the question of said cost of living increase to the qualified electors of the City and County at the next succeeding city-wide election. In the event said cost of living increase is approved by a majority of the qualified electors voting thereon, said cost of living increase shall be effective as of the first day of the then current fiscal year.

(g) Notwithstanding any of the provisions contained in this section, no uniformed member of the police or fire department employed before July 1, 1976, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of any new compensation schedules, and the rates for fiscal year 1975-76 shall continue until such time as the new schedules equal or exceed the current salary increment schedules, provided, however, that such time shall not be extended beyond June 30, 1982, and provided further that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of section 8.406 of this charter.

(h) Notwithstanding any of the provisions contained in this section, no uniformed member of the police or fire department, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of the compensation schedules provided for herein. Provided, however, that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of Section 8.406 of this charter.

**BALLOT CARD MUST BE INSERTED INTO VOTOMATIC BEFORE VOTING**

**PUNCH OUT BALLOT CARD ONLY WITH PUNCHING DEVICE**  
**ATTACHED TO VOTOMATIC; NEVER WITH PEN OR PENCIL**

**INSTRUCTIONS TO VOTERS:**

To vote for all of the electors of a party, punch the ballot card in the hole opposite the names of the presidential and vice presidential candidates of that party. A hole in the ballot card opposite the name of a party and its presidential and vice presidential candidate is a vote for all of the electors of that party, but for no other candidates.

To vote for those electors who have pledged themselves to vote for a candidate for President and Vice President not supported by any particular party punch the ballot card in the hole opposite the names of those presidential and vice presidential candidates.

To vote for those electors who have pledged themselves to vote for a candidate for President and Vice President of any party not qualified to participate in the election write in the names and party of those presidential and vice presidential candidates in the blank space provided for that purpose, on the write-in ballot envelope.

To vote for any other candidate of your selection, punch the ballot card in the hole opposite the candidate's name. Where two or more candidates for the same office are to be elected, punch the ballot card opposite the name of all candidates for the office for whom you desire to vote, not to exceed, however, the number of candidates to be elected.

To vote for a qualified write-in candidate, first write the title of the office in the blank space provided for that purpose on the write-in ballot envelope and then after the title of the office the person's name in the blank space provided for that purpose.

To vote on any measure, punch the ballot card in the hole opposite the word "YES" or after the word "NO".

All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly punch, tear or deface the ballot card, or tear or deface the write-in ballot envelope, return it to the precinct board member and obtain another.

**ANTES DE VOTAR DEBE INSERTAR LA TARJETA EN LA VOTOMATIC**  
**PERFORE LA TARJETA UNICAMENTE CON EL PUNZON ATADO**  
**A LA VOTOMATIC. PROHIBIDO USAR PLUMA O LAPIZ.**

**INSTRUCCIONES A LOS VOTANTES:**

Para votar por todos los electores de un partido, perfore la tarjeta de balota en el agujero al lado de los nombres de los candidatos presidencial y vice presidencial de ese partido. Un agujero en la tarjeta de balota al lado del nombre de un partido y su candidato presidencial y vice presidencial, es un voto por todos los electores de ese partido, pero por ningún otro candidato.

Para votar por aquellos electores que se han comprometido a votar por un candidato para Presidente y Vice Presidente sin el apoyo de ningún partido en particular, perfore la tarjeta de balota en el agujero al lado de los nombres de esos candidatos presidencial y vice presidencial.

Para votar por aquellos electores que se han comprometido a votar por un candidato para Presidente y para Vice Presidente de cualquier partido no calificado para participar en la elección, inserte por escrito los nombres y el partido de esos candidatos presidencial y vice presidencial en el espacio en blanco provisto para ese propósito en el sobre de balota para insertar por escrito.

Para votar por cualquier otro candidato de su selección, perfore la tarjeta de balota en el agujero al lado del nombre del candidato. Cuando han de ser elegidos dos o más candidatos para el mismo oficio, perfore la tarjeta de balota al lado del nombre de todos los candidatos para el cargo por quienes usted desea votar, pero sin exceder el número de candidatos que se deban elegir.

Para votar por un candidato calificado para inserción de su nombre por escrito, escriba primero el título del cargo en el espacio en blanco provisto para ese fin en el sobre de balota para inserción por escrito, y luego después del título del cargo, el nombre de la persona en el espacio en blanco provisto para ese fin.

Para votar sobre cualquier medida, perfore la tarjeta de balota en el agujero al lado de la palabra "SI" o luego de la palabra "NO".

Todas las borraduras o marcas distinguibles están prohibidas y anulan la balota.

Si usted equivocadamente perfore, rompe o estropea la balota, o rompe o estropea el sobre de balota para inserción por escrito, devuélvalos al miembro del consejo del recinto y obtenga otros.

# CANDIDATES FOR JUDGE

FOR MUNICIPAL COURT JUDGE, OFFICE #1

## INA LEVIN GYEMANT

My occupation is Deputy Attorney General of California. My education and qualifications are: Native San Franciscan, Lowell High School, UC Berkeley, Hastings Law School, Law Journal.

70% of the cases before the Municipal Court are criminal cases. I am an experienced criminal attorney—the other candidate for this judicial position has publicly stated that he has no experience in criminal law.

I am presently Deputy Attorney General in the Criminal Division for the State of California, former San Francisco Deputy Public Defender, trial lawyer in private practice and staff attorney for the Supreme Court of California. For the last ten years my husband and I have been foster parents of delinquent wards of our courts.

I know we can substantially improve our San Francisco courts. I have seen how trials are unnecessarily delayed, dangerous offenders released and those who could be rehabilitated lost in an ineffective criminal justice system.

I am committed to immediate, thorough and fair trials, protection of the public from potentially dangerous offenders, and close supervision of all who are convicted.

I ask your support for this office which is being vacated by Judge Samuel Yee.

My supporters include: Mrs. Samuel Yee; Judge Marie-Victoire; Judge von Beroldingen; Justice Harold Brown, Retired; Judge Raymond Reynolds, Retired; Judge Mary Moran Pajalich, Retired; former Attorney General Thomas Lynch; Mrs. Arlo Smith; former Public Defender Robert Nicco; Police Chief Thomas Cahill; Retired; Police Chief Al Nelder, Retired; San Francisco Bar Association—twelve past Presidents; San Francisco Police Officers' Association; National Women's Political Caucus; Supervisor Louise Renne; former Mayor George Christopher; Yori Wada, UC Regent; State Commissioner Del Martin; School Board Members Jule Anderson and Myra Kopf; San Francisco Commissioners Agnes Chan, Jo Daly, Ina Dearman, Carlotta del Portillo, Walter Jebe, Phyllis Lyon, William Moskovitz, Jane McKaskle Murphy and Emily Pike; John Henning, Jr.; Jack and Charlotte Mailliard; Melvin Swig; Maureen Conroy; Rea Bernstein; Mrs. Louis Garcia; Putnam Livermore; former Assessor Joseph Tinney; Melvin Belli; Bob Ross; Margaret Cruz; Jack Goldberger; Fred Furth; John Sutro; former Supervisor Don Fazackerley; former Supervisor Harold Dobbs; Anselmo Revelo; Sam Jordan; Ruth Church Gupta; Jerry Berg; Eduardo Sandoval; Angelo Rolando; Joe Allen; Bob Schmidt; Mildred Levin; Manuel Levin; John Wong; Jesse Levin; Lois Towles Caesar; Ann Alanson Eliaser; George Mendenhall; Dong Kim; Nate Cohn.

My qualifications for office are: I have lived in San Francisco for 13 years. In the Mission District, I have been active in issues of concern to the Latino Community. For the past nine years I have been a State employee and have been active in unions. As a working single parent I am concerned with the state of our public education. We are faced with continued cutbacks in bilingual and other programs, in teaching and clerical staff. I stand on the principle of Proposition M to make the corporations pay their share of taxes, and thus make more money available for public schools.

## HENRY HITZ

My address is 7 McCarthy Avenue.

My occupation is Teacher.

My age is 36.

**My qualifications for office are:** As a teacher for ten years, I've seen the incumbents fiddle while schools crumble, leaving the community fighting over the crumbs. As an organizer of the big Sacramento march for education last year, I understand the need for unified parent-teacher-student campaigns to put educational improvement above cost-cutting locally, and above military extravagance nationally. Students must be guaranteed the right to read.

As Treasurer of the Childcare Switchboard, I've learned that fiscal problems diminish when improved programs rekindle public confidence. I'll support district elections for school board if the board can't overcome its domination by power-hungry superintendents.

Berkeley); experience as teacher and education researcher; experience as legislative assistant in U.S. Senate and political campaigns; politically active for over 15 years; fully bilingual in Spanish. As an educator, parent, and long-time Bay Area resident, I am extremely concerned about the deterioration of public education for working people in San Francisco. ## THE REV. DR. TONY UBALDE

My address is 829 Duncan Street.

My occupation is clergy/educator.

My qualifications for office are: I believe public education has made America great. I want to put my commitment and experience as a commissioner and community leader to work for our schools.

I will work to restore public confidence in our schools, provide our children with a safe learning environment, seek resourceful, predictable funding, support teachers and administrators to ensure that they are productive, and make parental involvement a reality.

Working class adults have a right to education, yet our Community Colleges are in danger from cutbacks. The wealthiest corporations have headquarters here but don't pay their fair share to support education. I support Proposition M to Tax the Corporations, to improve adult education.

My qualifications for office are: 31 years in the Bay Area; Ph.D. from the University of California, in criminology; Dean's scholar; several government fellowships; Professor at Northeastern Illinois University; active in the American Federation of Teachers.

Working adults have had to fight for an education within an overcrowded, understaffed system. Community colleges are therefore a key service, which I wish to see improved by taxing the largest corporations at a higher rate under Proposition M. I myself attended community colleges and know their problems, and will work to make the community college system meet the needs of all working adults.

Education is a human right, yet it is dying. As the conglomerates crowd San Francisco, services and government responsibility disappear. ## PAUL BONEBERG

My address is 647A Castro Street.

My occupation is housing restoration.

My qualifications for office are: An unflinching belief that the best way to approach San Franciscans is with the hard facts. It is my observation that:

1. Our city is becoming politically polarized to our detriment.

2. This situation is worsening because an increasing number of residents no longer define themselves politically as San Franciscans, i.e. less than fifty percent of those eligible vote.

3. I have therefore urged responsibility to San Francisco before any special interest group including my own—the gay community.

4. I ask you to contrast this effort with other candidates' campaigns as an evaluation of my candidacy.

## HARRY BRITT

My address is 3622 16th Street.

My occupation is Member, Board of Supervisors.

My age is 42.

My qualifications for office are: In nearly two years as Supervisor, I have worked hard on citywide problems such as preserving neighborhood fire and police stations, libraries and parks; helping renters, neighborhood merchants, and Muni riders; and opposing the sewer tax and cutbacks in programs for seniors.

Last December this record resulted in my election to a four year term with the highest supervisorial vote in San Francisco.

I am deeply committed to District Elections because it allows for the voices of all communities and neighborhoods to be heard at City Hall as they were seldom heard before. I pledge to work to restore District Elections.

## PATRICK J. CORBETT

My address is 200 Miramar.

My occupation is Painting Contractor.

My qualifications for office are: As leader of several Civic and Social Organizations, I believe that San Francisco needs new leadership on the Board of Supervisors. Fiscal Conservation, while meeting our social responsibilities, requires that each tax dollar be wisely spent to stem increasing crime rate, achieve improvement in Muni service, and provide decent housing for those on fixed and low incomes.

San Francisco must qualify for State and Federal funds to ease local taxes and benefit from our taxes sent to Sacramento and Washington. Our City, our lives, and our environment can be improved through intelligent action and cooperation; together we will achieve these goals.

## BOB GEARY

My address is 2578 Great Highway.

My occupations is Anti-Sewer Tax Chairman.

My age is 40.

**My qualifications for office are:** City Hall has a habit of turning a deaf ear to taxpayers. However, Big Money Interests have no trouble getting City Officials to listen to them. It's the same Big Money Interests who talked City Hall into letting us pay for an overdesigned, overpriced and environmentally unsound Sewer Project. The \$2.6 billion project's energy needs will be astronomical.

As Chairman of Citizens to Stop the Sewer Tax, I have been fighting for repeal of the repressive sewer service charge. I will carry that fight into City Hall. Help me put an end to Big Money's influence on our politicians.

## MARK GLEASON

My address is 3930 California Street

My occupation is Individualist/Truck Driver

**My qualifications for office are:** I'm a native San Franciscan, active in community affairs, including anti-draft, anti-tax, marijuana reform, and anti-rent control.

The BART tax, sewer scandal, Yerba Buena and the city as slumlord to 22,000 people in public housing are crimes—disasters which will cause the downfall of our city.

Feinstein and the Board owe their allegiance to Washington politicians. Let's tell them to go to hell—we won't take any more!

I pledge to oppose all increases in government spending and interference in the private lives of citizens.

## F. "SAM" GOELTZ

My address is 130 Clifford Terrace.

My occupations is Pilot/Engineer.

My age is 48.

**My qualifications for office are:** I am broadly-based in life experiences and deeply concerned about the quality and liberty of every human life. I have risked imprisonment as a spokesperson for our rights to speak freely and retain our legitimate possessions.

A lack of productive employment is hurting all the people of San Francisco—poor, middle class, well-to-do. Government is the cause, not the cure, because it restricts investment, free trade, education and participation in business. Enforced poverty, destructive taxation and rampant crime result.

Restrict government, stimulate investment, and make San Francisco a freeport of liberty and prosperity.

Vote "Sam" for liberty. It's free. 564-8844

## BOB GONZALES

My address is 361 Pennsylvania Avenue.

My occupation is Attorney.

**My qualifications for office are:** The present Board has given San Francisco the most expensive government in its history; doubled muni fares; closed fire stations in the name of economy; and asked the voters to triple their salary! The Board continually indulges in divisiveness, petty bickering and name calling.

San Francisco is entitled to Board members that care about all its people and all it's problems; the entire City is my priority. My experience and past record gives the voters a clear choice.

Does the City stagnate with the present Board membership or do we move forward working together? I ask for your vote.

## MARJORIE D. MARTIN

My address is 182 Diamond Street.

My occupation is Real Estate.

**My qualifications for office are:** In 1975, I worked to defeat Z'Berg's Casino-gambling Bill, 1976 Dog-Racing, 1977 Cline's State Lottery Bill. I oppose the Peripheral Canal (SB200).

I encourage hiring the finest morally qualified school teachers for San Francisco's school children.

San Francisco is a high unemployment city. Wise city-management would be to hire only San Francisco residents to fill vacancies in the Police, Fire and School Departments.

Municipal jobs for San Francisco residents.

San Francisco needs new solutions to old problems. Constructing a man-made island in the five-fathom bank west of ocean beach for a refuse site, would permanently solve San Francisco's garbage dumping problem.

**My qualifications for office are: IS MARIJUANA A MINOR ISSUE?** Tell the police who still beat, bust and shoot to enforce anti-pot laws. For running my marijuana super-market, I still carry a policeman's bullet in my leg. Marijuana won't be a minor issue when you or your friends are busted. Yes, I'm a one-issue candidate—which is one issue more than most politicians have. For years I've opposed crimeless crimes—especially through the victorious Marijuana Initiative. I'm running not to win election, but to make a statement of principle, of idealism. (Yes on N.) Save one of your votes for yourself, for a principle—for Dennis Peron.

## DAVID A. ROBERTS

My address is 2485 - 23rd Ave.

My occupation is Administrator.

**My qualifications for office are:** I will work to make "everybody's favorite city," San Francisco, a good place to live and to work. It is already a good place to visit.

To do this we must control the cost of government and we must be sure that city services are fairly distributed. Public transportation, health services, fire and police protection, and educational services all can be improved to better meet the needs of San Francisco's citizens.

Our city needs more jobs, more housing, better services for our retired citizens, and better solutions to San Francisco's problems of the 1980's. As your supervisor, I will work to make San Francisco the place to live and work—as well as to visit.

# CANDIDATES FOR SUPERVISOR

## DORIS M. WARD

My address is 440 Davis Court, #1409.

My occupation is Supervisor.

My qualifications for office are: Present member of the Board of Supervisors. Twice elected to city-wide Community College Board.

I have fought for improved city services in Fire and Police protection, housing, health and transportation. I am deeply concerned with the quality of life in San Francisco, from child care for the very young to senior services for our elderly. I believe our port must be developed, and our employment opportunities increased. As Supervisor, I have supported these issues. I believe these are city-wide problems.

I have been available to all constituents through community advisory committees and open office hours.

# Conflicts of Interest

## PROPOSITION B

**Shall officers and employees be permitted to have designated interests in certain transactions of the city which are now prohibited but be required to disclose said interests and abstain from participation in the transaction?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The City Charter explains what are conflicts of interest and prohibited practices for city officers, employees, and board and commission members. Any matter in which there was a conflict of interest is cancelled. A person with a conflict must either give up the interest or leave the job. The Charter also explains what a "remote" interest is and how such a matter is to be handled by the board or commission involved.

**THE PROPOSAL:** Proposition B further explains conflicts of interest and prohibited practices. Any officer or employee with a conflict of interest must give up the interest within 60 days or leave the job. Proposition B also broad-

ens the meaning of "remote" interest and requires an officer or employee not to vote on a matter of "remote" interest. Any person convicted of violating the law on conflict of interest or prohibited practice would be removed from office and would also be subject to a fine and/or jail sentence.

**A YES VOTE MEANS:** If you vote yes, you want conflict of interest made clearer and remote interest broadened. You also want stronger penalties for conviction.

**A NO VOTE MEANS:** If you vote no, you want the Charter section on conflicts of interest and prohibited practices to remain as it is.

### Controller's Statement on "B"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition B:

"Should the proposed Charter amendment be adopted, in my opinion, in and of itself, it would neither increase nor decrease the cost of government."

### How Supervisors Voted on "B"

On August 11 the Board of Supervisors voted 8-0 on the question of placing Proposition B on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors John Bardis, Don Horanzy, Quentin Kopp, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

None of the Supervisors present voted "No."

**((8.105 Conflict of Interest and other Prohibited Practices**

(a) No member of any board or commission shall accept any employment relating to the business or the affairs of any person, firm or corporation which are subject to regulation by the board or commission of which he is a member. No officer or employee of the city and county, shall be or become, directly or indirectly, interested in, or in the performance of, any contract, work or business, or in the sale of any article, the expense, price or consideration of which is payable from the treasury; or in the purchase or lease of any real estate or other property belonging to, or taken by, the city and county, or which shall be sold for taxes and assessments, or by virtue of legal process at the suit of the city and county; nor shall any person in this section designated during the time for which he was elected or appointed, acquire an interest in any contract with, or work done for, the city and county, or any department or officer thereof, or in any franchise, right or privilege granted by the city and county, un-

less the same shall be devolved upon him by law; and any such contract or transaction in which there shall be such an interest shall be null and void; nor shall any person in this section become surety upon any bond given to the city and county; nor shall any person mentioned in this section give or promise any money or other valuable thing, or any portion of his compensation, in consideration of his nomination, appointment, or election to any city and county office or employment; or accept any donation or gratuity in money or other valuable thing, either directly or indirectly, from any subordinate or employee or from any candidate or applicant for a position as employee or subordinate under him.

(b) It shall be the duty of every officer and employee who shall have knowledge of any violation of the provisions of this section immediately to report such violation to the district attorney, for possible criminal action and failing so to do may be removed from his office or employment.

(c) No officer or employee of the city and county shall willfully or knowingly disclose any privileged information concerning property, government, or affairs of the city and county, unless a duty to do so is imposed upon said person by

# Conflicts of Interest

## ARGUMENT IN FAVOR OF PROPOSITION B

This Charter amendment is in effect a "housekeeping" measure. It amends Section 8.105 of the charter dealing with conflict of interest rules governing City workers and members of City commissions and boards, including the board of Supervisors. In most instances the provisions are revised to conform to provisions of State law. In other subsections, the Charter is amended to conform to court decisions or court approved practices with respect to any matter where a member of a board of commission should disqualify him or herself

from voting because of an interest which is prohibited.

### Vote Yes on Proposition B

As the lead co-author of the 1974 wholesale revision of the City's conflict of interest charter provisions, I recommend a "yes" vote on Proposition B, which does not weaken conflict of interest rules, but merely clarifies disqualification practices where there might be any potential conflicts of interest.

Submitted by: *Supervisor Quentin L. Kopp*

## ARGUMENT IN FAVOR OF PROPOSITION B

### Vote "Yes" on Proposition B

A YES vote on Proposition B will conform the City's conflict of interest provisions with those contained in State law.

Currently, the charter compels resignation by a citizen serving on a board and/or commission who has, or whose family may have, a remote or indirect interest in matters before the board or commission. In most cases, they must sell the interest at forced sale or resign from that board or commission.

The charter now does not conform to State law. State law says such a conflict of interest must be fully disclosed by the board or commission member, and voting on the issue be excused.

A "YES" vote on Proposition B will continue in force prohibitions against participating in governmental decisions in which anyone has a conflict of interest, but will permit an officer or employee in all but serious cases of conflicting interest, to abstain from participating in the decision. He or she will be able to continue to serve San Francisco as long as they refrain from attempting to influence a decision in which they have an interest. Proposition B encourages the citizens of San Francisco to participate in *their* government.

Vote "YES" on Proposition B.

## PROPOSITION C

**Shall rates for the Municipal Railway as proposed by the Public Utilities Commission be approved, rejected or amended by a majority vote of the Board of Supervisors?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Public Utilities Commission has the power to set the fares charged by the Municipal Railway. The fare rates must be approved by a 2/3 vote of the Board of Supervisors. If rejected, the fare rate proposal must be returned to the Public Utilities Commission for revision.

**THE PROPOSAL:** Proposition C would give the Board of Supervisors the power not only to approve or reject a fare rate proposal but also to change it after it is submitted by the Public Utilities Commission. A 2/3 vote by the Supervisors would no longer be required for approval.

**A YES VOTE MEANS:** If you vote yes, you want the Board of Supervisors to have the power to change the rate proposals for fares on the Municipal Railway after they are submitted by the Public Utilities Commission for approval or rejection.

**A NO VOTE MEANS:** If you vote no, you do not want to give the Board of Supervisors power to change the rate proposals for fares on the Municipal Railway.

### Controller's Statement on "C"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition C:

"Should the proposed Charter amendment be adopted, in my opinion, it would neither increase nor decrease the cost of government."

### TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION C

**NOTE:** Additions or substitutions are indicated by bold face type; deletions are indicated by ((double parentheses)).

#### 3.598 Utility Rates

The public utilities commission shall have power to fix, change and adjust rates, charges or fares for the furnishing of service by any utility under its jurisdiction, and to collect by appropriate means all amounts due for said service, and to discontinue service to delinquent consumers and to settle and adjust claims arising out of the operation of any said utilities.

Rates may be fixed at varying scales for different classes of service or consumers. The commission may provide for the rendition of utility service outside the limits of the city and county and the rates to be charged therefor which may include proportionate compensation for interest during the construction of the utility rendering such service.

Before adopting or revising any schedule of rates or fares, the commission shall publish in the official newspaper of the city and county for five days notice of its intention to do so and shall fix a time for a public hearing or hearings thereon, which shall be not less than ten days after the last publication of said notice, and at which any resident may present his objection to or views on the proposed schedule of rates, fares or charges.

### How Supervisors Voted on "C"

On August 4 the Board of Supervisors voted 9-2 on the question of placing Proposition C on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors John Bardis, Harry Britt, Ella Hill Hutch, Quentin Kopp, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

**NO:** Supervisors Don Haranzy and Carol Ruth Silver

Rates for each utility except the municipal railway shall be so fixed that the revenue therefrom shall be sufficient to pay, for at least the succeeding fiscal year, all expenses of every kind and nature incident to the operation and maintenance of said utility, together with the interest and sinking fund for any bonds issued for the acquisition, construction or extension of said utility; provided that, should the commission propose a schedule of rates, charges or fares for said utility which shall not produce such revenue, it may do so with the approval of the board of supervisors, by a two-thirds vote and it shall thereupon be incumbent to provide by tax levy for the additional amount necessary to meet such deficit. All other changes in rates, charges or fares as proposed by the commission shall be submitted by the commission to the board of supervisors for approval and, except as in this section otherwise provided, it shall require a two-thirds vote of the board of supervisors to reject the rate changes as proposed by the commission, and if so rejected, such proposed changes in schedules or rates, charges or fares shall be returned to the commission for revision. If the supervisors shall fail to act on any such proposed schedule within thirty days, the schedule shall thereupon become effective.

Rates for the municipal railway shall be proposed by the commission and approved; rejected or amended by the board of supervisors. (end)

# Muni Fares

## ARGUMENT IN FAVOR OF PROPOSITION C

### Vote "Yes" on Proposition C

The way the Charter reads now Municipal Railway fares must be recommended by the Public Utilities Commission and approved by the votes of at least eight (8) Supervisors. However, the Board of Supervisors can only vote to approve or reject any PUC Municipal Railway recommendation on fares. The Board cannot amend or modify any such recommendation, no matter what the financial evidence may be.

That is an unnecessarily inflexible provision of the Charter which should be changed.

### Vote "Yes" on Proposition C

Proposition C will change this procedure to allow the Board of Supervisors to be something other than a rubber stamp for the PUC on recommended MUNI fares. It would simply allow the Board to revise or modify any PUC fare schedule recommendation, as well as reject or approve it. This is a straight-forward change in the Charter which makes sense and should be approved. It is in the public interest and good public business practice.

# Separate Health & Retirement Systems

## PROPOSITION D

**Shall City employees be allowed in the City's Health Service System as determined by ordinance subject to conditions and qualifications as the Board of Supervisors may impose?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** All City employees who are members of the Retirement System are automatically members of the Health Service System unless excused by the Health System Board. No one else may join the Health System.

**THE PROPOSAL:** Proposition D would allow all permanent employees to become members of the Health System. They would not have to be members of the Retirement System. It would allow the Board of Supervisors to determine which non-permanent employees would be allowed to join.

**A YES VOTE MEANS:** If you vote yes, you want the Board of Supervisors to have the power to determine which non-permanent employees would be allowed to join the Health System. You also want all permanent employees to be eligible for the Health System.

**A NO VOTE MEANS:** If you vote no, you do not want to change who is eligible for membership in the Health System.

### TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION D

**NOTE:** Additions or substitutions are indicated by bold face type; deletions are indicated by ((double parentheses)).

**8.420 Establishment of and Membership in Health Service System.**

A health service system is hereby established as a department of the city and county government and shall be subject to sections 3.680 through 3.682 and 8.420 through 8.432 inclusive. Said system shall be administered by a board to be known as the health service board. The members of the system shall consist of all permanent employees, which shall include officers of the city and county, of the San Francisco Unified School District, and of the Parking Authority of the City and County of San Francisco ((who are members of the retirement system)) and, such other employees as may be determined by ordinance, subject to such conditions and qualifications as the board of supervisors may impose. Any employee who adheres to the faith or teachings of any recognized religious sect, denomination or organization and, in accordance with its creed, tenets or principles, depends for healing upon prayers in the practice of religion shall be exempt from the system upon filing annually with the health service board an affidavit stating such adherence and dependence and disclaiming any benefits under the system. ((The health service board shall have the power to exempt any person whose annual compensation exceeds \$6,000 and any person who otherwise has provided for adequate medical care.)) The health service board shall have the power to exempt any person whose compensation exceeds the amount deemed sufficient for self coverage and any person who otherwise has provided for adequate medical care.

(end)

### How Supervisors Voted on "D"

On August 11 the Board of Supervisors voted 7-1 on the question of placing Proposition D on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors John Bardis, Don Horanzy, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

**NO:** Supervisor Quentin Kopp

### Controller's Statement on "D"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition D:

"Should the proposed Charter amendment be adopted, in my opinion, in and of itself, it would neither increase nor decrease the cost of government. However, as a product of its application to future legislation, additional cost of government could be incurred, the maximum amount of which could be \$3,352,000.

"But again, in and of itself, this permissive amendment to the Charter would have no effect on the cost of government."

# Separate Health & Retirement Systems

## ARGUMENT IN FAVOR OF PROPOSITION D

### Vote Yes on Proposition D

A Yes vote on Proposition D will separate Health Service System membership from the Retirement System. Currently employees can only receive health insurance benefits if the City places them in the Retirement System. This measure will permit the city to include employees in its health insurance program without incurring the high cost of retirement system membership.

### Vote Yes on Proposition D

This measure will also allow the City to impose membership conditions and qualifications, such as the number of

months of continuous employment and medical examination screening before long-term temporary employees can be included in the health insurance program.

This measure will allow the City to offer health care insurance to qualified employees at the lowest possible cost to the taxpayers.

# Police & Fire Salaries

## PROPOSITION E

**Shall the compensation of Police and Fire uniformed officers be protected against reduction below a base rate determined by date of employment?**

## Analysis

Ballot Simplification Committee

**THE WAY IT IS NOW:** Salaries for uniformed members of the Police and Fire Departments are determined by comparing the pay for similar jobs in all California cities with a population of 350,000 or more. The salaries in San Francisco must equal the average of the highest salaries of uniformed police and fire forces in these other cities. The population figures must be based on the latest national ten-year census.

**THE PROPOSAL:** Proposition E would guarantee that salaries for uniformed San Francisco police and fire forces

would not be reduced as a result of any change in the manner for determining those salaries.

**A YES VOTE MEANS:** If you vote yes, you want the salary rates for uniformed police and fire forces to be protected from any reduction which would result from any change in the manner of determining those salaries.

**A NO VOTE MEANS:** If you vote no, you want the salary rates to be determined as they now are without any protection against reductions in pay.

## Controller's Statement on "E"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition E:

"Should the proposed Charter amendment be adopted, in my opinion, in and of itself, it would neither increase nor decrease the cost of government. This amendment, however, could forestall any future salary reductions resulting from possible changes in the latest Federal census."

## How Supervisors Voted on "E"

On August 4 the Board of Supervisors voted 9-2 on the question of placing Proposition E on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors Harry Britt, Don Horanzy, Ella Hill Hutch, Quentin Kopp, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

**NO:** Supervisors John Bardis and Carol Ruth Silver

## TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION E

**NOTE:** Additions or substitutions are indicated by bold face type; deletions are indicated by ((double parentheses)).

### 8.405 Salaries of Uniformed Forces in the Police and Fire Departments

(a) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the Board of Supervisors rates of compensation paid police officers or patrolmen employed in the respective police departments in all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each police officer or patrolman classification performing the same or essentially the same duties as police officers or patrolmen in the City and County of San Francisco.

Thereupon the Board of Supervisors shall have power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the police department whose annual

compensations are set forth in Section 3.531 of this Charter and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance, (1) for the fourth year of service and thereafter for police officers, police patrol drivers and women protective officers the compensation shall be fixed at a rate which is the average maximum wage paid to the police officers or patrolmen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of police officer classification in cities in said certification;

(2) for the first, second and third year of service for police officers, police patrol drivers and women protective officers shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class; (continued on page 92)

# Police & Fire Salaries

## ARGUMENT IN FAVOR OF PROPOSITION E

In 1975 the Charter provisions on setting salaries for police officers and fire fighters were amended overwhelmingly by the voters to provide that such salaries shall be established as the average of the salaries paid to police officers and fire fighters in cities in California with a population of 350,000 or more. There were, and still are, five such cities in California. In 1976, the provision was further amended to prevent any lowering of salaries for police officers and fire fighters by reason of such averaging process. The provision prohibiting a decrease in salaries expired in 1979.

Because of the 1980 federal census, there is a possibility that Long Beach or Oakland, which are now included in the average, may not have a population of over 350,000 any longer and therefore the salaries paid there will not be part

of the average. Instead, Sacramento which has a low pay scale, may be included.

### Vote Yes on Proposition E

This Charter amendment would merely extend until 1981. The prohibition against decreasing the salaries of police officers and fire fighters. As one of the original proponents of the averaging method of establishing salaries for police officers and fire fighters, I recommend a "yes" vote on Proposition E because it is fair and realistic that our police officers and fire fighters not suffer any reduction in their salaries at a time when inflation is 10% or more per year and their costs of living increase accordingly.

Submitted by: *Supervisor Quentin L. Kopp*

## ARGUMENT IN FAVOR OF PROPOSITION E

In November of 1975, the citizens of San Francisco adopted a charter amendment which established the method of setting salaries for members of the police and fire departments.

Based on the latest federal decennial census (1970), the Civil Service Commission is required to survey the rates of compensation paid police officers and firefighters employed in all cities of 350,000 population or over in the State of California. Upon determining those rates, the average rate of pay is determined and it is this average that is paid to our police officers and firefighters. Based on this formula, five cities have been utilized in setting salaries.

However, based on the 1980 census figures, two of the cities will be dropped from the formula. As a result, the new average rate of pay could very well be less than what is presently being paid. Proposition "E" is merely a protection clause to ensure that police officers and firefighters will not suffer a *salary reduction* by virtue of the new formula. The present charter language does not provide this protection.

Proposition "E" *will not* increase the tax rate in San Francisco. It will, however, protect our officers from a possible reduction in salary. **VOTE YES ON PROPOSITION "E".**

# Police & Fire Retirement Benefits: Buy-Out

## PROPOSITION F

**Shall policemen and firemen who were members before November 1, 1976 be allowed to transfer to the Retirement Plan in effect after November 1, 1976 and be compensated up to \$40,000 based on years of service for electing to transfer?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** Police officers and Firefighters who were hired before November 1976 are covered by one retirement plan. Those who were hired after that date are covered by another retirement plan.

**THE PROPOSAL:** Proposition F would allow Police Officers and Firefighters who were in the retirement plan before November 1976 to change to the new retirement plan if they wish. Those changing would receive \$2,500 for each year of employment up to ten years and then \$1,000 for each additional year of service. The total is not to ex-

ceed \$40,000. The funds to be paid would come from members' contributions and Retirement System funds.

**A YES VOTE MEANS:** If you vote yes, you want to allow Police Officers and Firefighters to change to the new retirement plan.

**A NO VOTE MEANS:** If you vote no, you do not want to allow members of the Police and Fire Departments to change to the new retirement plan.

## Controller's Statement on "F"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition F:

"Should the proposed Charter amendment be adopted, in my opinion, in and of itself, it would neither increase nor decrease the cost of government since it is permissive legislation, the cost of which is dependent on a future election (if any) by the individual member opting to an alternate retirement plan.

"Based on the present value of future benefits, cash payments to those electing to transfer membership might result in overall cost savings to the City, the amount of which appears substantial, but cannot be accurately determined at this time."

## How Supervisors Voted on "F"

On August 11 the Board of Supervisors voted 8-0 on the question of placing Proposition F on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors John Bardis, Don Horanzy, Quentin Kopp, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

None of the Supervisors present voted "No."

## TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION F

**NOTE:** Additions or substitutions are indicated by bold face type; deletions are indicated by ((double parentheses)).

### SEC. 8.559-14 Right to Transfer

Notwithstanding any provisions of this charter to the contrary, any person who, on or after January 1, 1981, is a member of the Police Department, and is a member of the Retirement System under Charter Section 8.559, may become a member of the Retirement System under Charter Section 8.586 by filing in writing with the Retirement System no later than December 31, 1981, and executed waiver of all benefits which might inure to him under Charter Section 8.559. This waiver must be without right of revocation and on a form furnished by the retirement system. The Retirement Board may require that this waiver be executed by additional persons before it becomes operative.

This transfer will be effective July 1, 1980. Those persons so electing to become members under Charter Section 8.586 shall receive service credit under Charter Section 8.586 equal to their service credit under Charter Section 8.559 as of June 30, 1980.

Those persons so electing to become members under Charter Section 8.586 shall not be subject to any of those provisions of Charter Section 8.559 as of July 1, 1980.

Notwithstanding the provisions of Charter Section 8.526, the cost of living adjustment in any given year for those persons electing this transfer to Charter Section 8.586 shall not exceed the provisions of Charter Section 8.526 as they existed on July 1, 1980.

Those persons so electing to transfer membership from Charter Section 8.559 to Charter Section 8.586 shall receive a monetary consideration not to exceed \$40,000 calculated at the rate of \$2,500 for each year of said service credit up to ten

# Police & Fire Retirement Benefits: Buy-Out

## ARGUMENT IN FAVOR OF PROPOSITION F

Vote "YES" on Proposition F and reduce the taxpayers' cost for the City Retirement System. This Proposition creates an incentive for police officers and firefighters to transfer from an "old" and expensive plan to a "new" and lower cost plan which was adopted in 1976.

For every person who transfers, the City will be able to reduce its annual contribution (it is now \$100 million for fire and police) and those who choose to transfer will receive a lump-sum payment determined by their years of service. They can use that payment for personal investment to add to the benefits offered by the "new" system.

The Proposition does not force the employees to make the change. It is strictly voluntary. All it does is allow the City to make an offer which each police officer and firefighter can evaluate in relation to their own personal circumstances.

All payments will come from investments of the Retirement System so there will be no added costs for the City treasury and the offer will remain in effect for one year only.

I urge you to take this opportunity to reduce the City's cost for retirement. Unless we adopt measures like this our City will continue to be fiscally strained by greatly increasing retirement costs.

Vote YES on Proposition F.  
Thank you.

## ARGUMENT IN FAVOR OF PROPOSITION F

### Vote Yes on Proposition F

Police officers and fire fighters who were hired by the City before January, 1977 belong to one pension plan, while police officers and fire fighters who were hired after January, 1977 are enrolled in a different pension plan which was approved by the voters in November, 1976, and which costs the taxpayers less money than the older pension plan.

Pension costs are expensive and this measure could help reduce them. It results from a study and analysis prepared at my request by Harvey Rose, the Budget Analyst of the Board of Supervisors in June, 1979. It establishes a voluntary plan by which an estimated 3,114 police and fire fighters who belong to the older pension plan would be offered

lump sums up to \$40,000 to be "bought out" of such older pension plan and given the opportunity to join the new pension system which included post-January, 1977 recruits. If such "buy-out", which is not mandatory, is utilized by a sufficient number of police officers and fire fighters, it could result in a savings of millions of dollars to taxpayers, while at the same time giving such police officers and fire fighters cash in hand (usable of higher income producing investments) and membership in the new, less expensive plan.

It is an idea worth trying, and I recommend a "yes" vote on Proposition F.

# Police & Fire Retirement Benefits: Vesting

## PROPOSITION G

Shall members of the Police and Fire Departments with five years of service who cease to be employed for causes other than death or retirement have the right to vest their retirement contributions and receive a retirement benefit at age 50?

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** When Police Officers and Firefighters leave their jobs before retirement, the monies they put into their retirement plan is refunded. They cannot keep their money in the retirement fund.

**A YES VOTE MEANS:** If you vote yes, you want police officers and firefighters who leave the department to be able to leave their money in the retirement fund.

**THE PROPOSAL:** Proposition G would allow police officers and firefighters who are members of the Retirement System for at least five (5) years, the choice of keeping their money in the retirement fund or taking it out if they leave. At age 50 they would receive a retirement benefit based on time served and money contributed.

**A NO VOTE MEANS:** If you vote no, you do not want police officers and firefighters who leave the department to be able to leave their money in the retirement fund.

### Controller's Statement on "G"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition G:

"Should the proposed Charter amendment be adopted, in my opinion, it would not materially affect the cost of government."

### How Supervisors Voted on "G"

On August 11 the Board of Supervisors voted 8-0 on the question of placing Proposition G on the November 4 ballot. The Supervisors voted as follows:

**YES:** Supervisors John Bardis, Don Horanzy, Quentin Kopp, Ed Lawson, John Molinari, Louise Renne, Nancy Walker and Doris Ward

None of the Supervisors present voted "No."

**THE LEGAL TEXT OF PROPOSITION G APPEARS ON PAGE 95**

### ARGUMENT IN FAVOR OF PROPOSITION G

Vote YES on Proposition G and help reduce the City's cost of retirement for the Police and Fire Departments. This proposition allows police and fire members who wish to leave their departments before retirement age to let their retirement contributions remain with the City until normal retirement age. During this period the City and the individual will earn interest on the funds. At normal retirement age the member can draw a reduced benefit.

By placing this vesting provision in our "new" retirement system we create an added incentive for members of the "old" system to make the optional switch allowed by Proposition F.

I believe these two proposals will work together to reduce City costs and improve benefits for Police officers and Firefighters.

This proposal is known as "vesting" and is available to all City employees except members of the Police and Fire Departments. It is now mandated by the Federal Government for members of private pension plans and we are simply extending the coverage to members of the Police and Fire Systems.

I urge you to vote YES on Proposition G.

Thank You.

# Fire Department Services Initiative

## PROPOSITION H

**Shall fire protection services be restored to and maintained at the levels no less than those authorized on June 30, 1978?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Mayor and the Board of Supervisors set the annual budget for the Fire Department. Through the budget, they determine the number of employees the department will have and the number of fire stations needed in the city. The Board of Supervisors has the authority to reduce the budget of the Fire Department.

**THE PROPOSAL:** Proposition H would require that the number of personnel and the number of facilities in the Fire Department be kept at or above the figures which

existed on June 30, 1978. Only a vote of the people could reduce it below that June 30, 1978 level.

**A YES VOTE MEANS:** If you vote yes, you want the number of Fire Department personnel and facilities to be kept at or above the June 30, 1978 level and you want the voters to decide any reduction below that level.

**A NO VOTE MEANS:** If you vote no, you want to keep the present system of setting the budget for the Fire Department.

## TEXT OF PROPOSED CHARTER AMENDMENT PROPOSITION H

**NOTE:** Additions or substitutions are indicated by bold face type.

### 3.548 Maintenance of Fire Protection Services

(a) Notwithstanding any other provision of this Charter, and except as provided in paragraph (c) of this section, fire protection services in the City and County of San Francisco shall not be reduced below and shall be maintained at levels no less than those authorized as of June 30, 1978.

(b) The fire protection levels authorized as of June 30, 1978 are defined for the purpose of this section as the number and character of personnel, fire companies and units and facilities used for the purpose of fire suppression, inspection, investigation, training and support activities which were set forth in the Annual Report of the San Francisco Fire Department for fiscal year 1977-78. It is the intent of this section that such number and character of personnel, fire companies and units and facilities shall each be restored and maintained at no less than such levels unless otherwise authorized as provided in paragraph (c) of this section.

(c) The level of fire protection services required by paragraph (a) of this section may be reduced to another specified level of protection by a two-thirds vote of the qualified electors voting at a general election or special election called for that purpose.

(d) It shall be the responsibility of the Board of Supervisors to enact all necessary legislation and appropriate all funds necessary to carry out the provisions of this section. It is the intent of this section that city and county funds shall first be applied to maintain emergency public safety services as provided for by this section. (end)

## Controller's Statement on "H"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition H:

"Should the proposed initiative be approved, in my opinion, it would increase the cost of government by approximately \$7,500,000."

## How Proposition H Got on the Ballot

On August 25 City Registrar of Voters Jay Patterson certified that the initiative petition calling for Proposition H to be placed on the ballot had qualified for the ballot. The Supervisors then voted to place the proposition before the City's voters on November 4.

The Committee to Keep Our Fire Houses Open, the proponents of the initiative had filed 31,240 signatures with Patterson on August 6. After examining the signatures, Patterson determined that there were 24,940 valid signatures. This is more than the 22,547 signatures needed to put an initiative charter amendment on the ballot.

22,547 represents 10% of the number of people who voted for governor in 1978.

# Fire Department Services Initiative

## ARGUMENT IN FAVOR OF PROPOSITION H

We've heard a lot of rhetoric over the years about safe levels of fire protection in San Francisco. As firefighting professionals, we feel it's time to set the record straight: San Francisco fire service has been cut to the bone.

Over the years we saw cutbacks in administration, personnel and equipment. Then came the cuts in essential services. Fire stations were closed; manpower was drastically reduced. Some of these cuts have actually helped make our firefighting organization leaner and more efficient.

But it's got to stop somewhere. Things have gone way too far. Unless the City administration is forced to stop cutting, the neighborhoods of San Francisco are in trouble. Look at the danger signs:

- On the day of the Great 1906 Earthquake and Fire, 564 firefighters were on duty; today there are fewer than 319.
- In the last five years, alarm calls have increased by 5589.
- In a recent highrise fire in Los Angeles 290 firemen fought the blaze. If a similar fire broke out in San Francisco today, approximately 90% of the City would be left

without neighborhood fire coverage.

There's only one way to stop politicians from making things any worse; Proposition H. This measure would allow the people of San Francisco to vote on any further cutbacks, and restore at least the bare minimum of safety set jointly by the Fire Chief and Fire Commission in the base year of 1978.

The issue is *not* money. This measure would *not* increase our taxes. It would *not* increase pay or benefits for individual firemen. And it need *not* decrease other City services. In fact, last year's cuts "saved" the City \$6.2 million—money which was put in a "special" fund and never spent on *any* City services. That's "false economy" at its worst.

Put a stop to these irresponsible cuts. Demand that the voters of San Francisco have a say in determining an adequate level of essential fire service. We urge you to vote "YES" on PROPOSITION H.

*William Murray*, Former Fire Chief, 1956-71  
*Keith Calden*, Former Fire Chief, 1971-76

## ARGUMENT IN FAVOR OF PROPOSITION H

Enough is enough! Every year the politicians promise us "no more cuts in essential services". And every year, without asking us, they close more neighborhood firehouses. This year alone they're closing 4 more fire stations—in Midtown Terrace, Pacific Heights, Bayview-Hunters Point/Potrero Hill, and South of Market. These years of steady cut-backs have reduced San Francisco fire safety to truly dangerous levels. Enough is enough!

It's time to take fire protection out of the hands of politicians. Let's give the people of San Francisco a chance to decide whether we want any further cuts in essential fire services.

A "YES" vote on PROPOSITION H would:

- Stop City politicians from making further cut-backs, on their own, in the level of fire safety.
- Provide that a vote of the people of San Francisco is required for any further reduction in fire services.
- Require that the number of fire stations, facilities, and personnel be maintained at minimum safety levels no less than those of June 30, 1978.
- Not increase our taxes.

The issue is simple. The people of San Francisco have a basic right to adequate fire protection. Period! Let's exercise that right. Let's take fire safety out of the hands of politicians. Vote FOR your right to adequate fire protection. Vote "YES" on PROPOSITION "H".

## ARGUMENT IN FAVOR OF PROPOSITION H

While appreciating the difficult budget decisions imposed in this era of fiscal restraint, we the undersigned public officials believe that the people of San Francisco are entitled to adequate and responsible levels of essential City services, particularly fire protection.

For this reason, we support San Francisco ballot Proposition "H", a measure which would give the voters of San Francisco a say in assuring that minimum levels of fire safe-

ty are not compromised.

## ARGUMENT IN FAVOR OF PROPOSITION H

34,000 San Franciscans told us they were concerned about fire protection in their neighborhoods. That's how many people signed a petition—a petition circulated for only 14 days by community groups to put Proposition H on the ballot and stop the closing of fire houses.

Well, we got the message. In fact, we've been worried about the level of fire protection in our City for some time now. As San Francisco fire fighters, we see the problem firsthand. Every day. As station houses close, engine companies cut back, daily manpower shrinks.

The result? Less. Less fire safety. Reduced coverage of outlying neighborhoods. Poorer response times in emergency situations. And along with these decreases, we've seen an increase in personal danger to fire fighters trying to cover the gaps: in the last 18 months alone, we've felt the tragic loss of two fire fighters and one battalion chief.

We believe the people of San Francisco deserve better.

That's why we support Proposition H. We support the right of San Franciscans to insist on quality fire protection and put a stop to the rapid deterioration of this essential City service.

In fact, fire protection is a lot more than one more "essential service." It saves lives. And there's nothing more essential than that. On November 4, we hope you'll remember to vote "YES" on Proposition H.

## ARGUMENT AGAINST PROPOSITION H

Vote NO on Proposition H. Your Mayor, the Fire Chief and Fire Commission are committed to providing you with the best fire protection within the fiscal constraints of Proposition 13. In these financially critical times, it is necessary to effect economies in all City departments without exception. If such economies are not practiced, some departments will be totally eliminated and essential services will be drastically reduced.

In order to effectively operate under these conditions and maintain efficiency, the management of the Fire Department must be allowed sufficient flexibility to make fire protection, personnel, and financial decisions a continuing function of its management responsibilities. This Proposition—by arbitrarily reverting to a level of fire protection in existence thirty months ago—would require adherence to a fixed formula without regard to changing needs and circumstances. Professional judgement would be replaced by rigid, out-moded standards that the public can no longer afford.

By Charter, the Fire Commission has the power to organize, reorganize and manage the Fire Department. This Proposition would restrict the Fire Commission's ability to implement cost-effectiveness because any downward change, not only in fire protection levels but also in all administrative and support functions, requires a two-thirds vote of the qualified electors. Let management retain the power to continue to provide efficient services at reasonable cost.

## ARGUMENT AGAINST PROPOSITION H

Neighborhood leaders join in asking you to vote NO on Proposition H.

This proposition will require the City to maintain the same number of men, stations and vehicles we had in 1978 which will cost the City an extra 7 million dollars that will be taken from other departments.

The Fire Comission and Chief, who oppose this proposition, should be the ones to determine the proper strength of their department, not the proponents of this proposition. The Chief should not be forced to keep units in service when new

techniques and more efficient equipment makes it unnecessary.

Proposition H is wasteful spending and bad government. Vote NO.

# Salary Dispute—Electricians

## PROPOSITION I

**Shall a schedule of compensation based upon the last demand of employees represented by the International Brotherhood of Electrical Workers, Local No. 6, be approved?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** Electrical workers employed by the city have their pay, hours, benefits and working conditions set in agreements made with the city. Their union did not reach agreement with city officials on issues being considered this year, so the voters must make the decision.

**THE PROPOSAL:** Proposition I would provide that the city agree to the 25 demands of the electrical workers. These

are listed in full on this page and page 95.

**A YES VOTE MEANS:** If you vote yes, you want the city to provide the benefits and working conditions requested by the electrical workers.

**A NO VOTE MEANS:** If you vote no, you want to keep the present benefits and working conditions of the electrical workers.

### TEXT OF PROPOSED ORDINANCE PROPOSITION I

#### Section XIV

1. 40-hour work week consisting of 8:00 a.m. to 12 noon and 12:30 p.m. to 4:30 p.m. on Monday through Friday.
2. City to supply all tools, rain gear and safety equipment.
3. Premium pay for high time work, work below piers, exposure to raw sewage and for working with energized equipment.
4. Mandatory travel pay allowance for electrical employees assigned to work outside of the City and County boundaries.
5. Premium pay of 10% for swing shift and 15% for midnight shift and payable for the full shift.

8. Electrical employees to receive pay for overtime worked rather than in-lieu time off.
9. Employees in Class 7379 Electrical Transit, Mechanic and related classes to have the same working conditions, work week and differentials as enjoyed by employees in the Automotive Mechanic classification.

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition I:

"Should the proposed proposition be adopted, in my opinion, the cost of government would be increased by approximately \$1,300,000."

### How Prop. I Got on the Ballot

Propositions I and J are a result of a provision on the City Charter which was adopted by the voters in November 1976. This provision requires that unsettled contract disputes between city officials and city employees be put before the voters to decide.

In this proposition the voters will grant or reject the last demands of city workers represented by the International Brotherhood of Electrical Workers, Local 6.

10. City to pay fringes for whole eight hour day.
11. Temporary employees to start at highest pay level.
12. Work performed by employees in electrical classifications shall comply with all applicable codes.
13. Sick leave to be supplemented with State Disability Insurance pay.
14. All electrical employees to be employed on a full time basis.
15. City to specify pay days.
16. City to pay for educational or re-training leave.
17. City to combine overtime payment with regular paycheck.

# Salary Dispute—Laborers

## PROPOSITION J

Shall a schedule of compensation based upon the last demand of employees represented by the Laborers' International Union of North America, Local No. 261, be approved?

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** General laborers employed by the city do not now receive premium pay for working with raw sewage. Their union asked for this premium pay to be added to their contract, but city officials did not agree.

**THE PROPOSAL:** Proposition J would provide that the city pay general laborers who work in constant, prolonged contact with raw sewage a \$3 per day premium in their wages.

**A YES VOTE MEANS:** If you vote yes, you want the city to pay a \$3 per day sewage premium to general laborers.

**A NO VOTE MEANS:** If you vote no, you do not want the city to pay a \$3 per day sewage premium to general laborers.

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition J:

"If the proposed proposition is approved, in my opinion, the cost of government would be increased by approximately \$25,000."

### How Prop. J Got on the Ballot

Propositions I and J are a result of a provision on the City Charter which was adopted by the voters in November 1976. This provision requires that unsettled contract disputes between city officials and city employees be put before the voters to decide.

In this proposition the voters will grant or reject the last demands of city workers represented by the Laborers' International Union, Local 261.

### TEXT OF PROPOSED ORDINANCE PROPOSITION J

AMENDING ORDINANCE NO. 121-80 SALARY STANDARDIZATION ORDINANCE, FISCAL YEAR 1980-81, CHARTER SECTIONS 8.400, 8.401 AND 8.407, MISCELLANEOUS EMPLOYEES, PURSUANT TO CHARTER SECTION 9.108(b), TO REFLECT ADDITIONAL RATES AND WORKING CONDITIONS FOR EMPLOYEES REPRESENTED BY THE LABORERS' INTERNATIONAL UNION OF NORTH AMERICA, LOCAL 261, BASED UPON THE LAST DEMANDS OF SAID EMPLOYEES.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Pursuant to the provisions of Charter Section 9.108(b), Ordinance No. 121-80, Salary Standardization Ordinance, Fiscal Year 1980-81, Charter Section 8.400, 8.401 and 8.407, Miscellaneous Employees, is hereby amended by adding Section XIII thereto, reading as follows:

#### Section XIII.

Notwithstanding any provisions of this ordinance to the contrary, and based upon the last demand of employees represented by the Laborers' International Union of North America, Local No. 261, said employees shall be entitled to additional working conditions as follows:

That the City pay General Laborers working in constant, prolonged contact with raw sewage a \$3.00 per day sewage premium. (end)

### ARGUMENT IN FAVOR OF PROPOSITION J

This measure is on the ballot because under the law if the Board of Supervisors and an employee union cannot agree upon some aspect of salaries or fringe benefits, the dispute must be resolved by the voters. This involves a \$3.00 per day pay differential requested by members of the Laborers' Union who must work with raw sewage. Other city employees who work with raw sewage already receive this differential. I believe it is justified for Laborers' Union city employees, too.

#### Vote Yes on Proposition J

The total estimated cost is \$25,000 per year. This differential is habitually paid to workers in private industry who must work in such odious circumstances. I think I have a reputation for not wasting taxpayer's money. This request of 34 members of the Laborers' Union is meritorious.

# 20,000 Housing Units

## PROPOSITION K

**DECLARATION OF POLICY: Shall the Board of Supervisors enact legislation to establish as the policy of the City and County of San Francisco that there be an addition of 20,000 new units of Residential Housing in San Francisco by January 1, 1985?**

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Board of Supervisors adopted a resolution this year calling for 20,000 new and rehabilitated units of residential housing in San Francisco by June 30, 1986. The resolution asks for as many units as possible to be for persons of low and moderate income, for the neighborhoods to be preserved, and for the permit process to be improved and simplified.

**THE PROPOSAL:** Proposition K would direct the Board of Supervisors to pass legislation to establish that it is the

policy of San Francisco to add 20,000 new units of residential housing by January 1, 1985.

**A YES VOTE MEANS:** If you vote yes, you want city policy established for 20,000 units of new residential housing to be added by January 1, 1985.

**A NO VOTE MEANS:** If you vote no, you want to keep the present city housing policy.

### How "K" Got On Ballot

Proposition K was placed on the November 4 ballot through a provision in the present City Charter which allows four or more members of the Board of Supervisors, acting individually rather than as a legislative body, to place an ordinance or a policy measure on the ballot. It is believed that San Francisco is the only city or county with a legal provision of this type.

On August 18 City Registrar of Voters Jay Patterson received a request signed by several supervisors asking that the issue of 20,000 new units of housing be placed before the voters. The request was signed by Supervisors Quentin Kopp, Ella Hill Hutch, Don Horanzy, Ed Lawson, Carol Ruth Silver and Doris Ward.

### Controller's Statement on "K"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition K:

"Should the proposed Declaration of Policy be approved, in my opinion, it would neither increase nor decrease the cost of government."

# 20,000 Housing Units

## ARGUMENT IN FAVOR OF PROPOSITION K

The statistics speak for themselves:

1. In the past 10 years there has been an increase of only about 100 single family houses built per year in San Francisco.
2. The average price of a single-family home in San Francisco is \$139,000.
3. The cost of housing in San Francisco is *the highest* in the country.
4. The average rent for a one-bedroom apartment in the City exceeds \$350.
5. According to the 1980 U.S. Census, San Francisco has lost more than 9 percent of its population in 10 years.

All of these statistics spell a housing crisis that is rapidly becoming a disaster. San Francisco has become a city where only speculators and the very rich can afford to buy; where older people hang onto the homes they own, often larger than

## ARGUMENT IN FAVOR OF PROPOSITION K

The basic reason why housing is so expensive in San Francisco is the age-old law of supply and demand. The entire country is experiencing a housing shortage, but the situation is worse here because hardly any new housing is being built.

Homebuilders are ready and willing to do the job. We have the skills and know-how to build housing that is energy-efficient, that blends in with existing neighborhoods, and makes the best use of available land.

As more and more people move out of the city because they cannot find housing, the City suffers their loss. San Francisco is becoming "commute city"—a nice place to

## ARGUMENT IN FAVOR OF PROPOSITION K

**Vote Yes on K**

For years, San Francisco's housing supply has been under great strain, despite a decline in the city's population. Changing life-styles and new, young families have increased demand for new units while a collection of over-restrictive zoning ordinances, antiquated building codes, and inexcusable delays in the permit approval process have discouraged the production of new units and greatly increased the costs of the few units which are being produced. As a consequence, San Francisco suffers the questionable distinction of being the most expensive housing market in the continental United States.

## ARGUMENT IN FAVOR OF PROPOSITION K

Our Housing Committee has thoroughly investigated the potential for new housing in San Francisco and we are satisfied that 20,000 new units can be added without detriment to the character or quality of life in any neighborhood. The environmental and energy benefits are immense and we urge a "yes" vote on Proposition K.

they need, because they can't afford to buy anything else; and where young people of moderate or average incomes cannot begin to think of owning a home.

The housing crisis has been escalating for the past 10 years. It's time the situation was reversed. The City Planning Department says there is more than enough land available and enough under-developed areas to accommodate 20,000 new housing units. The only way this will happen is if you, the voters, speak out and demand action from your elected officials.

work, but you can't afford to live here. Unless the Mayor and Board of Supervisors take immediate action and pass necessary legislation, the situation will just get worse. Our children will suffer the consequences and rightly blame us when they cannot find housing. Let's take the first positive step to make San Francisco a great and affordable place to live.

**Vote Yes on Proposition K.**

Builders for Affordable Housing.

*Jesse Stacy, Chairman*

Almost weekly, questions and issues come before the Board which impact housing. In absence of a stated goal or policy decisions are often made on the basis of political expediency with insufficient consideration of their long term impact on housing development. Passage of this initiative will tell the Board of Supervisors that San Franciscans want a city-wide housing policy which produces a climate favorable to development of the housing so vitally needed by our City and will be the first step towards the development of a comprehensive city housing plan.

# Retirement Cost-of-Living Increase

## PROPOSITION L

**DECLARATION OF POLICY:** Shall the Board of Supervisors submit a Charter amendment to adjust cost-of-living increases or decreases in retirement allowances for miscellaneous employees, from funds legally available for such purposes, in accordance with percentage cost-of-living allowances determined to be in effect annually in other San Francisco Bay Area counties; provided that such cost-of-living allowances to San Francisco retired employees or beneficiaries shall not be less than 2 percent annually?

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** The Charter now provides for a cost-of-living adjustment for retired city employees. This adjustment cannot be more than a 2% increase per year of the basic retirement allowance. Only a charter amendment can change this.

**THE PROPOSAL:** Proposition L would direct the Board of Supervisors to put such a charter amendment on the ballot. This amendment would set cost-of-living adjustments in retirement allowances according to a formula based on cost-of-living allowances in other Bay Area

counties. Any increase could not be less than 2% per year of the basic retirement allowance.

**A YES VOTE MEANS:** You want the Board of Supervisors to place a charter amendment before the voters which would change the method of adjusting retirement allowances for cost-of-living.

**A NO VOTE MEANS:** If you vote no, you do not want a charter amendment changing retirement cost-of-living adjustments.

## Controller's Statement on "L"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition L:

"Should the proposed Declaration of Policy be approved, in my opinion, it would neither increase nor decrease the cost of government.

"If a Charter amendment is subsequently approved by the electorate granting permissive powers to the Board of Supervisors to adjust cost-of-living allowances, in and of itself, the legislation would have no effect on the cost of government. However, future legislative action by the Board of Supervisors increasing the current 2% ceiling on cost-of-living allowances could result in an increase in the cost of government. Based on existing actuarial data, each 1% increase beyond the current 2% ceiling could add approximately \$8,000,000 to the cost of government."

## How "L" Got On Ballot

Proposition L was placed on the November 4 ballot through a provision in the present City Charter which allows four or more members of the Board of Supervisors, acting individually rather than as a legislative body, to place an ordinance or a policy measure on the ballot. San Francisco is believed to be the only city or county with a legal provision of this type.

On August 21 Registrar of Voters Jay Patterson received a request signed by seven supervisors asking that the issue of cost-of-living adjustments for retired City employees be placed on the ballot as a "Declaration of Policy" for the voters to decide. The Supervisors signing the request were Don Horanzy, Quentin Kopp, Nancy Walker, Harry Britt, Doris Ward, John Molinari and John Bardis.

## ARGUMENT IN FAVOR OF PROPOSITION L

### Vote "Yes" on Proposition L

For years our retired city employees have struggled to meet the increased cost of living on fixed incomes. More than 65 percent of our members, who paid into the Retirement System during their working years, are living on monthly retirement allowances of less than \$500 with an existing non-compounded 2 percent annual adjustment for inflation. Cost-of-living statistics are nagging reminders that 2 percent provides only \$3 to \$4 monthly to meet living costs. This ballot measure won't cost the taxpayers one dollar. As a

declaration of Policy it merely authorizes the Board of Supervisors to study and develop a more reasonable cost-of-living adjustment. Results of the Board's study would be included in a Charter Amendment for submission to the people at a later election. San Francisco's 2 percent cost-of-living allowance is among the lowest of Bay Area Counties. In fairness, we urge a "YES" vote on Proposition L.

# Tax-the-Corporations Initiative

## PROPOSITION M

**DECLARATION OF POLICY:** We, the people, declare that San Francisco must increase the taxes paid by its largest corporations. It is fundamentally unjust that large corporations, such as giant oil companies whose profits will exceed \$1 trillion in the 1980's, pay a lower rate of taxes than the average wage-earner; and that San Francisco's huge banks and insurance companies pay no local business taxes at all. We pay our share, and so should they.

## Analysis

By Ballot Simplification Committee

**THE WAY IT IS NOW:** To cover the cost of providing city services, the city of San Francisco collects taxes from several sources as well as special fees.

**A YES VOTE MEANS:** If you vote yes, you agree that San Francisco should increase the taxes paid by its largest corporations.

**THE PROPOSAL:** Proposition M declares that the city of San Francisco must increase the taxes paid by its largest corporations.

**A NO VOTE MEANS:** If you vote no, you want taxes set as they are now.

### Controller's Statement on "M"

City Controller John C. Farrell has issued the following statement on the fiscal impact of Proposition M:

"Should the proposed Declaration of Policy be approved, in my opinion, it would neither increase nor decrease the cost of government.

### How Proposition M Got on the Ballot

On August 26 City Registrar of Voters Jay Patterson certified that the initiative petition calling for Proposition M to be placed on the ballot had qualified for the ballot.

Grass Roots Alliance, the proponents of the initiative had filed 16,122 signatures with Patterson on August 6. After examining the signatures, Patterson determined that there were 11,762 valid signatures. This is more than the 9,679 signatures needed to put an initiative Declaration of Policy on the ballot.

9,679 represents 5% of the number of people who voted for mayor in 1979.

# Tax-the-Corporations Initiative

## ARGUMENT IN FAVOR OF PROPOSITION M

### Vote Yes on Proposition M!

Proposition M offers San Franciscans the opportunity to send a clear, strong message to our city officials: we, the people, declare that the taxes of the largest corporations should be increased. Proposition M is a Declaration of Policy by which the voters of San Francisco can tell City Hall: we demand a more equitable tax system.

Today, large corporations such as giant oil companies, whose profits will exceed \$1 trillion in the 1980's, pay a lower rate of taxes than the average wage earner. The banks and private insurance companies pay no local business taxes at all, while working people are more and more hard-pressed by inflation and the entire economic crisis of our times. This is fundamentally unjust; we pay our share and so should they.

If Proposition M is passed, there will be a mandate from the people of San Francisco for city government to increase the share of taxes paid by the largest corporations. As an expression of the people's will, Proposition M would instruct

such city officials as the Mayor and the Board of Supervisors to put into effect specific laws to increase the taxes paid by the largest corporations. With the mandate of Proposition M in hand, it will be possible to bring pressure for a more equitable tax system. Let the will of the people be heard—Vote Yes on Proposition M!

## ARGUMENT AGAINST PROPOSITION M

### Vote No on Proposition M

Proposition P in 1979 and Proposition V this past June both were overwhelmingly defeated by San Francisco voters. How many times must we vote on the same measure?

A look at the facts reveals how unnecessary this destructive measure really is. In June, voters approved a whole series of taxes to help San Francisco meet its fiscal needs—a large part of which are now being paid by business. And the Board of Supervisors has added still more taxes, in an effort to ensure that we continue to enjoy a high level of municipal services. Proposition M, which will add a new unidentified layer of taxation is the last thing we need.

Proposition M is a bad idea for San Francisco consumers and businesses alike. Proponents tell you that their targets are our City's large corporations—but the history of their

initiatives indicates a callous disregard for the survival of our neighborhood small businesses. You should know that their scheme will spell higher consumer prices, possible hiring freezes and layoffs and many more troubles for our vital neighborhood stores and restaurants.

While it is true that San Francisco needs a just tax system, Proposition M will only hurt our economy and reduce our quality of life. Proposition M is a negative approach that will only divide our community. It won't hurt business as much as it will hurt you.

We urge you to vote NO on Proposition M.

## ARGUMENT AGAINST PROPOSITION M

San Francisco is losing jobs! Nearly every day another company moves across the Bay due to the business taxes imposed—at the highest rate in California—by our city government. And now, for the third time, the secretive Grass Roots Alliance has introduced another misleading and negative "Tax the Corporations" initiative. The Alliance claims that "banks and insurance companies pay no local business

taxes at all," but that's simply not true! They pay a state-imposed tax, which is returned to California cities and counties on a formula basis. Misleading and false statements serve no positive purpose. We need jobs, not rhetoric. Vote NO on Proposition M.

law, nor shall that person use any privileged information obtained by him by virtue of his office or employment to advance the financial or other private interest of himself or others.

(d) No person who has served as an officer or employee of the city and county shall within a period of two (2) years after termination of such service or employment appear before the board or agency of the city and county of which he was a member in order to represent any private interest, provided, however, that said officer or employee may appear before said board or agency for the purpose of representing himself.

(e) No officer or employee of the city and county shall receive, directly or indirectly, any compensation, reward or gift from any source except compensation from the City and County of San Francisco, or any other governmental agency to which he has been duly appointed for any service, advice, assistance or other matter related to the governmental processes of the city and county, except for fees for speeches or published writing.

(f) No officer or employee shall have an interest in any matter for his consideration or determination which arises from a close business association of a continuing nature. A close business association of a continuing nature means any undertaking for profit, including, but not limited to, a corporation, partnership, officeholding or employment in or by any labor or employee organization, trust, proprietorship, association, or joint venture.

(g) The civil service commission with respect to officers and employees whose positions are subject to the civil service provisions of the charter other than officer and members of the fire and police departments, the fire commission with respect to officers and members of the fire department and the police commission with respect to officers and members of the police department, are each empowered to prescribe and enforce such reasonable rules and regulations as each commission deems necessary to effectuate the purposes and intent of this section. Such rules and regulations may provide for restrictions against activities, employments and enterprises other than those described or mentioned herein when such restrictions are found necessary for the preservation of the honor or efficiency of the city and county civil service or for the protection of the best interests of the city and county service in any respect.

(h) Any person violating any of the provisions of this section shall be guilty of a misdemeanor and upon a final judgment of conviction of same, such person shall be removed from office.

(i) A prohibited conflict of interest exists whenever an officer or employee of the city and county must pass judgment upon a matter which either directly or indirectly affects a private party who is a child or spouse of the officer or employee.

(j) An officer or employee shall not be deemed interested in or in the performance of any contract, work, business, or the sale of any article, the expense, price or consideration of which is payable from the treasury, nor shall he be deemed interested in the purchase or lease of any real estate or other property belonging to, or taken by, the city and county, or which shall be sold for taxes and assessments, or by virtue of legal process at the suit of the city and county, nor shall he be deemed interested in any franchise, right or privilege granted by the city and county, within the meaning of subsection

(a) unless such contract, work, business, sale, purchase, lease, franchise, right or privilege is awarded, entered into, or authorized by him in his capacity as officer or employee, or by an officer or employee under his supervision and con-

trol, or by a board or commission of which he is a member.

(k) An officer of the city and county shall not be deemed to have a conflicting interest in any transaction described in subsection (j) awarded, entered into or authorized by a board or commission of which he is a member if he has only a remote interest therein and the fact of such interest is disclosed to the board or commission of which he is a member and noted in its official records and the board or commission authorizes, approves, or ratifies the transaction in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest, unless the transaction must be awarded to the highest or lowest responsible bidder as the case may be on a particular day and the vote of such officer or member is necessary to a quorum on that day.

(1) As used in this section "remote interest" means:

(1) The ownership of less than three per cent of the shares of a corporation for profit;

(2) That of an officer in being reimbursed for his actual and necessary expenses incurred in the performance of official duty; provided, however, that the city and county treasurer is solely responsible for such reimbursement and that only those expenses which are strictly necessary for the performance of that duty shall be reimbursed;

(3) That of a parent in the earnings of his minor child for personal services.

(m) All contracts, work, business, sales, purchases, leases, franchises, rights or privileges herein mentioned heretofore awarded, entered into or authorized by any board or commission of the City and County of San Francisco in which an officer or member had a remote interest as hereinabove defined are hereby ratified and confirmed.

(n) The provisions of subsections (j) through (m) of this section shall not be applicable to any officer or employee who influences or attempts to influence the award, execution or authorization of any transaction described in subsection (j), in which he has a direct or indirect interest.

(o) No member of any board or commission of the city and county shall knowingly vote on or in any way attempt to influence the outcome of governmental action on any measure or question involving his own character or conduct, his right as a member, his appointment to any office, position, or employment, or on any measure or question wherein the said member's financial interest is immediate, particular, and distinct from the public interest. The word "knowingly" as used in this paragraph shall mean actual or constructive knowledge of the existence of the interest which would disqualify the vote under the provisions of this section.

If under any provision of this charter or of any ordinance, resolution, rule or regulation, action on any measure or question must be taken on a particular day and such action cannot be taken by a qualified voting quorum of the board or commission on that day by reason of the disqualification from voting under the provisions of this section, said action may be postponed until, but not later than, there are sufficient qualified members present to vote and take action on said measure or question. The term "a qualified voting quorum" as used in this paragraph shall mean the presence of a sufficient number of qualified voting members of the board or commission to take either affirmative or negative action on the measure or question before the board or commission.

(p) The city attorney, the district attorney of the City and County of San Francisco or any resident or group of residents of the City and County of San Francisco may bring a suit in the superior court to compel compliance with the provisions of this section.

(Prop. B, continued)

**8.105-1 Conflict of Interest — Regulation by Ordinance**

The provisions of section 8.105 shall not apply to any member serving as a representative of any profession, trade, business, union or association on any board, commission or other body heretofore or hereafter created by an ordinance of the City and County of San Francisco which requires that the membership consist in whole or in part of representatives of specific professions, trades, businesses, unions or associations. Conflicts of interest and prohibited practices of such members and the penalties therefor shall be as prescribed by the ordinance creating such board, commission or other body or by an amendment thereto.)

**8.105. Conflict of Interest and Other Prohibited Practices**

(a) No officer or employee of the City and County shall become directly or indirectly interested in any contract, franchise, right privilege or sale or lease of property awarded, entered into or authorized by him in his capacity as an officer or employee, or by an officer or employee under his supervision and control, or by a board or commission of which he is a member, unless same is devolved upon him by law. An officer or employee with such an interest however acquired, shall become divested of said interest within 60 days or shall resign said office or employment.

(b) No officer or employee shall give or promise any money or other valuable thing in consideration of his nomination, appointment, or election to any City and County office or employment or accept, other than lawful political campaign contributions, any gratuity in money or other valuable thing, either directly or indirectly, from any subordinate or employee or from any candidate or applicant for a position as employee or subordinate under him.

(c) No officer or employee shall make, participate in making or in any way attempt to use his office or employment to influence a governmental decision in which he knows or has reason to know he has a financial interest, as defined by California Government Code Section 87103.

(d) No officer or employee of the city and county shall willfully or knowingly disclose any privileged information concerning property, government, or affairs of the city and county, unless a duty to do so is imposed upon said person by law, nor shall that person use any privileged information obtained by him by virtue of his office or employment to advance the financial or other private interest of himself or others.

(e) No person who has served as an officer or employee of the city and county shall within a period of two (2) years after termination of such service or employment appear before the Board or agency of the city and county of which he was a member in order to represent any private interest, provided, however, that said officer or employee may appear before said board for the purpose of representing himself.

(f) No officer or employee of the city and county shall receive, directly or indirectly, any compensation, reward or gift from any source except compensation from the City and County of San Francisco, or any other governmental agency to which he has been duly appointed for any service, advice, assistance or other matter related to the governmental processes of the city and county, except for fees for speeches or published writing.

(g) The civil service commission with respect to officers and employees whose positions are subject to the civil service provisions of the charter other than officer and members of the fire and police departments, the fire commission with respect to officers and members of the fire department and the police commission with respect to officers and members of the police department, are each empowered to prescribe and enforce such reasonable rules and regulations as each commission deems necessary to effectuate the purposes and intent of this section. Such rules and regulations may provide for restrictions against activities, employments and enterprises other

than those described or mentioned herein when such restrictions are found necessary for the preservation of the honor or efficiency of the city and county civil service or for the protection of the best interests of the city and county service in any respect.

(h) An officer or employee shall not be deemed to be interested in any transaction described in subsections a or c above if he has only a remote interest in the transaction and if the fact of such interest is disclosed and noted in the official records of the board, commission or department and thereafter the board, commission or department authorizes approves, or ratifies the transaction in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest or by his immediate superior unless the transaction must be awarded to the highest or lowest responsible bidder as the case may be on a particular day and the vote of such officer or member is necessary to a quorum on that day.

(1) As used in this article "remote interest" means:

(A) That of a nonsalaried officer of a nonprofit corporation;

(B) That of an employee or agent of the party involved in the transaction, if such party has 10 or more other employees and if the officer or employee was an employee or agent of said party for at least three years prior to his initially accepting his office or employment.

For the purposes of this subsection, time of employment with the party by the officer or employee shall be counted in computing the three-year period specified in this subsection even though such party has been converted from one form of business organization to a different form of business organization within three years of the initial taking of office by such officer. Time of employment in such case shall be counted only if, after the transfer or change in organization, the real or ultimate ownership of the party is the same or substantially similar to that which existed before such transfer or change in organization. For the purposes of this subsection, stockholders, bondholders, partners, or other persons holding an interest in the contracting party are regarded as having the "real or ultimate ownership" of such party.

(C) That of a parent in the earnings of his minor child for personal services;

(D) That of a landlord or tenant of the transacting party;

(E) That of an attorney of the transacting party;

(F) That of a supplier of goods or services when such goods or services had been supplied to the transacting party by the officer or employee for at least five years prior to his election or appointment to office or employment.

(G) That of an officer, director, or employee of a bank, bank holding company, or savings and loan association with which a party to the transaction has the relationship of borrower or depositor, debtor or creditor.

(2) The provisions of this subsection shall not be applicable to any officer or employee interested in a transaction who influences or attempts to influence another officer or employee to enter into the transaction.

(i) An officer or employee shall not be deemed to be interested in a transaction pursuant to subsections a and c above if his interest is:

(1) The ownership of less than 3 percent of the shares of a corporation for profit, provided the total annual income to him from dividends, including the value of stock dividends, from the corporation does not exceed 5 percent of his total annual income, and any other payments made to him by the corporation do not exceed 5 percent of his total annual income;

(2) That of an officer or employee in being reimbursed for his actual and necessary expenses incurred in the performance of official duty;

(continued)

*Prop. B, continued)*

(3) That of a recipient of public services generally provided by the board, commission or department of which he is a member or employee, on the same terms and conditions as if he were not a member or employee of the board, commission or department.

(4) That of a landlord or tenant of the transacting party if such party is the federal government or any federal department or agency, this state or an adjoining state, any department or agency of this state or an adjoining state, any county or city of this state or an adjoining state, or any public corporation or special, judicial, or other public district of this state or an adjoining state unless the subject matter of such transaction is the property in which such officer or employee has such interest as landlord or tenant in which event his interest shall be deemed a remote interest within the meaning and subject to the provisions of subsection (g).

(5) That of a tenant in a public housing authority created pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code in which he serves as a member of the board of commissioners of the authority or of a community development commission created pursuant to Part 1.7 (commencing with Section 34100) of Division 24 of the Health and Safety Code.

(6) That of a spouse of an officer or employee in his spouse's employment or officeholding if his spouse's employment or officeholding has existed for at least one year prior to his election or appointment.

(7) That of a nonsalaried member of a nonprofit corporation, provided that such interest is disclosed at the time of the first consideration of the transaction and provided further that such interest is noted in its official records.

(8) An officer or employee shall not be deemed to be interested in a contract made pursuant to competitive bidding under a procedure established by law if his sole interest is that of an officer, director, or employee of a bank or savings and loan association with which a party to the contract has the relationship of a borrower or depositor, debtor or creditor.

(j) No member of any board or commission of the city and county shall knowingly vote on or in any way attempt to influence the outcome of governmental action on any measure or question involving his own character or conduct, his right as a member, or his appointment to any office, position, or employment, wherein the said member's financial interest is immediate, particular, and distinct from the public interest. The word "knowingly" as used in this paragraph shall mean actu-

al or constructive knowledge of the existence of the interest which would disqualify the vote under the provisions of this section.

If under any provision of this charter or of any ordinance, resolution, rule or regulation, action on any measure or question must be taken on a particular day and such action cannot be taken by a qualified voting quorum of the board or commission on that day by reason of the disqualification from voting under the provisions of this section, said action may be postponed until, but not later than, there are sufficient qualified members present to vote and take action on said measure or question. The term "a qualified voting quorum" as used in this paragraph shall mean the presence of a sufficient number of qualified voting members of the board or commission to take either affirmative or negative action on the measure or question before the board or commission.

(k) The city attorney, the district attorney of the City and County of San Francisco or any resident or group of residents of the City and County of San Francisco may bring a suit in the superior court to compel compliance with the provisions of this section.

(l) The provisions of section 8.105 shall not apply to any member serving as a representative of any profession, trade, business, union or association on any board, commission or other body heretofore or hereafter created by an ordinance of the City and County of San Francisco which requires that the membership consist in whole or in part of representatives of specific professions, trades, businesses, unions or associations. Conflicts of interest and prohibited practices of such members and the penalties therefor shall be as prescribed by the ordinance creating such board, commission or other body or by an amendment thereto.

(m) Any person violating any of the provisions of this section shall be guilty of a misdemeanor and upon a final judgment of conviction of same, shall be removed from office or in the alternative shall be subject to a penalty of not more than one year in jail and/or fine of not more than \$10,000, as well as removal.

(n) Every contract made in violation of any of the provisions of Section 8.105 may be avoided at the instance of any party except the officer or employee interested therein. No such contract may be avoided because of the interest of an officer or employee therein unless such contract is made in the official capacity of such officer or employee, or by a board or body of which he is a member.

*(continued from page 74)*

(3) for said members of the police department other than police officers, police patrol drivers and women protective officers shall include the same percent of adjustment as that established by said ordinance for police officers in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The rates of compensation set forth in the budget estimates, the budget and the annual salary ordinance shall be those fixed by the Board of Supervisors as in this section provided and appropriations therefor shall be based thereon.

The expression "rates of compensation", as used in this section in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by way of holidays, vacations, other permitted absences of any type whatsoever, overtime, night or split shift, or pay for specialized services within a classifica-

tion or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differential of any type shall be allowed or paid to members of the police department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation" as used in this section, shall mean "salary attached to the rank" as used in Section 166 of the Charter of 1932, as amended, and, with the addition of fifteen dollars per month now provided in subsection (b) with respect to members assigned to two-wheeled motorcycle traffic duty, shall also mean "compensation earnable" as used in Section 8.549.

The term "police officers or patrolmen" as used in this section shall mean the persons employed in the police departments of said cities of 350,000 population or over or of the

City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by police officers, police patrol drivers and women protective officers in the San Francisco Police Department.

In determining years of service necessary for a police officer, woman protective officer and police patrol driver to receive the annual compensation as provided for herein, service rendered prior to the effective date of this amendment shall be given full credit and allowed.

The absence of any police officer, woman protective officer, or police patrol driver on military leave, as defined by Section 8.361 of this Charter, shall be reckoned a part of his service under the City and County, for the purpose of computing years of service in gaining added compensation as provided for herein.

On the recommendation of the Chief of Police, the Commission may reward any member of the department for heroic or meritorious conduct. The form or amount of said reward to be discretionary with the Commission, but not to exceed one month's salary in any one instance.

If any member of the department appointed as an assistant inspector is a sergeant at the time of the appointment or is appointed a sergeant thereafter, he shall receive the rate of compensation attached to the rank of sergeant.

(b) Not later than the 1st day of August of each year the civil service commission shall survey, and certify to the Board of Supervisors, additional rates of pay paid to members assigned to two-wheel motorcycle traffic duty in the respective police departments of all cities of 350,000 population or over in the State of California, based upon the latest decennial census. For the purpose of the civil service commission's survey and certification the additional rates for two-wheel motorcycle traffic duty shall include the average additional amount paid to members assigned to two-wheel motorcycle traffic duty in the cities surveyed.

Thereupon the Board of Supervisors shall have power, and it shall be its duty, by ordinance, to fix the additional rate of pay for the members of the police department who are assigned two-wheel motorcycle traffic duty. The additional rate of pay will be determined by the average additional wage paid to members in regular service in the cities included in the certified report of the civil service commission who are assigned to two-wheel motorcycle traffic duty. "Average wage" as used in this paragraph shall mean the sum of the additional rates of pay certified by the civil service commission divided by the number of cities in said certification. Said additional rates shall be in lieu of said annual compensations and shall be effective from the first day of July of the current fiscal year.

Said rate of pay shall be in addition to the rate of compensation provided for in subsection (a).

In no event shall the additional rate so fixed be less than \$15.00 per month.

(c) Not later than the 1st day of August of each year, the civil service commission shall survey and certify to the Board of Supervisors rates of compensation paid firemen employed in the respective fire departments of all cities of 350,000 population or over in the State of California, based upon the latest federal decennial census. For the purpose of the civil service commission's survey and certification the rates contained in said certification shall be the average of the maximum rates paid to each fireman classification performing the same or essentially the same duties as firemen in the City and County of San Francisco.

Thereupon, the Board of Supervisors shall have the power, and it shall be its duty, by ordinance, to fix rates of compensation for the members of the fire department whose annual compensations are set forth or otherwise provided in Section 3.542 of this charter, and said rates shall be in lieu of said annual compensations and shall be effective from the 1st day of July of the current fiscal year.

The rates of compensation, fixed in said ordinance,

(1) for the fourth year of service and thereafter the rate of compensation shall be fixed at a rate which is the average of the maximum compensation paid firemen classifications in regular service in the cities included in the certified report of the civil service commission. "Average wage" as used in this paragraph shall mean the sum of the maximum averages certified by the civil service commission divided by the number of firemen classifications in cities in said certification;

(2) for the first, second and third year of service for firemen shall be established in accordance with the general percentage differential between seniority steps found in the salary ranges included in the cities certified by the civil service commission for the same class;

(3) for said members of the fire department other than firemen shall include the same percent of adjustment as that established by said ordinance for firemen in the fourth year of service; and

(4) shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this section, half dollars being taken to the next higher dollar amount.

The expression "rates of compensation" as used in this section, in relation to said survey, is hereby declared to apply only to a basic amount of wages, with included range scales, and does not include such working benefits as might be set up by any other city by ways of holidays, vacations, other permitted absences for any type whatsoever, overtime, night or split shift, or pay for specialized services within a classification or rank, or other premium pay differentials of any type whatsoever. The foregoing enumeration is not exclusive, but it is the intent of this section that nothing other than a basic amount of wages, with included range scales, is to be included within the meaning of "rates of compensation".

Working benefits and premium pay differentials of any type shall be allowed or paid to members of the fire department referred to herein only as is otherwise provided in this charter.

For all purposes of the retirement system, the expression "rates of compensation", as used in subsection (c) and (d) of this section shall mean "salary attached to the rank" as used in Section 169 of the charter of 1932, as amended and "compensation earnable" as used in Section 8.549.

The term "firemen" as used in this section shall mean the persons employed, in the fire departments of said cities of 350,000 population or over or of the City and County of San Francisco, to perform substantially the duties being performed on the effective date of this section by drivers, stokers, tillermen, truckmen, or hosemen, in the San Francisco Fire Department.

The expression "members of the fire department" does not include members of the fire commission.

The absence of any officer or member of the fire department on military leave, as defined by Section 8.361 of this charter shall be reckoned a part of his service under the City and County, for the purpose of computing years of service in gaining added compensation as provided in this charter.

On the recommendation of the Chief of department, the commission may reward any officer or member of the department for heroic or meritorious conduct, the form of amount of said award to be discretionary with the fire commission, but not to exceed one month's salary in any one instance.

The rates of compensation for the ranks of captain, bureau of fire prevention and public safety, and lieutenant, bureau of fire investigation, shall be thirteen percent (13%) above the compensation established for the ranks of captain and lieutenant as provided for in this section. The rates of compensation for the ranks of inspector, bureau of fire prevention and public safety, and investigator, bureau of fire investigation, shall be ten percent (10%) above the compen-

sation established for the rank of chief's operator as provided for in this section. The rate of compensation shall be set at the dollar amount nearest the fractional amount which may result from percentage adjustment specified in this subsection, half dollars being taken to the next higher dollar amount.

(d) The rates of compensation fixed pursuant to the provisions of subsection (a) (1), (2) and (3) and the rates of compensation fixed pursuant to the provisions of subsection (c) (1), (2) and (3) shall be the same. Such rates shall not exceed the highest average rate of compensation fixed pursuant to subsections (a) (1), (2) and (3) and (c) (1), (2) and (3) above, whether it be paid to police officers, patrolmen or firemen; provided, further, that the minimum rate of compensation attached to the rank of sergeant in the police department shall be equal to the rate of compensation attached to the rank of lieutenant in the fire department.

(e) Not later than the 25th day of August the Board of Supervisors shall have the power and it shall be its duty, subject to the fiscal provisions of the charter but, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance as necessary to include the provisions of paying the rates of compensation fixed by the Board of Supervisors as in this section provided for uniformed members of the police and fire departments for the then current fiscal year.

(f) Not later than the 1st day of August of each year, the Civil Service Commission shall determine and certify to the Board of Supervisors the percentage of increase or decrease in the cost of living during the twelve-month period ending March 31st of that same year as shown by the Consumer Price Index, All Items San Francisco, and the percentage of increase or decrease in the cost of living during the same period as shown by the Consumer Price Index, All Items, in the cities included in the certified report of said commission. The Consumer Price Index referred to herein is defined as that certain index issued by the U. S. Bureau of Labor Statistics and published in the Monthly Labor Review or a successor publication. In the event the U. S. Bureau of Labor Statistics discontinues the compilation and publication of said indexes, the Board of Supervisors shall have the power, and it shall be its duty, to appoint a statistical fact finding committee to determine the same data pursuant to the methods theretofore used by the U.S. Bureau of Labor Statistics. The cost of

living adjustment as hereinafter provided shall be based upon the percentage of such increases or decreases. The Board of Supervisors may, in addition to the rates of compensation as established herein, and at the same time said rates of compensation are established, increase said rates of compensation by an amount equal to the difference between the average cost of living increase of the cities included in the certified report of the civil service commission and the actual cost of living increase for San Francisco. In the event the Board of Supervisors elects not to grant such cost of living increase in any year in which any such increase might be granted, the Board of Supervisors shall, upon a written request filed with the Clerk of the Board of Supervisors not later than the 10th day of September of said year by representatives of the uniformed members of the police and fire departments, as designated by the police and fire commissions, respectively, submit the question of said cost of living increase to the qualified electors of the City and County at the next succeeding city-wide election. In the event said cost of living increase is approved by a majority of the qualified electors voting thereon, said cost of living increase shall be effective as of the first day of the then current fiscal year.

(g) Notwithstanding any of the provisions contained in this section, no uniformed member of the police or fire department employed before July 1, 1976, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of any new compensation schedules, and the rates for fiscal year 1975-76 shall continue until such time as the new schedules equal or exceed the current salary increment schedules, provided, however, that such time shall not be extended beyond June 30, 1982, and provided further that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of section 8.406 of this charter.

(h) Notwithstanding any of the provisions contained in this section, no uniformed member of the police or fire department, whose compensation is fixed pursuant to the formula contained herein, shall suffer a salary reduction by the application of the compensation schedules provided for herein. Provided, however, that this prohibition against reduction of compensation for the designated employees shall not be deemed to supersede the provisions of Section 8.406 of this charter.
