

June 23, 1975

POTRERO BRANCH
SAN FRANCISCO PUBLIC LIBRARY

Dear Neighbor:

PAMPHLET FILE

Current plans for murals in the community include the potential use of the block of Carolina that meets Southern Heights (south-west wall), and the water tower bounded by Wisconsin, 22nd and Carolina Streets. Enclosed are line drawings of those two sites, and it is hoped that each of you so interested will prepare a design for either or both. These designs should be brought to our next meeting, MONDAY, JULY 23, 1975, at 8 P.M., at the library, 1616 20th Street.

Our community newspaper, THE POTRERO VIEW, is planning a birthday party in early August. The VIEW staff has suggested that we might exhibit our plans, designs, and any other preliminary sketches we could put together in time for that event. At our July 23 meeting we can discuss the feasibility of such an undertaking, and take action. It is hoped that such an exhibit will generate some enthusiasm among the other residents of the Hill and bring more artists or anyone else into the hub of our plans.

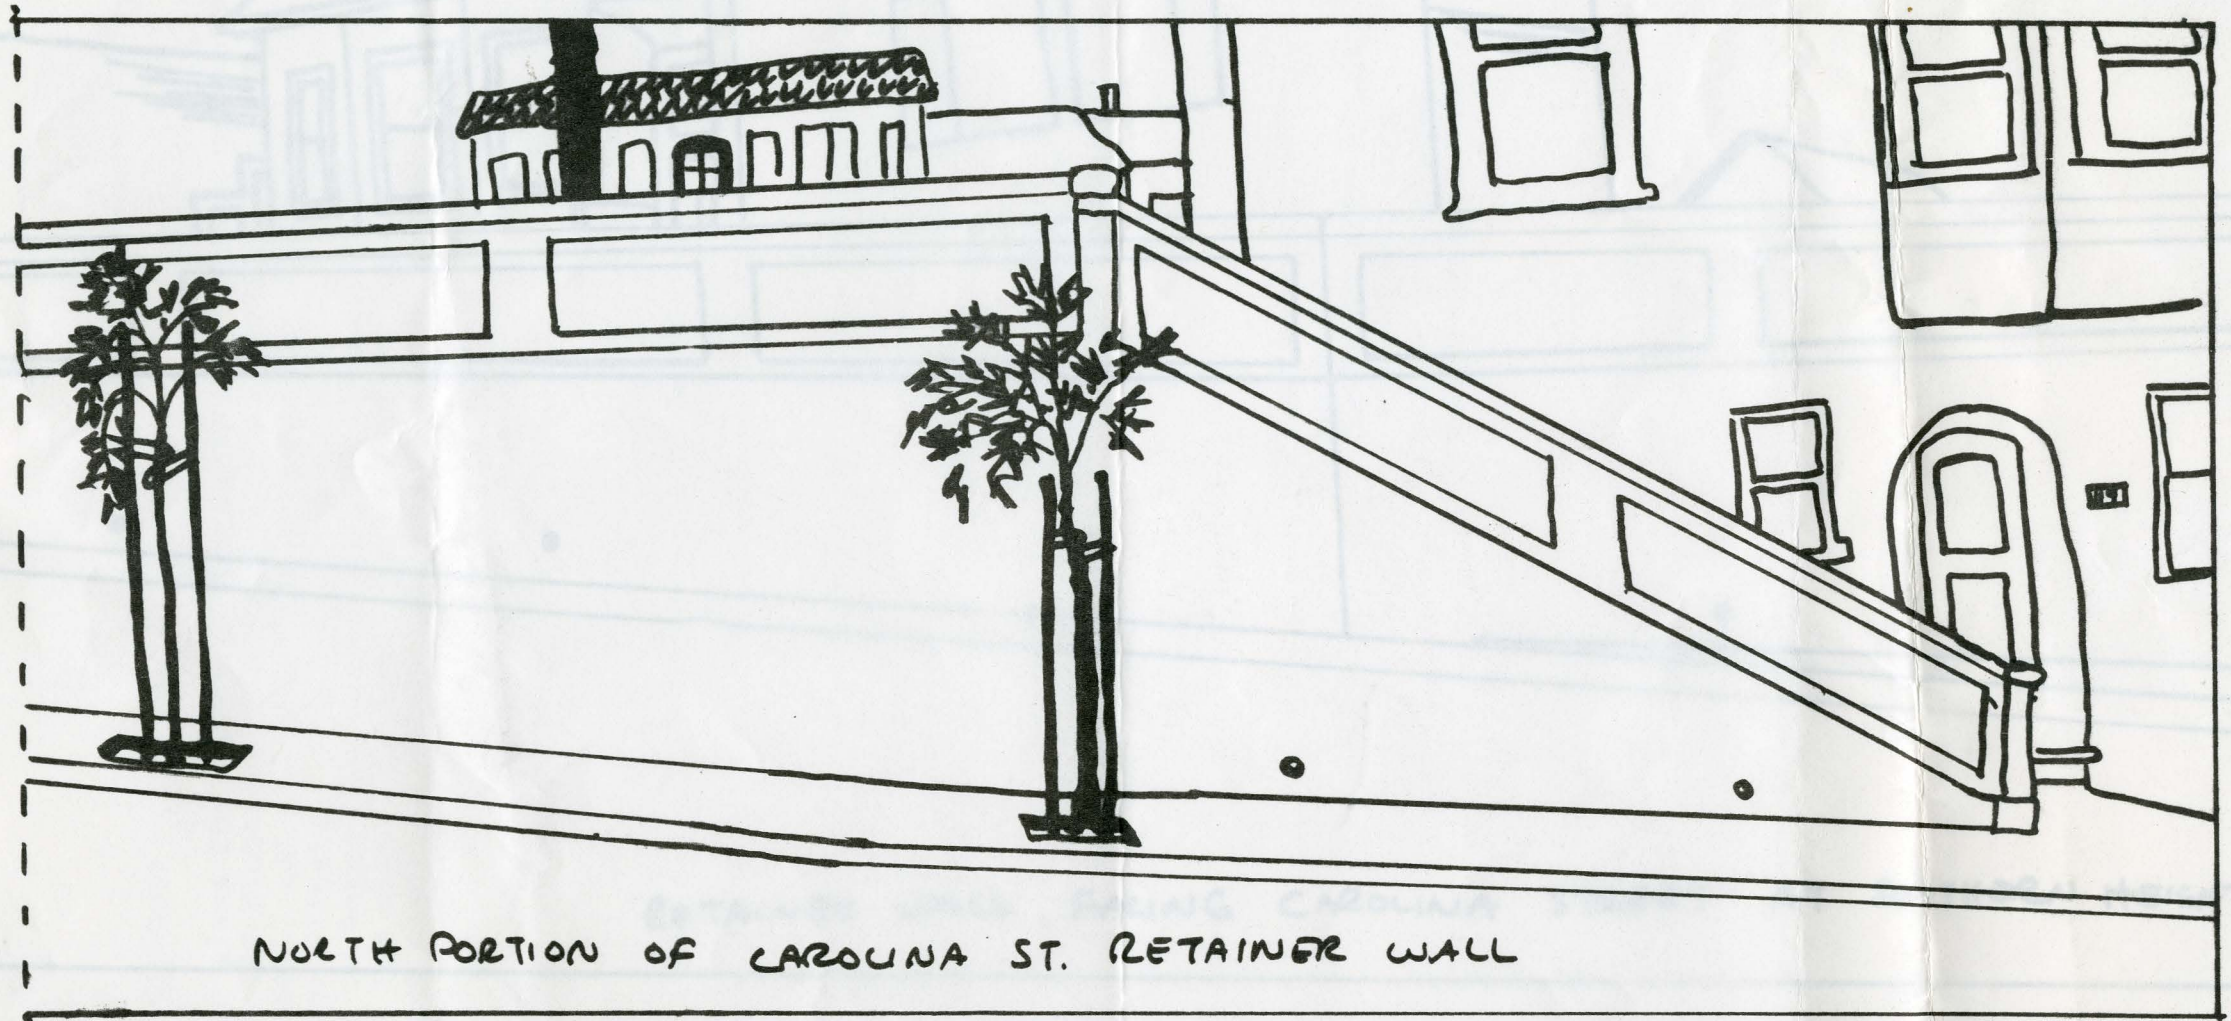

Of course, one of the main concepts of this Community Arts Project was to record the history of the Hill, so consider carefully the text of any murals we hope to accomplish wherein city funds might be released to us more readily. The library should be able to help with Hill history/background.

PLEASE.....record the date for the next meeting:
MONDAY, JULY 23, 8 P.M., at the Library, 1616 20TH STREET.
It will not be practical (\$\$\$\$\$) to prepare another mailing....
thanks for your cooperation.

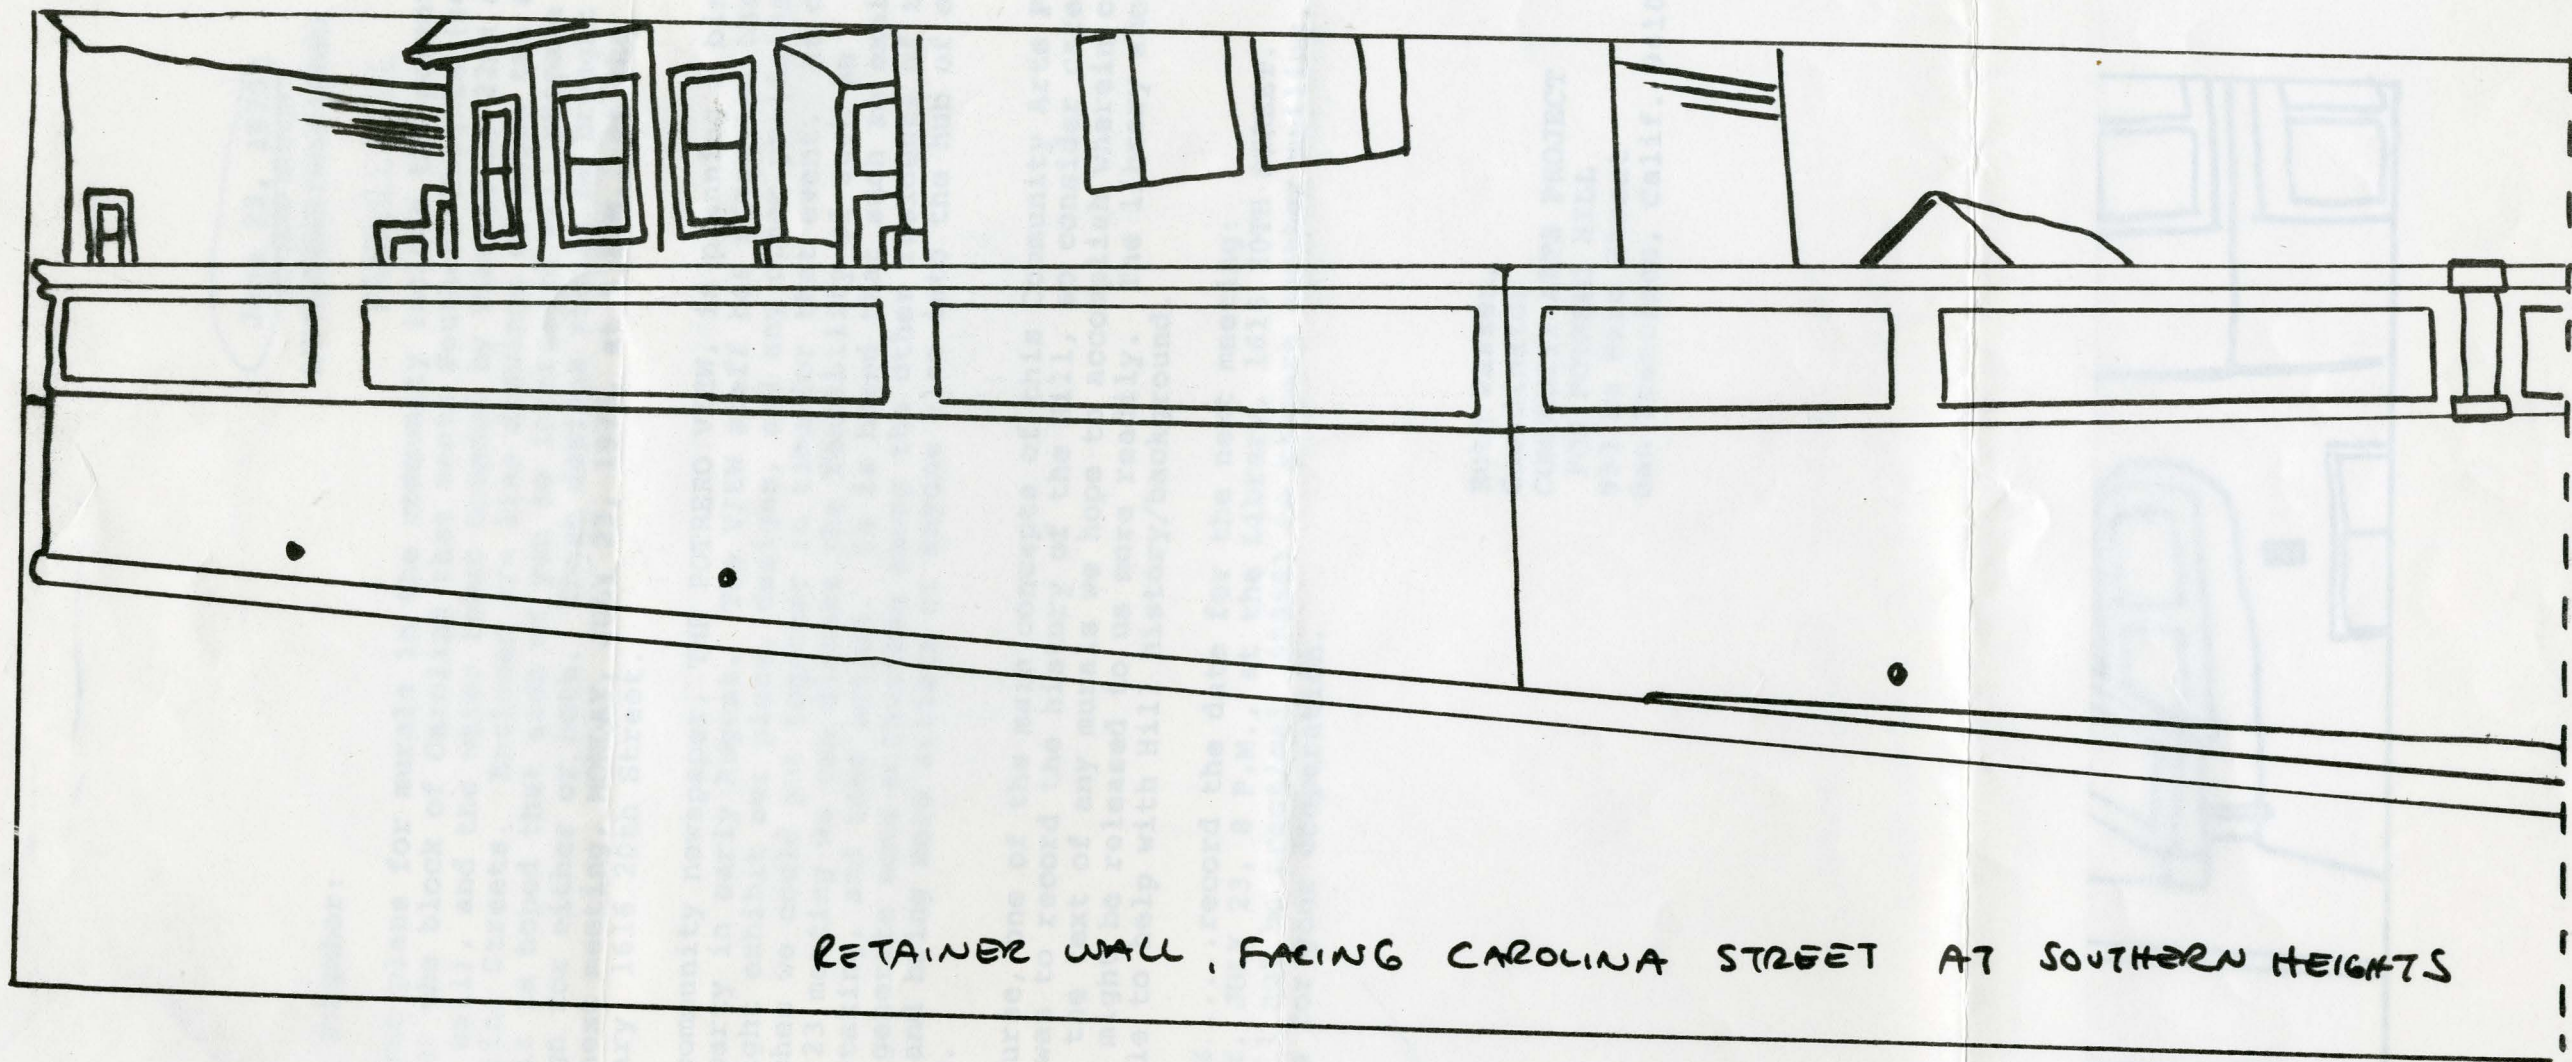

Ruth Passen,
Coordinator
