The Board of Supervisors and the Mayor established the Small Business Commission (SBC) in 1999 to respond to and advocate for the needs of small business. The mission of the SBC is to foster, promote, and retain small businesses in the City and County of San Francisco.

The Small Business Commission functions as the City's central point of information and referral for entrepreneurs and small businesses located in the City and County of San Francisco. By championing "business-friendly" policies, marketing the contributions of the small business sector and the services of the Small Business Commission, and developing appropriate assistance programs, the SBC works to support and enhance an environment where small businesses can succeed and flourish.
